1 **AN ACT to create** 20.235 (1) (fw) and 39.415 of the statutes; **relating to:** technical
2 excellence higher education scholarships, granting rule-making authority, and
3 making an appropriation.

Analysis by the Legislative Reference Bureau

Under current law, the Higher Educational Aids Board (HEAB) administers the Academic Excellence Higher Education Scholarship Program under which HEAB awards scholarships to certain scholars, designated on the basis of grade point average, who enroll, on a full-time basis, in a public or private institution of higher education in this state. Under the program, a higher education scholarship recipient who enrolls in a technical college district school is exempt from all tuition and fees, up to \$2,250 per academic year, for each year, up to three years, that the recipient is enrolled full time, maintains at least a 3.000 grade point average, and makes satisfactory progress toward an associate or a bachelor's degree or a vocational diploma. Under that program, HEAB pays the institution of higher education attended by a scholar up to \$1,125 per academic year and the institution must match the amount paid to the institution by HEAB.

Currently, those scholarships may be awarded: 1) to the senior with the highest grade point average from each high school in this state enrolling at least 80 but fewer than 500 pupils; 2) to the two seniors with the two highest grade point averages from each high school in this state enrolling at least 500 but fewer than 1,000 pupils; 3) to the three seniors with the three highest grade point averages from each high school in this state enrolling at least 1,000 but fewer than 1,500 pupils; 4) to the four

SENATE BILL 334

seniors with the four highest grade point averages from each high school in this state enrolling at least 1,500 but fewer than 2,000 pupils; 5) to the five seniors with the five highest grade point averages from each high school in this state enrolling at least 2,000 but fewer than 2,500 pupils; and 6) to the six seniors with the six highest grade point averages from each high school in this state enrolling 2,500 or more pupils. In addition, those scholarships may be awarded to the senior with the highest grade point average from the school operated by the Wisconsin Center for the Blind and Visually Impaired and the school operated by the Wisconsin Educational Services Program for the Deaf and Hard of Hearing and not more than ten scholarships statewide may be awarded to seniors with the highest grade point averages from high schools enrolling fewer than 80 pupils.

This bill creates a Technical Excellence Higher Education Scholarship Program under which HEAB awards scholarships to certain scholars, designated on the basis of level of proficiency in technical education subjects, who enroll, on a full-time basis, in a technical college district school. Under the Technical Excellence Higher Education Scholarship Program, the number and amounts of scholarships awarded, the duration for which a scholarship may be awarded, the conditions for continued receipt of a scholarship, and the institutional match requirement are the same as under the Academic Excellence Higher Education Scholarship Program.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
