NOTE: There is no conflict of substance. As merged by the Revisor, s. 103.49 (1) (d) 2. reads:

2. If there is no rate at which a majority of the hours worked in the trade or occupation on projects in the area is paid, "prevailing wage rate" for any trade or occupation engaged in the erection, construction, remodeling, repairing or demolition of any project of public works in any area means the average hourly basic rate of pay, weighted by the number of hours worked, plus the average hourly contribution, weighted by the number of hours worked, for health insurance benefits, vacation benefits, pension benefits and any other bona fide economic benefit, paid directly or indirectly for all hours worked at the hourly basic rate of pay of the highest-paid 51% of hours worked in that trade or occupation on projects in that area.

ASSEMBLY BILL 513**SECTION 52**

conduct investigations and hold public hearings as necessary to define the trades or occupations that are commonly employed on projects that are subject to this section and to inform itself as to the prevailing wage rates in all areas of the state for those trades or occupations, in order to determine the prevailing wage rate for each trade or occupation. The department shall issue its determination within 30 days after receiving the request and shall file the determination with the requesting state agency. For the information of the employees working on the project, the prevailing wage rates determined by the department, the prevailing hours of labor and the provisions of subs. (2) and (6m) shall be kept posted by the state agency in at least one conspicuous and easily accessible place on the site of the project.

1 **SECTION 53.** The treatment of 103.49 (3) (b) of the statutes by 1999 Wisconsin
2 Act 70 is not repealed by 1999 Wisconsin Act 150. Both treatments stand.

NOTE: There is no conflict of substance. As merged by the Revisor, s. 103.49 (3) (b) reads:

(b) Any person may request a recalculation of any portion of an initial determination within 30 days after the initial determination date if the person submits evidence with the request showing that the prevailing wage rate for any given trade or occupation included in the initial determination does not represent the prevailing wage rate for that trade or occupation in the area. The department shall affirm or modify the initial determination within 15 days after the date on which the department receives the request for recalculation.

(b) from each of the contractor's agents and subcontractors. A state agency may not authorize a final payment until the affidavit is filed in proper form and order. If a state agency authorizes a final payment before an affidavit is filed in proper form and order or if the department determines, based on the greater weight of the credible evidence, that any person performing the work specified in sub. (2m) has been or may have been paid less than the prevailing wage rate or less than 1.5 times the hourly basic rate of pay for all hours worked in excess of the prevailing hours of labor and requests that the state agency withhold all or part of the final payment, but the state agency fails to do so, the state agency is liable for all back wages payable up to the amount of the final payment.
