

State of Wisconsin  
2023 - 2024 LEGISLATURE

LRBs0078/1  
EVM:amn/wlj/emw

**ASSEMBLY SUBSTITUTE AMENDMENT 1,  
TO SENATE BILL 247**

June 14, 2023 - Offered by Representative TRANEL.

1     **AN ACT** *to amend* 86.31 (2) (a); and *to create* 86.31 (1) (ao) and 86.31 (3o) of the  
2           statutes; **relating to:** an agricultural roads improvement grant program.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

3           **SECTION 1.** 86.31 (1) (ao) of the statutes is created to read:

4           86.31 (1) (ao) “Eligible agricultural road project” means a project that is eligible  
5           for a grant under sub. (3o) (b).

6           **SECTION 2.** 86.31 (2) (a) of the statutes is amended to read:

7           86.31 (2) (a) The department shall administer a local roads improvement  
8           program to accelerate the improvement of seriously deteriorating local roads and,  
9           under sub. (3o), of agricultural roads improvements by reimbursing political  
10          subdivisions for improvements. The selection of improvements that may be funded  
11          under the program shall be performed by officials of each political subdivision,

1 consistent with par. (h) and the requirements of subs. (3), (3g), (3m), (3o), and (3r).  
2 The department shall notify each county highway commissioner of any deadline that  
3 affects eligibility for reimbursement under the program no later than 15 days before  
4 such deadline.

5 **SECTION 3.** 86.31 (3o) of the statutes is created to read:

6 **86.31 (3o) AGRICULTURAL ROADS IMPROVEMENTS.** (a) 1. Any funds directed for  
7 agricultural roads improvements under this subsection shall be distributed as  
8 grants to reimburse political subdivisions for eligible agricultural road projects or  
9 expended for reimbursable costs by the department acting as a fiscal agent under  
10 par. (i).

11 2. The department shall prescribe the form, nature, and extent of information  
12 that shall be contained in applications for grants under this subsection. If the  
13 application is for a project to improve a class “B” highway, the department shall  
14 require the applicant to state when the highway was designated as a class “B”  
15 highway under s. 349.15. To the extent feasible, the department shall do all of the  
16 following:

17 a. Develop an application that does not exceed 2 pages in length.

18 b. Prescribe a simple and clear application process that is reasonably accessible  
19 to political subdivisions with limited staffing resources.

20 (b) An agricultural road project is not eligible for a grant under this subsection  
21 unless all of the following apply:

22 1. The project is to improve a highway functionally classified by the department  
23 as a local road or minor collector or a bridge or culvert on a highway functionally  
24 classified by the department as a local road or minor collector.

1           2. If the project is solely for the improvement of a bridge or culvert, the bridge  
2           or culvert is 20 feet or less in length and is not eligible for funding under a federal  
3           program providing funding for bridge improvements.

4           3. The highway, bridge, or culvert under subd. 1. provides access to agricultural  
5           lands or facilities used for the production of agricultural goods, including forest  
6           products, and is used by at least one agricultural producer.

7           4. The highway under subd. 1. or the highway upon which the bridge or culvert  
8           under subd. 1. is located is designated as a class “B” highway under s. 349.15 due to  
9           structural deficiencies or has been subject to a posted weight limitation for at least  
10          one month during the previous year.

11          5. After completion of the project, except as provided under par. (k), the  
12          highway under subd. 4. will not be designated as a class “B” highway under s. 349.15  
13          and will not be subject to a posted weight limitation other than under extraordinary  
14          or emergency circumstances.

15          6. The highway, bridge, or culvert under subd. 1. is maintained by a political  
16          subdivision.

17          (c) In awarding grants under this subsection, subject to par. (d), the department  
18          and the committee under par. (j), with information from affected highway users, shall  
19          select projects that provide the greatest benefit to agricultural producers in this state  
20          using the following criteria:

21           1. Projects that improve access by the largest number of agricultural producers  
22           to agricultural lands or facilities used for the production of agricultural goods,  
23           including forest products.

24           2. Projects that will result in reduction of any of the following for agricultural  
25           producers:

1 a. Repeated trips at reduced weights.

2 b. Labor costs.

3 c. Fuel costs.

4 d. Mileage upon and damage to equipment used in agricultural production.

5 e. Costs other than those in subd. 2. a. to d. resulting from a highway being  
6 designated as a class "B" highway under s. 349.15 or being subject to a posted weight  
7 limit under other than extraordinary or emergency circumstances.

8 3. Projects that will result in the greatest positive economic impact. Under this  
9 subdivision, the department and the committee shall consider the number of  
10 employees and the amount of agricultural product sales from agricultural producers  
11 that would be directly affected by the project.

12 4. Projects for which the access provided under par. (b) 3. is the only feasible  
13 access to the lands or facilities.

14 5. Projects that are the subject of a grant application by a political subdivision  
15 that faces demonstrable fiscal or administrative difficulties in completing highway  
16 projects.

17 6. Projects that will result in the transportation of the largest amount of  
18 agricultural goods, including forest products.

19 7. Projects that improve access to agricultural lands or facilities used for the  
20 production of agricultural goods, including forest products, for more than one  
21 agricultural producer.

22 (d) The department shall attempt to award grants under this subsection to  
23 political subdivisions in all geographic areas of the state.

24 (e) The department may make grants under this subsection of up to 90 percent  
25 of reimbursable costs.

1 (f) Reimbursable costs under this subsection include any costs related to an  
2 eligible agricultural road project, including costs of initial plan design and  
3 engineering, planning, designing, engineering, and construction of an eligible  
4 agricultural road project.

5 (g) Notwithstanding sub. (4), upon request by a political subdivision for partial  
6 payment not more frequently than quarterly, the department shall reimburse any  
7 reimbursable costs incurred by the political subdivision for an eligible agricultural  
8 road project.

9 (h) A political subdivision may pay for or otherwise obtain engineering and  
10 design work for a project funded by a grant under this subsection from the  
11 department or from another source.

12 (i) Upon request by the grantee, the department shall be designated as a fiscal  
13 agent of a grantee for the purposes of a project funded by a grant under this  
14 subsection. If acting as a fiscal agent under this paragraph, the department shall,  
15 upon request, pay reimbursable costs for an agricultural road project when incurred  
16 and retain or receive grant moneys as reimbursement for these payments.

17 (j) The department shall establish a committee to review grant applications  
18 and award grants under this subsection. The committee shall consist of members  
19 appointed by the secretary, have geographically diverse representation, and include  
20 as members representatives of agricultural industries and political subdivisions  
21 with jurisdiction of highways, bridges, or culverts that are eligible for grants under  
22 par. (b). The secretary or designee shall serve as a nonvoting member of the  
23 committee. The committee members shall serve a term equal to the duration of the  
24 program under this subsection.
