2     regarding the use of force by law enforcement.

***Analysis by the Legislative Reference Bureau***

Current law requires each law enforcement agency to have a policy regarding the use of force by its law enforcement officers and to make the policy available for public scrutiny. This bill requires the law enforcement agency to post its policy on the law enforcement agency website or, if the agency does not have one, on the municipality's site. Under the bill, if the policy is changed, the law enforcement agency must post the updated policy as soon as practically possible but no later than one year after the change is made. The bill also requires a law enforcement agency to prominently post a means to request a copy of the policy and to provide a copy of the current policy at no charge no later than three business days after a request is made.
