On June 17, 2019, the Department of Justice, Drug Enforcement Administration published its final rule in the Federal Register placing brexanolone and solriamfetol into Schedule IV of the federal Controlled Substances Act.

The Controlled Substances Board did not receive an objection to treating brexanolone and solriamfetol as schedule IV controlled substances under ch. 961, Stats., based upon the federal scheduling. The Controlled Substances Board took affirmative action on July 17, 2019 to similarly treat brexanolone and solriamfetol under chapter 961 effective July 22, 2019. The Affirmative Action Order will expire upon promulgation of a final rule. It is in the best interest of Wisconsin citizens to schedule drugs which are determined to be controlled substances.
