

CHAPTER 620

THE REGULATION OF INVESTMENTS

620.01 Purpose and scope
 620.02 Segregated account investments
 620.03 Special investment restrictions
 620.04 Specific orders
 620.12 Disposal of prohibited assets.

620.21 Effect of investment restrictions
 620.22 Permitted classes of investments
 620.23 Limitations generally applicable
 620.31 Valuation of assets
 620.32 Investment valuation reserves

620.01 Purpose and scope. (1) INVESTMENT OBJECTIVES. The purpose of this chapter is to protect and to further the interests of insureds, creditors and the public, by providing, with minimum interference with management initiative and judgment, standards for the development and administration of programs for the investment of the assets of insurers, which standards seek an optimal balance of the following objectives:

(a) Safety of principal, and to the extent consistent therewith, maximum yield and growth;

(b) Stability of value, except where higher risk and possible fluctuations of value are compensated by a commensurate increase in yield and growth possibilities, and either special reserves or surplus is available in sufficient amount to cover reasonably foreseeable fluctuations in value;

(c) Sufficient liquidity to avoid the necessity in reasonably expected circumstances for selling assets at undue sacrifice;

(d) Reasonable diversification with respect to geographical area, industry, maturity, types of investment, individual investments and other relevant variables; and

(e) Reasonable relationship between liabilities and assets as to term and nature.

(2) SCOPE. Except as otherwise provided, this chapter and the rules promulgated to interpret and implement it, apply to all insurers authorized to do business in this state.

History: 1971 c. 260

Note: Chap. 260, laws of 1971, which created this chapter of the statutes, contained notes explaining the revision. See the 1971 session law volume.

620.02 Segregated account investments.

(1) GENERAL. Each segregated or separate account established under s. 611.24 or 611.25 shall be evaluated separately to determine compliance with this chapter.

(2) VARIABLE BENEFIT SEPARATE ACCOUNTS.

(a) *General.* The amounts allocated to each

account created under s. 611.25 and accumulations thereon may be invested and reinvested without regard to any requirements or limitations prescribed by this chapter.

(b) *Guaranteed benefits.* To the extent that the corporation's reserve liability, with regard to benefits guaranteed as to dollar amount and duration and funds guaranteed as to principal amount or stated rate of interest, is maintained in any separate account, a portion of the assets of the account at least equal to the reserve liability shall be invested in accordance with this chapter, or in accordance with such requirements as the commissioner prescribes by rule.

(3) VALUATION OF SEGREGATED ACCOUNT ASSETS. Assets allocated to a segregated account shall be valued at their market value on the date of valuation, or if there is no readily available market, then in accordance with the applicable contract; but a portion of the assets of the account at least equal to the corporation's reserve liability with regard to the guaranteed benefits and funds referred to in sub. (2), if any, shall be reported separately and valued in accordance with the rules otherwise applicable to the corporation's assets or in accordance with rules promulgated under sub. (2). No securities valuation reserve or other reserve for fluctuation in the value of securities need be maintained for assets that do not have to comply with this chapter.

History: 1971 c. 260.

620.03 Special investment restrictions.

(1) SPECIAL RESTRICTIONS FOR NEW INSURERS. For the first 5 years after obtaining a certificate of authority in this state, an insurer shall be subject to the following restrictions:

(a) *Procedural requirements.* The commissioner may by rule prescribe for all or for certain classes of such insurers special procedural requirements including special reports, prior approval or subsequent disapproval of investments.

(b) *Substantive restrictions.* The commissioner may by rule prescribe for all, or separately

for different classes of, such insurers substantive restrictions on investments, including:

1. Specification of classes of assets that may not be counted toward satisfaction of the compulsory surplus requirement or the security surplus standard even though they may be counted for unrestricted corporations;

2. Specification of maximum amounts of assets that may be invested in any single investment, or any issue, class or group of classes of investments, expressed as percentages of total assets, capital, surplus, legal reserves or other variables;

3. Prescription of qualitative tests for investments and conditions under which investments may be made, including requirements of specified ratings from investment advisory services, listing on specified stock exchanges, collateral, marketability, the financial and legal status of the issuer and its earnings capacity, and currency matching.

(2) EXEMPTIONS. The commissioner may by order grant an insurer exemption from any restriction under sub. (1) to the extent that he is satisfied that the interests of insureds, creditors and the public of this state are sufficiently protected in other ways, such as by the investment regulation actually exercised in the domicile of a nondomestic insurer; or by other evidence of the solidity of the insurer and the competence of its management and its investment advisers.

(3) EXTENSIONS. The commissioner may by rule apply to a class of insurers any restriction of sub. (1), more than 5 years after issuance of a certificate of authority, if he finds that financial condition or management require additional investment regulation for the protection of the interests of insureds, creditors or the public in this state.

History: 1971 c. 260.

620.04 Specific orders. (1) **ADDITIONAL RESTRICTIONS.** If the commissioner finds that by reason of investment conditions generally or of the financial condition or current investment practice of an individual insurer, the interests of insureds, creditors, or the public are or may be endangered, he may impose reasonable and temporary restrictions upon the investments of an individual insurer, including prohibition or divestment of a particular investment.

(2) CONSENT INVESTMENTS. The commissioner may count an asset toward satisfaction of the compulsory surplus requirement or the security surplus standard, or both, even if it does not conform to this chapter or rules promulgated thereunder, if he finds that counting it does not endanger the interests of insureds, creditors or the public.

REGULATION OF INVESTMENTS 620.22

(3) ALIEN INVESTMENTS. The commissioner may count toward satisfaction of the compulsory surplus requirement or the security surplus standard any assets in which an insurer must invest under the laws of a country other than the United States as a condition for doing business in that country if he finds that counting them does not endanger the interests of insureds, creditors or the public of this state.

History: 1971 c. 260.

620.12 Disposal of prohibited assets. (1) **INVESTMENTS BECOMING ILLEGAL.** The commissioner shall allow a reasonable time not longer than 10 years for disposal of any investment legally held on April 30, 1972, or of any investment legal when made but subsequently becoming illegal.

(2) HARDSHIP CASES. A reasonable time shall be allowed for disposal of assets if the investment was made by mistake or if forced sale of the asset would be contrary to the interests of insureds, creditors or the public of this state.

History: 1971 c. 260.

620.21 Effect of investment restrictions. (1) **GENERAL.** Assets may be counted toward satisfaction of the compulsory surplus requirement or the security surplus standard only so far as they are invested in compliance with this chapter and applicable rules promulgated by the commissioner.

(2) EXEMPTION FROM LIMITATIONS FOR ASSETS ACQUIRED IN ENFORCING RIGHTS. Assets necessarily acquired in the bona fide enforcement of creditors' rights may be counted for the purposes of sub. (1) for 5 years after acquisition if real property and one year if not real property, even if they could not otherwise be counted under this chapter. The commissioner may allow reasonable extensions of such periods if replacement of the assets within the periods would not be possible without substantial loss.

History: 1971 c. 260.

620.22 Permitted classes of investments. The following classes of investments may be counted for the purposes specified in s. 620.21, whether they are made alone or as a participant in a partnership or joint venture:

(1) Bonds or other evidences of indebtedness of governmental units in the United States or Canada, or the instrumentalities of such governmental units, or of private corporations domiciled therein;

(2) Loans secured by mortgages, trust deeds or other security interests in tangible property located in the United States or Canada or secured by insurance against default issued by a government insurance corporation of the United

States or Canada or an insurer authorized to do business in this state;

(3) Preferred or common stock of any United States or Canadian corporation;

(4) Property needed for the convenient transaction of the insurer's business;

(5) Real property, together with the fixtures, furniture, furnishings and equipment pertaining thereto in the United States or Canada, which produces or after suitable improvement can reasonably be expected to produce substantial income;

(6) Loans upon the security of the insurer's own policies in amounts that are adequately secured thereby and that in no case exceed the surrender values of the policies;

(7) Such other investments as the commissioner authorizes by rule; and

(8) Investments not otherwise permitted by this section, and not specifically prohibited by statute, to the extent of not more than 5% of the insurer's assets.

History: 1971 c. 260.

620.23 Limitations generally applicable.

(1) **CLASS LIMITATIONS.** For the purposes of s. 620.21, the following limitations on classes of investments apply:

(a) Investments authorized by s. 620.22 (1) which are not amortizable under applicable valuation rules, 5% of assets;

(b) Investments authorized by s. 620.22 (4), 20% of assets in the case of nonassessable insurers, and 50% of the earned premium and assessments for the preceding calendar year in the case of assessable insurers;

(c) Investments authorized by s. 620.22 (5), 20% of assets in the case of life insurers, and 10% of assets in the case of nonlife insurers; and

(d) Investments by life insurers in common stock and in shares of mutual funds, 20% of assets, except that the total of investments in common stocks and under s. 620.22 (5) shall not exceed 30% of assets.

(2) **INDIVIDUAL LIMITATIONS.** For the purposes of s. 620.21, the following limits on investments apply:

(a) *Common stock.* Common stock of a single corporation and its affiliates, other than subsidiaries of the types authorized under s. 611.26 (1) to (3) or mutual funds, 3% of assets;

(b) *Total investments.* All securities of a single issuer and its affiliates, other than the government of the United States and subsidiaries of the types authorized under s. 611.26 (1) to (3), 10% of assets.

(3) **INVESTMENT SUBSIDIARIES.** For the purpose of determining compliance with the

limitations of this chapter, the assets of subsidiaries under s. 611.26 (2) shall be deemed to be owned directly by the insurer and any other investors in proportion to the market value, or if there is no market, the reasonable value, of their interest in the subsidiaries.

(4) **EFFECT OF QUANTITY LIMITATIONS.** To the extent that investments exceed the limitations specified in subs. (1) and (2), the excess may be assigned to the investment class authorized in s. 620.22 (8), until that limit is exhausted.

(5) **SPECIAL RULE FOR MUTUAL FUNDS AND OTHER INVESTMENT COMPANIES.** If the commissioner considers it desirable in order to get a proper evaluation of the investment portfolio of an insurer, he may require that investments in mutual funds or other investment companies be treated for purposes of this chapter as if the investor owned directly its pro rata share of the assets owned by the mutual fund or investment company.

History: 1971 c. 260.

620.31 Valuation of assets. For the purposes of this chapter, except as otherwise provided by this code, all assets shall be valued as they are valued for purposes of the financial statements submitted under s. 601.42 (1) (a), less the amount of any investment fluctuation reserves explicitly attributable to them.

History: 1971 c. 260.

620.32 Investment valuation reserves.

(1) **GENERAL.** The commissioner may by rule, applicable to all or specified classes of insurers, provide for the establishment in reasonable amounts of investment valuation reserves that are necessary and appropriate to lessen the impact on surplus of the fluctuation of the values of specific classes of assets.

(2) **SPECIFIC.** The commissioner may by order require an individual insurer to establish investment valuation reserves in addition to those required for other insurers of the class to which the insurer belongs, to the extent that the financial condition of the insurer and the nature of its assets and liabilities or business require that such reserves be established for the adequate protection of its insureds.

(3) **UNIFORMITY.** So far as reasonably possible, reserves required under sub. (1) shall correspond with those generally required in other states.

History: 1971 c. 260.
