4 program to make payments to child care programs, a child care partnership
5 grant program, granting rule-making authority, and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill authorizes the Department of Children and Families to establish a program for making monthly payments and monthly per-child payments to certified child care providers, licensed child care centers, and child care programs established or contracted for by a school board. This new payment program is in addition to the current law system for providing child care payments under Wisconsin Shares. The bill allows DCF to promulgate rules to implement the program, including establishing eligibility requirements and payment amounts and setting requirements for how recipients may use the payments. The bill funds the program through a new appropriation and by allocating federal moneys, including child care development funds and moneys received under the Temporary Assistance for Needy Families block grant program. To accomplish this, the bill eliminates a current law allocation of TANF funding for increasing Wisconsin Shares maximum payment rates paid to child care providers on the basis of a provider's quality rating, known as YoungStar.

This bill also authorizes DCF to establish a grant program to award funding to businesses that provide or wish to provide child care services for their employees.

ASSEMBLY BILL 513

The bill allows such a grant to be used to reserve child care placements for local business employees, pay child care tuition, and other costs related to child care. Under the bill, a grant recipient must provide at least 25 percent matching funds. The bill allows DCF to promulgate rules to administer the grant program, including to determine eligibility for a grant.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
