115.46 Interstate agreement on qualification of educational personnel. The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

INTERSTATE AGREEMENT ON
QUALIFICATION OF EDUCATIONAL PERSONNEL

(1) ARTICLE I - PURPOSE, FINDINGS, AND POLICY. (a) The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

(b) The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

(2) ARTICLE II - DEFINITIONS. As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

(a) "Accept", or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

(b) "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this agreement.

(c) "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

(d) "Originating state" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to sub. (3).

(e) "Receiving state" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to sub. (3).

(f) "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

(3) ARTICLE III - INTERSTATE EDUCATIONAL PERSONNEL CONTRACTS. (a) The designated state official of a party state may make one or more contracts on behalf of his state with one or more party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this subsection only

with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

(b) Any such contract shall provide for:

1. Its duration.

2. The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.

3. Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

4. Any other necessary matters.

(c) No contract made pursuant to this agreement shall be for a term longer than 5 years but any such contract may be renewed for like or lesser periods.

(d) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

(e) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(f) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

(4) ARTICLE IV - APPROVED AND ACCEPTED PROGRAMS. (a) Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

(b) To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

(5) ARTICLE V - INTERSTATE COOPERATION. The party states agree that:

(a) They will, so far as practicable, prefer the making of multilateral contracts under sub. (3).

(b) They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

(6) ARTICLE VI - AGREEMENT EVALUATION. The designated state officials of any party states may meet from time to time as a group to evaluate progress under the agreement, and to formulate recommendations for changes.

(7) ARTICLE VII - OTHER ARRANGEMENTS. Nothing in this agreement shall be construed to prevent or inhibit other

arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

(8) **ARTICLE VIII - EFFECT AND WITHDRAWAL.** (a) This agreement shall become effective when enacted into law by 2 states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

(b) Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

(c) No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

(9) **ARTICLE IX - CONSTRUCTION AND SEVERABILITY.** This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

History: 1981 c. 390; 1983 a. 189

115.47 Designated state official under agreement. The "designated state official" for this state under s. 115.46 shall be the state superintendent of public instruction.

True copies of all contracts made on behalf of this state pursuant to the agreement shall be kept on file in the department of public instruction and in the office of the secretary of state. The department of public instruction shall publish all such contracts in convenient form.

(3) **STATUS DURING APPEAL.** The school board may not change the educational placement of a child with exceptional educational needs who is the subject of a hearing, appeal or court proceeding conducted under this subchapter during the pendency of the hearing, appeal or court proceeding unless the change is made with the written consent of the child's parent. (4) is in error, he or she may obtain an independent evaluation of the child and have the report considered by the school board and presented as evidence in the hearing. The school board shall pay the costs of the independent evaluation unless the parent refuses to give the school board a copy of the independent evaluation or it is found at a hearing that the school board's multidisciplinary

team evaluation is appropriate or that the independent evaluation does not meet standards set by the department.

(6) HEARING AND DECISION. Upon receipt of a request for a hearing under sub. (1) (a) or the initiation of a hearing under sub. (1) (b), a school board shall appoint an impartial hearing officer. The hearing officer shall conduct the hearing and shall issue a decision within 45 days of the receipt of the request for the hearing under sub. (1) (a) or the initiation of the hearing under sub. An appeal under this subsection shall be initiated by filing a written request for review with the state superintendent. The request for review shall contain a brief statement of the grounds on which the review is requested and shall be served on all parties. The state superintendent shall appoint an impartial reviewing officer to conduct the appeal. The reviewing officer shall review the record established at the hearing under sub. (6) and issue a written decision within 30 days of receipt of the request for review. A reviewing officer may receive additional testimony and may grant specific extensions of time for cause at the request of either party.

(7m) APPEAL TO GOVERNING BODY OF FACILITY. 2. The child's parents are not available.

3. The child is a ward of or in the legal custody of a public agency, or a child welfare agency licensed under s. 48.60, that has the authority to make educational decisions for the child.

(b) The school board may not appoint as a surrogate parent for a child any employe of a public agency, or a child welfare agency licensed under s. 48.60, who is involved in the education or care of the child.

The school board shall ensure that a continuum of alternative placements is available to meet the needs of children with exceptional educational needs.

(b) A school district may provide special education for preschool children under the age of 3 years and instruction for their parents. Such special education shall be subject to the approval of and shall comply with requirements established by the state superintendent.

(c) The school board shall submit to the division any information it requires concerning special education in state or county facilities supervised by the division under s. 115.77 (3) (d) and shall advise the superintendent of each such facility.

(2) **PLACEMENT IN APPROPRIATE PROGRAM.** The school board shall provide an appropriate educational placement for a child with exceptional educational needs. The school board may delegate this responsibility. The governing body of a state or county residential facility shall place in an appropriate special education program a child who resides and is receiving special education only in the facility.

(a) If the school district, the county in which the child resides or the cooperative educational service agency for the school district in which the child resides operates an appropriate special education program, the child shall be placed in such program.

(am) If an agency enumerated in par. (a) does not operate a special education program which is appropriate for the child's needs, or if requested by the child's parents and recommended by the staff who developed the child's educational placement, the child may be placed in a model school special education program established under s. 36.25 (19). If the school board utilizes this placement option, the school district of residence shall pay any tuition charges for the child.

(b) If an agency enumerated in par. (a) does not operate a special education program which is appropriate for the child's needs, the child shall be placed in a program operated in this state by a public agency as near as possible to the place where the child resides, except as provided under pars. (c) and (d).

(d) If the local school board utilizes the placement option under this paragraph, the school district of residence and not the county of residence shall pay tuition charges for exceptional children.

(c) 1. Upon the approval of the state superintendent, the child may be placed in a public special education program located in another state.

2. The state superintendent shall approve a placement in a public special education program located in another state if he or she determines that it is appropriate to meet the child's exceptional educational needs and that:

a. There is no appropriate program available in this state without the use of a boarding home or residential placement and the proposed placement will enable the child to reside at

home and receive daily transportation to and from the placement; or

b. The proposed placement will result in a significant reduction in daily transportation costs or the child's time in transit to the program while the child resides at home.

3. If the local school board utilizes a placement option under this paragraph, the school district of residence and not the county of residence shall pay tuition charges for exceptional children.

(d) To provide a special education program which is appropriate to the child's needs, the school board may, upon approval of the state superintendent and if no equivalent public program is available, contract with a private special education service if the placement is warranted on the basis of a less restrictive environment alternative. Private special education services provided under this subchapter may not include religious or sectarian teachings or instruction. If the local school board utilizes the placement option under this paragraph, the school district of residence and not the county of residence shall pay tuition charges for exceptional children.

(e) The school board may place a child with exceptional educational needs in a special education program at the home, residence or other location of the child only if there is a physician's statement in writing that the child is unable to attend school.

(2m) **PLACEMENT DISPUTES.** If a dispute arises between the school board and the department of health and social services or a county department under s. 46.215, 46.22 or 46.23 over the placement of a child in an appropriate program under sub. (2), the state superintendent shall resolve the dispute. This subsection applies only to placements in nonresidential educational programs made under ss. 48.48 (4) and 48.57 (1) (c).

(3) **SCHOOL DISTRICT PLAN.** Annually, on or before August 15, each school board shall report to the department such information as it requires, including the following:

(a) The total number of children who reside in the district and who have been placed in special education programs under s. 115.85 (2), the exceptional educational needs of each such child and the school attended or special education received by each such child. The report shall also specify the number of children with exceptional educational needs who are known to the school district and who are under the age of 3 years and the exceptional educational needs of each such child.

(b) A description of the screening process for exceptional educational needs provided under s. 115.80 (2) to each child who enters public school in the district.

(c) A description of the special education programs in which children who reside in the district have been placed under sub. (2), the number of persons attending each pursuant to sub. (2) and the qualifications of the staff of each such special education program.

(d) An evaluation, in terms of the goals identified under s. 115.78 (5), of the progress made by each special education program in which children who reside in the district are placed under sub. (2).

(e) An evaluation of the progress made by each child who resides in a facility operated by the state or a county, who has attained the age of 3 years and whose parent resides in the district and a statement of the expected duration of the child's stay in such facility.

(f) Plans for new, expanded, or reduced public school special education programs or for discontinuation of any such program or part of such program.

(4) **SCHOOL BOARD REFERRALS.** Annually, on or before August 15, each school board shall report to the appropriate

county departments under ss. 51.42 and 51.437 the names of children who reside in the school district, are at least 16 years of age, are not expected to be enrolled in an educational program 2 years from the date of the report and may require services described under s. 51.42 or 51.437 (1). This subsection does not affect a school district's responsibility under sub. (1) to make programs available to children with exceptional educational needs who are under the age of 21.

History: 1971 c. 125 ss. 449, 522 (1); 1973 c. 89, 90, 333, 336; 1975 c. 39; 1977 c. 29, 418; 1979 c. 34; 1981 c. 251; 1983 a. 375; 1985 a. 29 s. 3202 (56); 1985 a. 176; 1989 a. 26, 31, 107.

Sub. (2) (d), Stats. 1973, is constitutional. See note to art. I, sec. 18, citing State ex rel. Warren v. Nusbaum, 64 W (2d) 314, 219 NW (2d) 577.

Requirement of DPI that the options under (2) are to be considered sequentially and not alternatively, is a rational one. Though the state must provide each child with an equal educational opportunity, it is not necessarily required to do so in the context of a neighborhood or conveniently accessible setting. *Panitch v. State of Wisconsin*, 390 F Supp. 611.

115.86 Handicapped children's education board. (1) DEFINITIONS. In this section "board" means the county handicapped children's education board.

(c) A school district shall be included under such county program only to the extent approved by formal action of the school board. Each school district that participates in the county program for any of the handicaps under s. 115.76 (3), or subdivisions thereof under s. 115.76 (3) (b) based upon the severity of the handicap, must subscribe to all of the services offered by the board for each of the handicaps or subdivisions thereof under s. 115.76 (3) (b), for which the school board has resolved to participate. Board members shall hold office for a term of 3 years, except that the terms of office of members of the first board shall be 3 years, 2 years and one year. Board members shall receive compensation and reimbursement for mileage in an amount fixed by the county board of supervisors, but not more than that of county board members.

(b) The board annually shall select one member as chairman and one as secretary. The county treasurer shall serve as board treasurer but shall not be a member of the board.

(c) The board shall appoint an advisory committee whose membership includes school district administrators representative of the area the board serves.

(a). The board shall be responsible for all programs contracted under this paragraph.

(7) WITHDRAWAL AND DISSOLUTION. (a) The school board of any district which is included under the administration of a board may withdraw from participation in any part of the program only with the approval of the state superintendent after conference with the board and a determination by the state superintendent that such withdrawal is in the interest of the program in the county and the school district affected. Such withdrawal shall be effective only if the school board has the approval of the division to establish an equivalent part of a program. Such withdrawal shall be effective either December 31 or June 30 provided that 12 months' notice has been given to the board. The withdrawing school district shall be liable for its proportionate share of all operating costs until its withdrawal becomes effective, shall continue to be liable for its share of debt incurred while it was a participant and shall receive no share in the assets.

(b) A program established under this section may be dissolved by action of the county board, but such dissolution shall not take place until the end of the school term in which the action was taken. When a program is dissolved, assets and liabilities shall be distributed under s. 66.03 to all units which participated in the program.

(8) TRANSPORTATION. The board may promulgate a plan for the transportation at county expense of children who are participating in special education programs under this section, special education programs operated at day care centers or special education programs operated by a private organization within whose attendance area the child resides and which is situated not more than 5 miles beyond the boundaries of the area the board serves, as measured along the usually traveled route. (9) **AREA TAXED.** (a) The tax for the operation and maintenance of each part of a special education program and for the transportation of children under sub. (8) shall be levied against the area of the county participating in the part of the program.

(c) Upon the adoption of a resolution by a majority of the school boards that are located in whole or in part in the county and are participating in the county program under sub. (2) (c), this subsection shall not apply commencing on the effective date of the resolution. A resolution adopted under this paragraph between January 1 and June 30 in any year shall be effective on January 1 of the year commencing after its adoption. A resolution adopted under this paragraph between July 1 and December 31 in any year shall be effective on January 1 of the 2nd year commencing after its adoption. In the year in which the resolution is effective, the county budget under s. 59.84 or 65.90 shall include a line item for the special education program.

SUBCHAPTER VII

BILINGUAL-BICULTURAL EDUCATION

115.95 Legislative findings and declaration of policy. (1) The legislature finds that:

(a) There are pupils in this state who enter elementary and secondary school with limited or nonexistent English speaking ability due to the use of another language in their family or in their daily, nonschool environment.

(b) Classes conducted in English do not always provide adequate instruction for children whose English language abilities are limited or nonexistent.

(c) It is beneficial to pupils from bicultural and monocultural backgrounds to participate in bilingual-bicultural programs where such programs are available in order to instill respect for non-English languages and cultures in all pupils.

(2) It is the policy of this state to provide equal educational opportunities by ensuring that necessary programs are available for limited-English speaking pupils while allowing each school district maximum flexibility in establishing programs suited to its particular needs. To this end, this subchapter establishes bilingual-bicultural education programs for pupils in school districts with specified concentrations of limited-English speaking pupils in the attendance areas of particular schools.

(3) It is the policy of this state to reimburse school districts, in substantial part, for the added costs of providing the programs established under this subchapter.

(4) It is the policy of this state that a limited-English speaking pupil participate in a bilingual-bicultural education program only until such time as the pupil is able to perform ordinary classwork in English.

(5) It is the policy of this state that fundamental courses may be taught in the pupil's non-English language to support the understanding of concepts, while the ultimate objective shall be to provide a proficiency in those courses in the English language in order that the pupil will be able to participate fully in a society whose language is English.

(6) Furthermore, it is the policy of this state to encourage reform, innovation and improvement in graduate education, in the structure of the academic profession and in the recruitment and retention of higher education and graduate school faculties, as related to bilingual-bicultural education, and to give special recognition to persons who possess a reading ability and speaking fluency in a non-English language and an understanding of another culture.
