

2005 ASSEMBLY BILL 929

January 24, 2006 - Introduced by Representatives MUSSER, TOWNSEND, GRONEMUS and SUDER, cosponsored by Senators BROWN, ZIEN, GROTHMAN and REYNOLDS. Referred to Committee on Housing.

1 **AN ACT to renumber** 101.615; **to amend** 59.43 (1) (a), 101.615 (title) and 101.66
2 (1) and (2); and **to create** 59.43 (1) (ar) and 101.615 (2m) of the statutes;
3 **relating to:** construction of one- and two-family dwellings by dwelling owners
4 who are members of bona fide religious denominations.

Analysis by the Legislative Reference Bureau

Under current law, any one- or two-family dwelling for which initial construction began on or after December 1, 1978, must comply with the one- and two-family dwelling code. Under current law, the Department of Commerce promulgates rules for this code which includes standards for heating, ventilation, plumbing, electricity, and other systems. One- and two-family dwellings for which initial construction began before that date are not covered by this code but are subject to the state electrical and plumbing code and other applicable local building codes.

This bill provides an exemption from the one- and two-family dwelling code for one- and two-family dwellings covered by the code if the dwelling is located in a city, town, or village having a population of 2,500 or less, if the dwelling is constructed or added to by its owner without the use of contractors or subcontractors, and if the owner is a member of a religious denomination that prohibits the use of certain tools, devices, or designs that are necessary to comply with the one- and two-family dwelling code. The bill does not provide any exemption from building codes for a one- and two-family dwelling for which initial construction began before December 1, 1978.

ASSEMBLY BILL 929

The bill requires an owner of one of these exempt dwellings to record with the register of deeds a statement stating that the dwelling was not inspected for compliance with the one- and 2-family dwelling code. The bill also requires that if a building inspector subsequently inspects the dwelling for compliance with the dwelling code, the owner of the dwelling must record with the register of deeds a statement signed by the inspector as to whether the dwelling was found to be in compliance.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
