At any time after the copies of the findings and decree of the court incorporating the district shall have been filed and recorded, as herein provided, the owner of any land within the district may, by petition in writing to the commissioners, describing said lands, request that said described lands be detached from the district. When any such petition shall be filed with the commissioners, they shall, except as prescribed in subdivisions 5 hereof, fix a time and place of hearing on said petition, which time shall be not less than thirty days from the date of filing the petition, and the secretary of the commission shall give notice thereof by letter to the owner at his post-office address which shall be designated in the petition, and by publication in the official paper of the district once a week for three successive weeks.

3. If upon such hearing the commissioners of the district shall find that the preservation of the public health, safety, comfort, convenience or welfare does not require the continued inclusion of said described lands within the district, an order shall be entered detaching said described lands from the district. If the commissioners do not so find, the petition shall be denied. A copy of the order detaching land from the district shall, within twenty days after such order is made, be filed with the secretary of state, and a copy thereof with the state board of health, and a copy recorded in the office of the register of deeds for each county having land within the district. If the court does not so find, the petition to detach said lands from the district shall be denied. A copy of any order made by the court detaching said lands from the district shall be filed as prescribed for the filing of an order made by the commissioners of the district detaching lands therefrom.

5. If the land described in the petition is a farm embracing forty acres or more and is actually used for general farm purposes, the commission may, without hearing, enter an order detaching the land from the district in accordance with the petition, if it appears that the preservation of the public health, safety, comfort and convenience or welfare does not require inclusion of said land within the district.
