[Published August 3, 1949.

CHAPTER 580.

AN ACT to amend 114.33 (3) of the statutes, relating to the initiation of airport projects.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

114.33 (3) of the statutes is amended to read:

114.33 (3) The commission shall make its finding within a reasonable time after the hearing. If such finding be generally favorable to the development petitioned for, the commission shall *submit its finding to the governor for approval and no finding favoring an airport development project shall be effective unless the governor's approval is endorsed thereon in writing. If such finding is approved by the governor the commission shall* notify the petitioners to that effect by filing a copy of its finding, which shall include among other things the location of the approved site, the character and extent of the improvements deemed necessary, and an approximate estimate of the costs and the amount to be paid by the sponsor. Such * * * finding shall constitute approval of the airport site so specified as a portion of the state airport system. On receipt of such * * * finding the sponsors shall take action at their next meeting toward providing their share of the cost and shall promptly notify the commission. The sponsors may proceed in accordance with the finding to acquire the site and to make master development plans and project plans, and shall be entitled to receive credit therefor as provided by the federal airport act and by this chapter. On completion and approval of the plans a revised estimate of the project costs shall be made for the purposes of the project application.

Approved August 1, 1949.
