CHAPTER 64.

AN ACT relating to the certification of teachers of manual training and of domestic science.

The people of the state of Wisconsin represented in senate and assembly do enact as follows:

Normal school diploma; effect of countersigning. SECTION 1. A diploma granted by the board of regents of normal schools to any person who completes the training course for teachers of manual training or of domestic science, established by said board in any of the state normal schools, shall be regarded as a certificate legally qualifying the holder thereof to teach manual training and domestic science respectively for one year in any school forming a part of the public school system. The state superintendent may, after such examination as to moral character, learning and ability to teach, as to him may seem proper, countersign such diploma if, since receiving it, the holder has taught manual training or domestic science in a public school in this state one year, and thereafter such countersigned diploma shall qualify the holder as a teacher of manual training or domestic science as the case may be, until the same shall be annulled.

Other diplomas; special license. SECTION 2. The holder of a diploma granted by any manual training school or school of domestic science, upon the completion of a training course for teachers in either subject fully and fairly equivalent to the course of instruction for teachers in the same subjects prescribed by the board of regents of normal schools, may present such diploma, together with the evidence of the required standing of the training school issuing such diploma, to the state board of examiners. The applicant shall furnish therewith testimonials of good moral character and of two years' successful teaching of manual training or domestic science, as the case may be, in the public schools of the state after the date of such diploma. The holder of any such diploma, recommended favorably by the board, shall be entitled to receive a certificate issued by the state superintendent, qualifying the holder as a teacher of manual training or of domestic science, until the same shall be annulled. The holder of a diploma granted upon the completion of a course of study, accredited as herein provided, upon which a state certificate has not been issued, upon

the recommendation of the board of examiners made in pursuance of such examination as to learning, moral character and ability to teach as said board may require, may be given a special license by the state superintendent to teach manual training or domestic science as recommended by the board, for two years in the public schools of the state.

SECTION 3. This act shall take effect and be in force from and after its passage and publication.

Approved April 3, 1903.
