SUBJECT: Fiscal Estimate of Senate Bills

Today, your office forwarded several bills to our office and asked that we provide a fiscal estimate of those bills.

Our review has found the following bills do not appropriate funding. As there is no appropriation increase in these bills, any costs associated with them would need to be absorbed within the budget of the Department of Natural Resources (DNR).

- Senate Bill 609, relating to stocking pheasants for hunting;
- Senate Bill 610, relating to administrative rules for hunting wild turkeys;
- Senate Bill 613, relating to a report on reducing the number of hunting, fishing, and trapping approvals required by DNR;
- Senate Bill 614, relating to the DNR habitat work plan;
- Senate Bill 615, relating to a report on access to public lands owned or managed by DNR;
- Senate Bill 616, relating to electronic issuance of dog training licenses; and
- Senate Bill 617, relating to a DNR report on partnering with the private aquaculture industry.
