The loans may be made only upon the determination by the authority that they are not otherwise available from private lenders upon reasonably equivalent terms and conditions. The authority may employ, for such compensation as it determines, the services of any financial institution or mortgage banker in connection with any loan.

(3) The authority may make or participate in the making and enter into commitments for the making of loans to any banking institution, savings and loan association or credit union organized under the laws of this or any other state or of the United States having an office in this state, if the authority first determines that the proceeds of such loans will be utilized for the purpose of making long-term mortgage loans to persons or families of low and moderate income, or for the purpose of providing residential housing for occupancy by persons or families of low and moderate income, or for the purpose of making housing rehabilitation loans.

234.06 Use of moneys held in housing development fund; temporary loans; grants. (1) The authority may, as authorized in the state housing plan under s. 560.115, use the moneys held in the housing development fund to make temporary loans to eligible sponsors, with or without interest, and with such security for repayment, if any, as the authority

determines reasonably necessary and practicable, solely from the housing development fund, to defray development costs for the construction of proposed housing projects for occupancy by persons and families of low and moderate income. No temporary loan may be made unless the authority may reasonably anticipate that satisfactory financing may be obtained by the eligible sponsor for the permanent financing of the housing project.

(2) The proceeds of the temporary loan may be used only to defray the development costs of the housing project. Each temporary loan shall be repaid in full by the eligible sponsor to the authority concurrent with the receipt by the eligible sponsor of the proceeds of the permanent financing.

The equity in a project shall consist of the difference between the amount of the mortgage loan and the total project cost. Total project cost shall include construction or rehabilitation costs including job overhead and a builder's and sponsor's profit and risk fee, architectural, engineering, legal and accounting costs, organizational expenses, land value, interest and financing charges paid during construction, the cost of landscaping and off-site improvements, whether or not such costs have been paid in cash or in a form other than cash. With respect to every project the authority shall, pursuant to rules adopted by it, establish the entity's equity at the time of making of the final mortgage advance and, for purposes of this section, that figure shall remain constant during the life of the authority's loan with respect to such project. Upon the dissolution of the

limited-profit entity any surplus in excess of the distributions allowed by this section shall be paid to the authority. For this purpose surplus shall not be deemed to include any increase in net worth of any limited-profit entity by reason of a reduction of mortgage indebtedness, by amortization or similar payments or by reason of the sale or disposition of any assets of a limited-profit entity to the extent such surplus can be attributed to any increase in market value of any real or tangible personal property accruing during the period the assets were owned and held by the limited-profit entity.

The refunding bonds shall be sold and the proceeds applied to the purchase, redemption or payment of the bonds to be refunded.

(3) Except as may otherwise be expressly provided by the authority, every issue of its notes or bonds shall be general obligations of the authority payable out of any revenues or moneys of the authority, subject only to any agreements with the holders of particular notes or bonds pledging any particular receipts or revenues.

(4) All notes or bonds shall be negotiable investment securities under ch. 408.

(1) If the notes or bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment date thereon; or

(2) If the notes or bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the notes or bonds become subject to redemption plus accrued interest to such date.

History: 1971 c. 287.

234.14 Same; liability of state. The state shall not be liable on notes or bonds of the authority and such notes and bonds shall not be a debt of the state. All notes and bonds of the authority shall contain on the face thereof a statement to such effect.

History: 1971 c. 287.

234.15 Capital reserve funds. (1) The authority shall establish one or more special funds to secure its bonds, referred to in this chapter as capital reserve funds, and shall pay into each such capital reserve fund any moneys appropriated and made available by the state for the purposes of such fund, any proceeds of sale of notes or bonds, to the extent provided in the resolution of the authority authorizing the issuance thereof and any other moneys which are made available to the authority for the purpose of such fund from any other source.

(2) All moneys held in any capital reserve fund, except as otherwise specifically provided, shall be used, as required, solely for the payment of the principal of bonds of the authority secured in whole or in part by such fund or of the sinking fund payments mentioned in this section with respect to such bonds, the purchase or redemption of such bonds, the payment of interest on such bonds or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; but, if moneys in such fund at any time are less than the capital reserve fund requirement established for such fund as provided in this section, the authority shall not use such moneys for any optional purchase or optional redemption of such bonds. Any income or interest earned by, or increment to, any capital reserve fund due to the investment thereof may be transferred by the authority to other funds or accounts of the authority to the extent such transfer does not reduce the amount of such capital reserve fund below the capital reserve fund requirement for such fund.

(3) The authority shall not at any time issue bonds, secured in whole or in part by a capital

reserve fund if upon the issuance of such bonds, the amount in such capital reserve fund will be less than the capital reserve fund requirement of such fund, unless the authority, at the time of issuance of such bonds, deposits in such fund from the proceeds of the bonds to be issued, or from other sources, an amount which, together with the amount then in such fund, will not be less than the capital reserve fund requirement for such fund. For purposes of this section, "capital reserve fund requirement" means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which such fund is established, which amount shall not exceed the maximum annual debt service on the bonds of the authority for that fiscal year or any future fiscal year of the authority secured in whole or in part by such fund. The annual debt service for any fiscal year is the amount of money equal to the aggregate of a) all interest payable during such fiscal year on all bonds secured in whole or in part by such fund outstanding on the date of computation, plus b) the principal amount of all such bonds outstanding on said date of computation which mature during such fiscal year, plus c) all amounts specified in any resolution of the authority authorizing any of such bonds as payable during such fiscal year as a sinking fund payment with respect to any of such bonds which mature after such fiscal year, all calculated on the assumption that such bonds will after such date of computation cease to be outstanding by reason, but only by reason, of the payment of bonds when due, and the payment when due and application in accordance with the resolution authorizing those bonds, of all of such sinking fund payments payable at or after such date of computation. However, in computing the annual debt service for any fiscal year, bonds deemed to have been paid in accordance with the defeasance provisions of the resolution of the authority authorizing the issuance thereof shall not be included in bonds outstanding on such date of computation.

(4) To assure the continued operation and solvency of the authority for the carrying out of the public purposes of this chapter, the authority shall accumulate in each capital reserve fund an amount equal to the capital reserve fund requirement for such fund. If at any time the capital reserve fund requirement for any capital reserve fund exceeds the amount of such capital reserve fund, the chairperson of the authority shall certify to the secretary of administration, the governor and the joint committee on finance the amount necessary to restore such capital reserve fund to an amount equal to the capital reserve fund requirement in respect thereto. If

such certification is received by the secretary of administration in an even-numbered year prior to the completion of the budget compilation under s. 16.43, the secretary shall include the certified amount in the budget compilation. In any case, the joint committee on finance shall introduce in either house, in bill form, an appropriation of the amount so certified to the appropriate capital reserve fund of the authority. Recognizing its moral obligation to do so, the legislature hereby expresses its expectation and aspiration that, if ever called upon to do so, it shall make such appropriation.

(5) In computing the amount of any capital reserve fund for the purposes of this section, securities in which all or a portion of such capital reserve fund is invested shall be valued at par, or if purchased at less than par, at their cost to the authority.

(6) Notwithstanding subs. (1) to (5), the authority, subject to such agreements with noteholders or bondholders as may then exist, may elect not to secure any particular issue of its bonds with a capital reserve fund. Such election shall be made in the resolution authorizing such issue. In this event, subs. (2) and (3) shall not apply to the bonds of such issue in that they shall not be entitled to payment out of or be eligible for purchase by any such fund nor shall they be taken into account in computing or applying any capital reserve fund requirement.

History: 1971 c. 287; 1973 c. 208; 1975 c. 221.

234.16 General reserve fund. The authority shall establish a special fund, referred to in this chapter as general reserve fund, and shall pay into such fund all fees and charges collected by the authority and any moneys which the authority transfers from the capital reserve fund. Such moneys and any other moneys paid into the general reserve fund, in the discretion of the authority but subject to agreements with bondholders and noteholders, may be used by the authority:

(1) For the repayment of advances from the state in accordance with the repayment agreements between the authority and the secretary of administration;

(2) To pay all costs, expenses and charges of financing, including fees and expenses of trustees and paying agents;

(3) For transfers to the capital reserve fund;

(4) For the payment of the principal of and interest on notes or bonds issued by the authority when the same become due whether at maturity or on call for redemption and for the payment of any redemption premium required to be paid where such bonds or notes are redeemed prior to

their stated maturities, and to purchase notes or bonds; or

(b) 1. On or before April 30 the chairperson of the authority shall certify to the secretary of administration actual and projected surplus available for the following fiscal year.

2. On or before May 31 the authority shall submit to the governor a plan for expending or encumbering the surplus. The plan shall be consistent with the state housing plan under s. 560.115.

3. The governor may modify the plan and shall submit the plan as modified to the presiding officer of each house of the legislature, who shall refer the plan to appropriate standing committees within 7 days, exclusive of Saturdays, Sundays and legal holidays.

4. The standing committee review period extends for 30 days after the plan is referred to it. If within the 30-day period a standing committee requests the authority to meet with it to review the plan, the standing committee review period is continued until 30 days after the request. If a standing committee and the governor agree to modifications in the plan, the review period for all standing committees is continued until 10 days after receipt by the committees of the modified plan.

5. The plan or modified plan is approved if no standing committee objects to the plan or modified plan within its review period. If a standing committee objects to the plan or modified plan, it shall refer the parts to which objection was made to the joint committee on finance.

6. The joint committee on finance shall meet in executive session within 30 days after referral by a standing committee, but may take action any time after referral. Joint committee on finance action shall consist of concurrence in standing committee objections, modifications to

the parts referred to it which are approved by the governor or approval of the plan or modified plan notwithstanding standing committee objections.

7. The plan is not effective until approved or modified under this paragraph.

(c) Surplus may be expended or encumbered only in accordance with the plan approved under par. (b), except that the authority may transfer from one plan category to another:

1. Not more than 5% of the funds allocated to the plan category from which the transfer is made.

2. More than 5% of the funds allocated to the plan category from which the transfer is made, if the authority obtains the approval of the secretary of administration and notifies the joint committee on finance of the proposed transfer.

(4) To assure the continued operation and solvency of the authority for the carrying out of the veterans housing loan program of this chapter, the authority shall accumulate in the veterans capital reserve fund an amount equal to the veterans capital reserve fund requirement. If at any time the veterans capital reserve fund requirement exceeds the amount of the veterans capital reserve fund, the chairperson of the authority shall certify to the secretary of administration, the governor and the joint committee on finance, the amount necessary to restore the veterans capital reserve fund to an amount equal to the veterans capital reserve fund requirement. If such certification is received by the secretary of administration in an even-numbered year prior to the completion of the budget compilation under s. 16.43, the secretary shall include the certified amount in the budget compilation. In any case, the joint committee on finance shall introduce in either house, in bill form, an appropriation of the amount so certified to the veterans capital reserve fund of the authority. Recognizing its moral obligation to do so, the legislature hereby expresses its expectation and aspiration that, if ever called upon to do so, it shall make such appropriation.

sufficient funds for purchasing certified housing rehabilitation loans or for funding commitments for loans to lenders for certified housing rehabilitation loans; for the establishment of reserves to secure such bonds; and for all other expenditures of the authority incident to or necessary and convenient in connection therewith. The authority may, whenever it deems refunding expedient, refund any bonds by the issuance of new bonds whether the bonds to be refunded have or have not matured, and issue bonds partly to refund bonds then outstanding and partly for the purpose authorized by this section.

All assets and liabilities created through the issuance of bonds to purchase certified housing rehabilitation loans shall be separate from all other assets and liabilities of the authority. No funds of the housing rehabilitation loan program may be commingled with any other funds of the authority.

(3) It is the intent of the legislature that the authority be used to finance the housing rehabilitation loan program. Nothing in this chapter shall be construed to supersede the powers vested in the department of development under s. 560.06 for the purpose of carrying out all program responsibilities for which debt has been incurred by the authority under this section.

(4) The limitations established in s. 234.18, 234.40 or 234.60 are not applicable to bonds issued under the authority of this section. 234.52 Housing rehabilitation loan program loan-loss reserve fund; establishment and use. There shall be paid into such fund the amounts appropriated under s. 20.490 (2) (q), the amounts provided under s. 234.55, any amounts transferred by the authority to such fund from other funds or sources and any other moneys which may be available to the authority for the purposes of such fund from any other source.

(2) Subject to agreements with bondholders, the authority shall use moneys in the fund solely for transfer to the housing rehabilitation loan program bond redemption fund in amounts equal to losses on certified housing rehabilitation loans owned by that fund which are not made good by federal insurance or guarantee payments, and solely for the purposes described in s. 234.55 (2) (a). Any balance remaining after payment or due provision for payment of all outstanding bonds issued under the authority of s. 234.50 shall be transferred to the housing

rehabilitation loan program administration fund only for the purpose of deposit in the state general fund.

(3) Moneys of the fund may be invested as provided in s. 234.03 (18). All such investments shall be the exclusive property of the fund. All earnings on or income from such investments shall be credited to the fund.

History: 1977 c. 418.

234.53 Housing rehabilitation loan fund.

(1) The authority shall establish the housing rehabilitation loan fund. All moneys resulting from the sale of bonds issued under the authority of s. 234.50, not including bonds issued to refund outstanding bonds, and unless credited to the housing rehabilitation loan program capital reserve or bond redemption funds, shall be credited to such fund.

(2) The authority shall use moneys in the fund for the purpose of purchasing certified housing rehabilitation loans or for funding commitments for loans to lenders for certified housing rehabilitation loans. All disbursements of funds under this section for purchasing such loans shall be made payable to an authorized lender as defined in s. 560.06 (1) (b) or a duly authorized agent thereof.

(3) Moneys of the fund may be invested as provided in s. 234.03 (18). All such investments shall be the exclusive property of the fund. All earnings on or income from such investments shall be credited to the fund.

(4) The authority may use moneys in the fund to cover actual and necessary expenses incurred in the sale of housing rehabilitation bonds and investment of the proceeds thereof.

(5) Any moneys not needed for the purposes of the fund shall be transferred to the housing rehabilitation loan program bond redemption fund.

History: 1977 c. 418; 1979 c. 361 s. 113.

234.54 Housing rehabilitation loan program capital reserve fund. (1) The authority shall establish the housing rehabilitation loan program capital reserve fund to secure the bonds issued under the authority of s. 234.50, and shall pay into such fund any moneys appropriated and made available by the state for the purposes of such fund, any proceeds of sale of housing rehabilitation bonds to the extent provided in the resolution of the authority authorizing the issuance thereof and any other moneys which are made available to the authority for the purpose of such fund from any other source.

(2) All moneys held in the housing rehabilitation loan program capital reserve fund, except as otherwise specifically provided, shall be used, as required, solely for the payment of the princi-

pal of bonds of the authority secured in whole or in part by such fund or of sinking fund payments with respect to such bonds, the purchase or redemption of such bonds, the payment of interest on such bonds or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; but, if moneys in such fund at any time are less than the capital reserve fund requirement established for such fund as provided in this section, the authority shall not use such moneys for any optional purchase or optional redemption of such bonds. Any income or interest earned by, or increment to, the capital reserve fund due to the investment thereof may be transferred by the authority to other housing rehabilitation loan program funds or accounts of the authority to the extent such transfer does not reduce the amount of the capital reserve fund below the capital reserve fund requirement for the fund.

(3) The authority may not issue bonds, secured in whole or in part by the capital reserve fund if upon the issuance of such bonds, the amount in such capital reserve fund will be less than the capital reserve fund requirement of such fund, unless the authority, forthwith upon the issuance of such bonds, deposits in such fund from the proceeds of the bonds to be issued, or from other sources, an amount which, together with the amount then in such fund, will not be less than the capital reserve fund requirement for such fund. For purposes of this section, "Capital reserve fund requirement" means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which such fund is established, which amount may not exceed the maximum annual debt service on the bonds of the authority for that calendar year or any future calendar year secured in whole or in part by such fund. The annual debt service for any calendar year is the amount of money equal to the aggregate of a) all interest payable during such calendar year on all bonds secured in whole or in part by such fund outstanding on the date of computation; and b) the principal amount of all such bonds outstanding on said date of computation which mature during such calendar year; and c) all amounts specified in any resolution of the authority authorizing any of such bonds as payable during such calendar year as a sinking fund payment with respect to any of such bonds which mature after such calendar year, all calculated on the assumption that such bonds will after such date of computation cease to be outstanding by reason, but only by reason, of the payment of bonds when due, and the payment when due and application in accordance with the resolution

authorizing those bonds, of all of such sinking fund payments payable at or after such date of computation. However, in computing the annual debt service for any calendar year, bonds deemed to have been paid in accordance with the defeasance provisions of the resolution of the authority authorizing the issuance thereof may not be included in bonds outstanding on such date of computation.

(4) (a) To assure the continued operation and solvency of the authority for the carrying out of the public purposes of this chapter, the authority shall accumulate in the capital reserve fund an amount equal to the capital reserve fund requirement for such fund.

(b) If at any time the capital reserve fund requirement for the capital reserve fund exceeds the amount of such capital reserve fund, the chairperson of the authority shall certify to the secretary of administration, the governor and the joint committee on finance the amount necessary to restore such capital reserve fund to an amount equal to the capital reserve fund requirement in respect thereto. If such certification is received by the secretary of administration in an even-numbered year prior to the completion of the budget compilation under s. 16.43, the secretary shall include the certified amount in the budget compilation. In any case, the joint committee on finance shall introduce in either house, in bill form, an appropriation of the amount so certified to the capital reserve fund. Recognizing its moral obligation to do so, the legislature hereby expresses its expectation and aspiration that, if ever called upon to do so, it shall make such appropriation.

(c) Paragraph (b) applies only to bonds issued before December 31, 1983.

(5) In computing the amount of the capital reserve fund for the purposes of this section, securities in which all or a portion of such capital reserve fund is invested shall be valued at par, or if purchased at less than par, at their cost to the authority, adjusted to reflect the amortization of discount or premium paid upon their purchase.

(6) Notwithstanding subs. (1) to (5), the authority, subject to such agreements with bondholders as may then exist, may elect not to secure any particular issue or series of its bonds with the capital reserve fund. Such election shall be made in the resolution authorizing such issue or series. In this event, subs. (2) and (3) shall not apply to the bonds of such issue or series in that they shall not be entitled to payment out of or be eligible for purchase by such fund nor may they be taken into account in computing or applying any capital reserve fund requirement.

History: 1977 c. 418; 1981 c. 21.

All moneys received from the repayment of such loans, any amounts transferred by the authority to such fund pursuant to s. 234.52 or from other funds or sources, any federal insurance or guarantee payments with respect to such loans, all moneys resulting from the sale of bonds for the purpose of refunding outstanding housing rehabilitation bonds unless credited to the housing rehabilitation loan program capital reserve fund, and any other moneys which may be available to the authority for the purpose of such fund, shall be deposited into such fund to be used for the repayment of housing rehabilitation bonds issued under the authority of s. 234.50.

(2) Subject to agreements with bondholders and except as provided in sub. (3), the authority may use moneys in the fund solely:

(a) For the payment of the principal of and interest on housing rehabilitation bonds of the authority when the same become due whether at maturity or on call for redemption and for the payment of any redemption premium required to be paid when such bonds are redeemed prior to their stated maturities, and to purchase such bonds;

(c) For transfer to the housing rehabilitation loan program loan loss reserve fund; or

(3) Any balance remaining after satisfaction of all obligations under sub. (2) shall be transferred to the housing rehabilitation loan program administration fund only for the purpose of deposit in the state general fund.

(4) Moneys of the fund may be invested as provided in s. 234.03 (18). All such investments shall be the exclusive property of the fund. All

earnings on or income from such investments shall be credited to the fund.
