

1999 ASSEMBLY BILL 888

March 16, 2000 – Introduced by Representatives HOVEN, AINSWORTH and NASS, cosponsored by Senators ROESSLER and FARROW. Referred to Committee on Transportation.

1 **AN ACT to amend** 70.112 (4); and **to create** 70.11 (41), 76.39 (6) and 76.46 (4) of
2 the statutes; **relating to:** the gross earnings tax and property tax imposed on
3 car line companies.

Analysis by the Legislative Reference Bureau

Under current law, the state imposes a tax on the gross earnings of a car line company at the rate of 3% of those gross earnings. A car line company is a company that leases railroad cars or other railroad transportation equipment. The tax is imposed on the gross earnings of a car line company in lieu of imposing property taxes on the railroad cars and other railroad transportation equipment of a car line company.

Under this bill, the tax on the gross earnings of a car line company does not apply to taxable years beginning after December 31, 1999. Under the bill, the property of a car line company, including railroad cars and other railroad transportation equipment, is exempt from property taxes.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
