## 2011 ASSEMBLY BILL 690

March 12, 2012 – Introduced by Representatives KRAMER and KESSLER, cosponsored by Senator ZIPPERER. Referred to Committee on Criminal Justice and Corrections.

- 1     **AN ACT** *to create* 940.315 of the statutes; **relating to:** unlawful use of a global  
2           positioning device and providing a penalty.

---

### *Analysis by the Legislative Reference Bureau*

This bill makes it unlawful to place a global positioning device on another person's vehicle without that person's knowledge and consent or to intentionally obtain information regarding another person's movement or location generated by a global positioning device without that person's knowledge or consent. The bill also makes it unlawful for a person to place a global positioning device on a vehicle used primarily by his or her spouse after a petition for an annulment, divorce, or legal separation has been filed without that person's knowledge and consent. A person who does any of these acts is guilty of a Class A misdemeanor and is subject to a fine not to exceed \$10,000, imprisonment not to exceed nine months, or both.

The provisions of the bill do not apply to a person who installs a factory-installed, subscription-based communication and navigation system, to a law enforcement officer acting in his or her official capacity, or to an employer who is tracking the movement or location of a commercial vehicle owned, leased, or assigned for use by the employer during business hours.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report concerning the proposed penalty and the costs or savings that are likely to result if the bill is enacted.
