

## Clearinghouse Rule 19-106

### PROPOSED ORDER OF THE DEPARTMENT OF FINANCIAL INSTITUTIONS DIVISION OF CORPORATE AND CONSUMER SERVICES CREATING RULES

The Department of Financial Institutions proposes an order to create s. DFI-CCS 10.04 related to fees associated with Wisconsin's Uniform Partnership Act, ch. 178, Stats.

The scope statement for this rule, SS 050-19, was approved by the governor on May 30, 2019; published in *Administrative Register* No. 762A2 on June 10, 2019; and approved by the Secretary for the Department of Financial Institutions on June 24, 2019.

#### ANALYSIS

- 1. Statutes interpreted:** Sections 178.0120(1), and (2)(b) and (c), Stats., authorize the department to collect fees for filing partnership records, providing certified copies and certificates of status, processing expedited requests, and filing records in paper format.
- 2. Statutory authority:** Section 178.0120(2)(a), Stats., authorizes the department to establish by rule the fees for filing partnership records, providing certified copies and certificates of status, processing expedited requests, and filing records in paper format under ss. 178.0120(1), and (2)(b) and (c), Stats.
- 3. Explanation of agency authority:** Pursuant to s. 178.0117(1), Stats., the department is the filing office for records filed or provided under ch. 178, Stats.
- 4. Related statutes or rules:** Section 178.0121, Stats., authorizes the department to issue certificates of status for records filed under ch. 178, Stats.
- 5. Plain language analysis:** In 2016, Wisconsin enacted the Wisconsin Uniform Partnership Act, ch. 178, Stats. By this act the legislature authorized the department to promulgate a rule to collect fees for filing records, providing certified copies and certificates of status, processing expedited requests, and filing records in paper format under ch. 178. These fees fund the department's general program operations, including the cost of filing, maintaining and providing records under ch. 178. Any remaining balance is transferred at year-end to the state's general fund, pursuant to s. 20.144(1)(g), Stats.
- 6. Summary of, and comparison with, existing or proposed federal regulation:** The Revised Uniform Partnership Act is a uniform law which has been approved and recommended for enactment in all states by the National Conference of Commissioners on Uniform State Laws. Laws regarding the organization and registration of partnerships are matters of state law; there is no parallel federal regulation.

**7. Comparison with rules in adjacent states:** Illinois, Minnesota and Iowa have adopted the Revised Uniform Partnership Act, and for records under this act, established comparable fees. Michigan has not adopted the act, but has established comparable fees for the same. Filing fees in these states range as follows: Illinois, \$25 - \$500; Minnesota \$25 - \$135; Iowa and Michigan, \$5 - \$100. Expedited fees in these states range up to the following: Illinois, \$200; Minnesota, \$520; Michigan, \$1000. Iowa does not offer expedited service.

**8. Summary of factual data and analytical methodologies:** The proposed fees are based on comparable fees currently assessed by the department for filing records, providing certified copies and certificates of status, processing expedited requests, and filing records in paper format for business corporations and limited liability companies.

**9. Analysis and supporting documents used to determine effect on small business:** The proposed rule would have no significant impact on small business, as defined in s. 227.114(1), Stats. The department contemplates that the fees to be charged will be comparable to those charged for similar filings by other entities, with standard (*i.e.*, non-expedited) fees ranging from \$10 to \$150 depending on the type of document and whether the partnership is domestic or foreign. The department contemplates that document fees at the high end of that range would relate to a one-time event (*e.g.*, articles of merger or foreign registration statements), while fees for filing annual reports would be only \$25 for domestic partnerships and \$65 for foreign partnerships. Taking the total number of expected annual filings and the fees collected for these, the department estimates that the average annual cost for a partnership would be approximately \$39. Therefore, the financial impact of this rule on small businesses is *de minimis*.

**10. Anticipated costs incurred by private sector:**

Anticipated costs incurred by the private sector are the filing of annual reports or one-time event fees as set forth in the proposed rule. Taking the total number of expected annual filings and the fees collected for these, the department estimates that the average annual cost for a partnership would be approximately \$39.

**11. Effect on small business:**

The proposed rule will have little to no effect on small business.
