

2009 SENATE BILL 614

March 11, 2010 – Introduced by Senators HANSEN and HOLPERIN, cosponsored by Representatives SOLETSKI, NYGREN, VAN ROY, BIES, A. OTT and TOWNSEND. Referred to Committee on Transportation, Tourism, Forestry, and Natural Resources.

1 **AN ACT** *to renumber and amend* 30.29 (1); *to repeal and recreate* 30.29 (3)
2 (title); and *to create* 30.29 (1) (a), 30.29 (1) (c), 30.29 (3) (i) and 30.29 (3m) of
3 the statutes; **relating to:** the operation of motor vehicles on the exposed beds
4 of outlying waters to control *Phragmites australis*.

Analysis by the Legislative Reference Bureau

Under current law, the operation of a motor vehicle, including an all-terrain vehicle, is prohibited in or on a navigable body of water or on the exposed bed of a body of water. Exemptions to this prohibition include operating a motor vehicle on a frozen body of water, while crossing a stream, or in conjunction with an agricultural activity.

This bill creates an additional exemption authorizing the operation of a motor vehicle on the exposed beds of Lake Superior and Lake Michigan, and other waters that are part of or connect to these lakes (outlying waters), in order to destroy or prevent the spread of the invasive species *Phragmites australis* if the operation of the motor vehicle is in compliance with certain requirements. These requirements include that the operation of the motor vehicle be limited to mowing or the application of herbicides and that the motor vehicle be operated only on the exposed bed when it is dry and only between the period beginning on August 1st and ending on the following March 15th.
