February 9, 2010 – Introduced by Senators VINEHOUT, LEHMAN, LASSA, TAYLOR and WIRCH, cosponsored by Representatives SMITH, HIXSON, VRUWINK, PASCH, POCAN, GRIGSBY, FIELDS, BENEDICT, RICHARDS, TURNER, SINICKI, YOUNG, HEBL, BERCEAU and A. WILLIAMS. Referred to Committee on Veterans and Military Affairs, Biotechnology, and Financial Institutions.

1 **AN ACT to create** 36.11 (56), 38.04 (32), 38.12 (14), 165.25 (4) (aw) and 224.50 of
2 the statutes; **relating to:** prohibiting institutions of higher education from
3 engaging in certain activity regarding student credit cards, requiring such
4 institutions to provide financial literacy information to students, creating
5 requirements for credit cards issued to underage customers, granting
6 rule-making authority, and providing a penalty.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Financial Institutions (DFI) to promulgate rules prohibiting credit card issuers from doing the following: 1) offering a student at an institution of higher education (institution) any tangible item to induce the student to apply for a credit card or participate in an open-end credit plan offered by the issuer; or 2) engaging in any marketing of a credit card involving the physical presence of a representative of the issuer on the campus of an institution. Under the bill, “institution” has the same meaning as under a federal law dealing with similar issues as the bill, which includes public universities, private nonprofit universities, postsecondary proprietary schools, and postsecondary vocational schools.

The bill also requires DFI to promulgate rules prohibiting an institution, or department or other division of an institution, from receiving any payment or compensation for credit card marketing activity on a campus of the institution that is directed at the institution’s students. The bill defines “campus” as the buildings,

SENATE BILL 525

facilities, and grounds under the control of an institution that are primarily related to the institution's operation and related services and activities. Before promulgating any of the foregoing rules, the bill requires DFI to consult with the Board of Regents of the University of Wisconsin (UW) System, the Technical College System Board, the Educational Approval Board, and representatives of private institutions. The bill also prohibits the UW System and technical colleges from selling to or otherwise providing a credit card issuer the names, postal addresses, or electronic mail addresses of students, or engaging in any marketing on behalf of a credit card issuer that is directed at students. The bill defines "student" as an individual enrolled on a full-time or part-time basis. As a result, the bill's requirements do not apply to former students.

In addition, the bill requires each institution to provide information about financial literacy to its students on its Internet Web site and, if the institution offers an on-campus orientation program to new students, to provide the information to students during the orientation. Also, the bill requires an institution's students to complete an online tutorial on financial literacy. The bill does so by prohibiting an institution from allowing an enrolled student from enrolling in a subsequent semester, quarter, or term unless the student completes the tutorial.

The bill also creates requirements for extending credit to individuals who are less than 21 years old. Under the bill, a credit card may not be issued to, or an open-end credit plan established by or on behalf of, such an individual unless one of the following options is satisfied: 1) the application for the card or plan is cosigned by a parent, legal guardian, spouse, or other individual, who is 21 or older, has the means to repay debts, and indicates that he or she is jointly liable for debts incurred before the applicant turns 21; or 2) the applicant submits financial information indicating an independent means to repay debts. The bill requires DFI to promulgate rules for satisfying the second option. The rules must be consistent with regulations that the Board of Governors of the Federal Reserve System is required to promulgate under federal law. Also, if a cosigner described in the first option is jointly liable for credit card debt incurred by an individual who is not 21 years old, the bill prohibits credit increases unless the cosigner approves of the increase in writing and assumes joint liability for the increase.

Finally, except for the prohibitions regarding student information and credit card marketing that apply to the UW System and the technical colleges, the bill provides that a person who violates the bill or a rule promulgated by DFI under the bill is subject to a civil forfeiture of up to \$5,000.
