### ***Analysis by the Legislative Reference Bureau***

Under current law, with certain exceptions, a person must be licensed as a podiatrist by the medical examining board (MEB) in the department of regulation and licensing (DORL) in order to practice podiatry or podiatric medicine and surgery or to represent himself or herself to the public as a podiatrist.

This bill creates a 4-member podiatrists affiliated credentialing board (PACB) in DORL consisting of 3 podiatrists and one public member, and transfers to PACB all authority that MEB has under current law relating to the regulation of podiatrists. In addition, this bill does all of the following with respect to the regulation of podiatrists:

1. Under current law, an applicant for a podiatrist license must have graduated from a school of podiatric medicine and surgery approved by MEB with the degree of doctor of podiatric medicine or an equivalent degree, and have completed 12 months of postgraduate training in a program approved by MEB. Under the bill, PACB may waive the requirement of graduation from a school of podiatric medicine and surgery approved by PACB if the applicant shows, among other things, that he or she graduated from a podiatry school approved by the licensing jurisdiction of another state. The bill also requires an applicant to have completed 12 months of postgraduate training in a program approved by PACB.

2. Under the bill, if an applicant passes the podiatry examinations required by PACB for a license, PACB is prohibited from testing the applicant for proficiency in the English language if the sole reason for the testing is that the applicant was educated at a podiatry school outside the United States and the applicant satisfies the conditions for waiver from the requirement of graduation from a school of podiatric medicine and surgery approved by PACB. There is no comparable prohibition under current law.

3. To qualify for a podiatrist license under current law, a person must meet education, examination and other requirements, including being found qualified by three-fourths of the members of MEB. For a temporary podiatrist license, current law requires a person to be found qualified by 2 members of MEB. Except as described above in items 1. and 2., this bill retains the education, examination and other requirements that a person must satisfy for a podiatrist license, but does not require PACB to find that the person is qualified.

4. Under current law, a health care practitioner licensed or certified by MEB, including a podiatrist, must register with MEB every 2 years, meet continuing education requirements, pay a license or certificate renewal fee and display a certificate of registration in his or her office at all times. Registration with MEB is deemed to satisfy any statutory requirement to renew a license or certificate. The bill eliminates this registration requirement. Instead, a podiatrist must renew his or her license every 2 years by submitting a renewal form to DORL and paying a renewal fee. In addition, the renewal form must be accompanied by proof that the podiatrist completed continuing education requirements.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

22 filed with the affiliated credentialing board under s. 50.36 (3) (c) may, within the  
23 discretion of the affiliated credentialing board, be used as the basis of an  
24 investigation of a person named in the report. The affiliated credentialing board may  
25 require a licensee to undergo and may consider the results of a physical, mental or

1 professional competency examination if the affiliated credentialing board believes  
2 that the results of the examination may be useful to the affiliated credentialing board  
3 in conducting its investigation.

4 (b) After an investigation, if the affiliated credentialing board finds that there  
5 is probable cause to believe that the person is guilty of unprofessional conduct or  
6 negligence in treatment, the affiliated credentialing board shall hold a hearing on  
7 such conduct. The affiliated credentialing board may require a licensee to undergo  
8 and may consider the results of a physical, mental or professional competency  
9 examination if the affiliated credentialing board believes that the results of the  
10 examination may be useful to the affiliated credentialing board in conducting its  
11 hearing. A finding by a court that a podiatrist has acted negligently in treating a  
12 patient is conclusive evidence that the podiatrist is guilty of negligence in treatment.  
13 A certified copy of the order of a court is presumptive evidence that the finding of  
14 negligence in treatment was made. The affiliated credentialing board shall render  
15 a decision within 90 days after the date on which the hearing is held or, if subsequent  
16 proceedings are conducted under s. 227.46 (2), within 90 days after the date on which  
17 those proceedings are completed.

18 (c) After a disciplinary hearing, the affiliated credentialing board may, when  
19 it determines that a court has found that a person has been negligent in treating a  
20 patient or when it finds a person guilty of unprofessional conduct or negligence in  
21 treatment, do one or more of the following: warn or reprimand that person, or limit,  
22 suspend or revoke a license granted by the affiliated credentialing board to that  
23 person. The affiliated credentialing board may condition the removal of limitations  
24 on a license, or the restoration of a suspended or revoked license, upon obtaining  
25 minimum results specified by the affiliated credentialing board on a physical, mental

1 or professional competency examination if the affiliated credentialing board believes  
2 that obtaining the minimum results is related to correcting one or more of the bases  
3 upon which the limitation, suspension or revocation was imposed.

4 (d) A person whose license is limited shall be permitted to continue practice if  
5 the person agrees to do all of the following:

6 1. Refrain from engaging in unprofessional conduct.

7 2. Appear before the affiliated credentialing board or its officers or agents at  
8 such times and places designated by the affiliated credentialing board.

9 3. Fully disclose to the affiliated credentialing board or its officers or agents the  
10 nature of the person's practice and conduct.

11 4. Fully comply with the limits placed on his or her practice and conduct by the  
12 affiliated credentialing board.

13 5. Obtain additional training, education or supervision required by the  
14 affiliated credentialing board.

15 6. Cooperate with the affiliated credentialing board.

16 (e) Unless a suspended license is revoked during the period of suspension, upon  
17 expiration of the period of suspension the affiliated credentialing board shall  
18 reinstate the person's license, except that the affiliated credentialing board may, as  
19 a condition precedent to the reinstatement of the license, require the person to pass  
20 the examinations required for the original grant of the license.

21 (f) The affiliated credentialing board shall comply with rules of procedure for  
22 the investigation, hearing and action promulgated by the department under s.  
23 440.03 (1).

24 (g) Nothing in this subsection prohibits the affiliated credentialing board, in  
25 its discretion, from investigating and conducting disciplinary proceedings on

1 allegations of unprofessional conduct by a licensee when the allegations of  
2 unprofessional conduct may also constitute allegations of negligence in treatment.

3       **(2) SUSPENSION PENDING HEARING.** The affiliated credentialing board may  
4 summarily suspend a license granted by the affiliated credentialing board for a  
5 period not to exceed 30 days pending hearing if the affiliated credentialing board has  
6 in its possession evidence establishing probable cause to believe that the licensee has  
7 violated the provisions of this subchapter and that it is necessary to suspend the  
8 license immediately to protect the public health, safety or welfare. The licensee shall  
9 be granted an opportunity to be heard during the determination of whether or not  
10 probable cause exists. The affiliated credentialing board may designate any of its  
11 officers to exercise the authority granted by this subsection to suspend summarily  
12 a license, for a period not exceeding 72 hours. If a license has been summarily  
13 suspended by the affiliated credentialing board or any of its officers, the affiliated  
14 credentialing board may, while the hearing is in progress, extend the initial period  
15 of suspension for not more than an additional 30 days. If the licensee has caused a  
16 delay in the hearing process, the affiliated credentialing board may subsequently  
17 suspend the license from the time the hearing is commenced until a final decision is  
18 issued or may delegate such authority to the hearing examiner.

19       **(3) VOLUNTARY SURRENDER.** A licensee may voluntarily surrender his or her  
20 license to the secretary of the affiliated credentialing board, but the secretary may  
21 refuse to accept the surrender if the affiliated credentialing board has received an  
22 allegation of unprofessional conduct against the licensee. The affiliated  
23 credentialing board may negotiate stipulations in consideration for accepting the  
24 surrender of a license.

1           **(4) RESTORATION OF LICENSE, CERTIFICATE OR LIMITED PERMIT.** The affiliated  
2           credentialing board may restore a license which has been voluntarily surrendered  
3           or revoked under this subchapter on such terms and conditions as it considers  
4           appropriate.

5           **448.68 Hospital reports. (1)** Within 30 days after receipt of a report under  
6           s. 50.36 (3) (c), the affiliated credentialing board shall notify the licensee, in writing,  
7           of the substance of the report. The licensee and the licensee's authorized  
8           representative may examine the report and may place into the record a statement,  
9           of reasonable length, of the licensee's view of the correctness or relevance of any  
10          information in the report. The licensee may institute an action in circuit court to  
11          amend or expunge any part of the licensee's record related to the report.

12          **(2)** If the affiliated credentialing board determines that a report submitted  
13          under s. 50.36 (3) (c) is without merit or that the licensee has sufficiently improved  
14          his or her conduct, the affiliated credentialing board shall remove the report from the  
15          licensee's record. If no report about a licensee is filed under s. 50.36 (3) (c) for 2  
16          consecutive years, the licensee may petition the affiliated credentialing board to  
17          remove any prior reports, which did not result in disciplinary action, from his or her  
18          record.

19          **(3)** Upon the request of a hospital, the affiliated credentialing board shall  
20          provide the hospital with all information relating to a licensee's loss, reduction or  
21          suspension of staff privileges from other hospitals and all information relating to the  
22          licensee's being found guilty of unprofessional conduct. In this subsection, "hospital"  
23          has the meaning specified under s. 50.33 (2).

24          **448.685 Injunctive relief.** If the affiliated credentialing board has reason to  
25          believe that a person is violating this subchapter or a rule promulgated under this

1 subchapter, the affiliated credentialing board, the department, the attorney general  
2 or the district attorney of the proper county may investigate and may, in addition to  
3 any other remedies, bring an action in the name and on behalf of this state to enjoin  
4 the person from the violation.

5 **448.69 Penalties; appeal. (1) PENALTIES.** (a) Except as provided in par. (b),  
6 a person who violates any provision of this subchapter or a rule promulgated under  
7 this subchapter may be fined not more than \$10,000 or imprisoned for not more than  
8 9 months or both.

9 (b) A person who violates s. 448.67 (3) may be fined not more than \$250.

10 **(2) APPEAL.** A person aggrieved by an action taken under this subchapter by  
11 the affiliated credentialing board, its officers or its agents may apply for judicial  
12 review as provided in ch. 227, and shall file notice of such appeal with the secretary  
13 of the affiliated credentialing board within 30 days. No court of this state may enter  
14 an ex parte stay of an action taken by the affiliated credentialing board under this  
15 subchapter.

16 **448.695 Rules. (1)** The affiliated credentialing board shall promulgate rules
