
Wisconsin Legislative Council

ACT MEMO

Prepared by: Brian Larson, Senior Staff Attorney

February 29, 2024

2023 Wisconsin Act 94 [2023 Senate Bill 488]

Legislative Redistricting

The Wisconsin Constitution requires the Legislature to redistrict the members of the Senate and Assembly following each decennial census. 2023 Wisconsin Act 94 repeals and recreates subch. III, ch. 4, Stats., to enact a legislative redistricting plan in satisfaction of this constitutional requirement. The plan is identical in all respects to Governor Evers's map submission in *Clarke v. Wisconsin Elections Commission*. With respect to regular elections, Act 94 first applies to offices filled at the 2024 general election. With respect to special or recall elections, Act 94 first applies to offices filled or contested concurrently with the 2024 general election.

Effective date: February 21, 2024
