### *Analysis by the Legislative Reference Bureau*

Current law requires each school board to provide an instructional program designed to give pupils, among other things, a commitment to the basic values of American government, including the proper respect for and the history and meaning of the American flag, the Declaration of Independence, the U.S. Constitution and the Wisconsin Constitution and laws. This bill requires each instructional program to give pupils, in addition, the proper respect for Veterans' Day and for the contributions and sacrifices of veterans.
