50.02 Department; powers and duties. (1) DEPARTMENTAL AUTHORITY. The department may provide uniform, statewide licensing, inspection and regulation of community-based residential facilities and nursing homes as provided in this subchapter. The department may certify, inspect and otherwise regulate adult family homes, as specified under s. 50.032. Nothing in this subchapter may be construed to limit the authority of the department of industry, labor and human relations or of municipalities to set standards of building safety and hygiene, but any local orders of municipalities shall be consistent with uniform, statewide regulation of community-based residential facilities. The department may not prohibit any nursing home from distributing over-the-counter drugs from bulk supply. The department may consult with nursing homes as needed and may provide

specialized consultations when requested by any nursing home, separate from its inspection process, to scrutinize any particular questions the nursing home raises. The department shall, by rule, define "specialized consultation".

(2) **STANDARDS.** (a) The department, by rule, shall develop, establish and enforce regulations and standards for the care, treatment, health, safety, rights, welfare and comfort of residents in community-based residential facilities and nursing homes and for the construction, general hygiene, maintenance and operation of those facilities which, in the light of advancing knowledge, will promote safe and adequate accommodation, care and treatment of residents in those facilities; and promulgate and enforce rules consistent with this section. Such standards and rules shall provide that intermediate care facilities, which have 16 or fewer beds may, if exempted from meeting certain physical plant, staffing and other requirements of the federal regulations, be exempted from meeting the corresponding provisions of the department's standards and rules. The department shall consult with the department of industry, labor and human relations when developing exemptions relating to physical plant requirements.

(am) The department shall promulgate rules with respect to adult family homes defining the term "permanent basis" for the purposes of s. 50.032 (2m) and establishing minimum requirements for certification, certification application procedures and forms, standards for operation and procedures for monitoring, inspection, decertification and appeal of decertification. The rules shall be designed to protect and promote the health, safety and welfare of the disabled adults receiving care and maintenance in certified adult family homes.

(b) The department may conduct plan reviews of all capital construction and remodeling of nursing homes. The fees for each review shall be the same as those for hospitals under s. 50.36 (2).

(c) If a nursing home is certified as a provider of services under s. 49.45 (2) (a) 11 and is named in a verified complaint filed with the department stating that staffing requirements imposed on the nursing home are not being met, the department shall, in order to verify the staffing requirements, randomly inspect payroll records at the nursing home that indicate the actual hours worked by personnel and the number of personnel on duty. The department may not limit its inspection to schedules of work assignments prepared by the nursing home.

(3) **CONSIDERATIONS IN ESTABLISHING STANDARDS AND REGULATIONS.** (a) The department shall establish several levels and types of community-based residential facilities and nursing homes as provided in par. (b), including a category or categories designed to enable facilities to qualify for federal funds.

(b) In setting standards and regulations, the department shall consider the residents' needs and abilities; the increased cost in relation to proposed benefits to be received, the services to be provided by the facility, the relationship between the physical structure and the objectives of the program conducted in the facility and the primary functions of the facility. Recognizing that size and structure will influence the ability of community-based residential facilities to provide a homelike environment, the legislature encourages the department to develop rules which facilitate in particular the development of: small facilities, small living units in larger facilities, individual residential units, independent living to the extent possible; and integration of residents into the community.

(c) The department shall promulgate rules to establish a procedure for waiver of and variance from standards developed under this section. The department may limit the duration of the waiver or variance.

(d) The department shall promulgate rules to establish a procedure for the admission, evaluation and care of short-term care nursing home residents. These rules shall specify that the nursing home or community-based residential facility shall be required to provide to the department as documentation of this admission, evaluation and care only that amount of information commensurate with the length of stay and the medical needs, if any, of the particular resident.

(4) REPORTS TO THE BOARD ON AGING AND LONG-TERM CARE. The department shall submit at least one report quarterly to the board on aging and long-term care regarding enforcement actions, consultation, staff training programs, new procedures and policies, complaint investigation and consumer participation in enforcement under this subchapter and changes that may be needed under this subchapter. The department shall submit at least one report annually to the board on aging and long-term care regarding implementation of rules under sub. (3) (d).

(5) DEATH INVESTIGATION. No later than 14 days after the date of a death reported under s. 50.035 (5) (b) or 50.04 (2) (b), the department shall investigate the death.

History: 1971 c. 125, 161; 1973 c. 122, 323, 327, 333; 1975 c. 119, 260; 1975 c. 413 ss. 5 to 8; 1977 c. 29, 170, 418; 1981 c. 20, 121, 391; 1983 a. 542; 1985 a. 29; 1987 a. 161; 1989 a. 336.

Municipal ordinance which required registration of nursing homes was in direct conflict with (1) and, therefore, invalid. *Volunteers of America v. Village of Brown Deer*, 97 W (2d) 619, 294 NW (2d) 44 (Ct. App. 1980).

The state has given the department preemptive authority over community-based residential facilities and nursing homes. 68 Atty. Gen. 45.

50.025 Plan reviews. The department may conduct plan reviews of all capital construction and remodeling of community-based residential facilities. The fees for each review shall be the same as those for hospitals under s. 50.36 (2).

History: 1977 c. 29; 1977 c. 170 ss. 7, 9.

50.03 Licensing, powers and duties. (1) PENALTY FOR UNLICENSED OPERATION. No person may conduct, maintain, operate or permit to be maintained or operated a community-based residential facility or nursing home unless it is licensed by the department. Any person who violates this subsection may, upon a first conviction, be fined not more than \$500 for each day of unlicensed operation or imprisoned not more than 6 months or both. Any person convicted of a subsequent offense under this subsection may be fined not more than \$5,000 for each day of unlicensed operation or imprisoned not more than one year in the county jail or both.

(1m) DISTINCT PART OR SEPARATE LICENSURE FOR INSTITUTIONS FOR MENTAL DISEASES. Upon application to the department, the department may approve licensure of the operation of a nursing home or a distinct part of a nursing home as an institution for mental diseases, as defined under 42 CFR 435.1009. Conditions and procedures for application for, approval of, operation under and renewal of licensure under this subsection shall be established in rules promulgated by the department.

(2) ADMINISTRATION. (a) The department shall make or cause to be made such inspections and investigations as it deems necessary.

(b) With approval of the department, the county board of any county having a population of 500,000 or more may, in an effort to assure compliance with this section, establish a program for the inspection of facilities licensed under this section within its jurisdiction. If a county agency deems such action necessary after inspection, the county agency may,

after notifying the department, withdraw from the facility any persons receiving county support for care in a facility which fails to comply with the standards established by this section or rules promulgated under this section.

(c) The department shall conduct both announced and unannounced inspections. Inspections of records not directly related to resident health, welfare or safety shall be made between the hours of 8 a.m. and 5 p.m. unless specifically authorized by the secretary. Any employee of the department who intentionally gives or causes to be given advance notice of an unannounced inspection to any unauthorized person is subject to disciplinary action ranging from a 5-day suspension without pay to termination of employment.

(d) Any holder of a license or applicant for a license shall be deemed to have given consent to any authorized officer, employee or agent of the department to enter and inspect the facility in accordance with this subsection. Refusal to permit such entry or inspection shall constitute grounds for denial, nonrenewal or revocation of license as provided in sub. (5).

(e) The applicant or licensee may review inspection reports and may submit additional information to the department. Portions of the record may be withheld to protect the confidentiality of residents or the identity of any person who has given information subject to the condition that his or her identity remain confidential.

(f) 1. If a complaint is received by a community-based residential facility, the licensee shall attempt to resolve the complaint informally. Failing such resolution, the licensee shall inform the complaining party of the procedure for filing a formal complaint under this section.

2. Any individual may file a formal complaint under this section regarding the general operation of a community-based residential facility and shall not be subject to reprisals for doing so. All formal complaints regarding community-based residential facilities shall be filed with the county department under s. 46.215 or 46.22 on forms supplied by the county department, unless the county department designates the department of health and social services to receive a formal complaint. The county department shall investigate or cause to be investigated each formal complaint. Records of the results of each investigation and the disposition of each formal complaint shall be kept by the county department and filed with the unit within the department of health and social services which licenses community-based residential facilities.

3. Upon receipt of a formal complaint, the county department may investigate the premises and records, and question the licensee, staff and residents of the community-based residential facility involved. The county department shall attempt to resolve the situation through negotiation or other appropriate means.

4. If no resolution is reached, the county department shall forward the formal complaint, the results of the investigation, and any other pertinent information to the unit within the department which may take further action under this chapter against the community-based residential facility. The unit shall review the complaint and may conduct further investigations, take enforcement action under this chapter or dismiss the complaint. The department shall notify the complainant in writing of the formal disposition of the complaint and the reasons therefor. If the complaint is dismissed, the complainant is entitled to an administrative hearing conducted by the department to determine the reasonableness of the dismissal.

5. If the county department designates the department to receive formal complaints, the subunit under s. 46.03 (22) (c) shall receive the complaints and the department shall have all

the powers and duties granted to the county department in this section.

(2m) SERVICE OF NOTICES. (a) Each licensee or applicant for license shall file with the department the name and address of a person authorized to accept service of any notices or other papers which the department may send by registered or certified mail, with a return receipt requested.

(b) Notwithstanding s. 879.05, wherever in this subchapter the department is required to serve any notice or other paper on a licensee or applicant for license, personal service or the sending of the notice or paper by registered or certified mail, with a return receipt requested, to the most recent address on file with the department under par. (a) shall constitute proper service.

(3) APPLICATION FOR REGISTRATION AND LICENSE. (am) In this subsection, "managing employe" means a general manager, business manager, administrator, director or other individual who exercises operational or managerial control over, or who directly or indirectly conducts, the operation of the facility.

(b) The application for a license or a license renewal shall be in writing upon forms provided by the department and shall contain such information as the department requires, including the name, address and type and extent of interest of each of the following persons:

1. All managing employes and, if any, the director of nursing of the facility.

2. Any person who, directly or indirectly, owns any interest in any of the following:

a. The partnership, corporation or other entity which operates the facility;

b. The profits, if any, of the facility;

c. The building in which the facility is located;

d. The land on which the facility is located;

e. Any mortgage, note, deed of trust or other obligation secured in whole or in part by the land on which or building in which the facility is located, except that disclosure of the disbursements of a secured mortgage, note, deed of trust or other obligation is not required; and

f. Any lease or sublease of the land on which or the building in which the facility is located.

3. If any person named in response to subd. 1 or 2 is a partnership, then each partner.

4. If any person named in response to subd. 1 or 2 is a corporation, then each officer and director of the corporation. In the case of a corporation required to report under section 12 of the securities exchange act, a copy of that report shall meet the requirements of this subdivision with respect to stockholders of the corporation. A report filed under this subdivision shall be the most recent report required to be filed under section 12 of the federal securities exchange act.

(c) If any person named in response to par. (b) 2 is a bank, credit union, savings and loan association, investment association or insurance corporation, it is sufficient to name the entity involved without providing the information required under par. (b) 4.

(d) The licensee shall promptly report any changes which affect the continuing accuracy and completeness of the information required under par. (b).

(e) Failure by a nursing home to provide the information required under this subsection shall constitute a class "C" violation under s. 50.04 (4).

(f) Community-based residential facilities applying for renewal of license shall report all formal complaints regarding their operation filed under sub. (2) (f) and the disposition of each.

(4) ISSUANCE OF LICENSE. (a) 1. Except as provided in sub. (4m), the department shall issue a license if it finds the applicant to be fit and qualified, and if it finds that the facility meets the requirements established by this subchapter. The department, or its designee, shall make such inspections and investigations as are necessary to determine the conditions existing in each case and shall file written reports. The department may designate and use full-time city or county agencies as its agents in making the inspections and investigations, including such subsequent inspections and investigations as are deemed necessary or advisable. The department shall reimburse the city or county furnishing such service at the rate of \$25 per year per license issued in the municipality. Before renewing the license of any community-based residential facility, the department shall consider all formal complaints filed under sub. (2) (f) during the current license period and the disposition of each. The department shall promulgate rules defining "fit and qualified" for the purposes of this subdivision.

2. The past record of violations of applicable laws and regulations of the United States or of this or any other state, in the operation of a residential or health care facility, or in any other health-related activity by any of the persons listed in sub. (3) (b) shall be relevant to the issue of the fitness of an applicant for issuance or renewal of a license.

3. Within 10 working days after receipt of an application for initial licensure of a community-based residential facility, the department shall notify the city, town or village planning commission, or other appropriate city, town or village agency if there is no planning commission, of receipt of the application. The department shall request that the planning commission or agency send to the department, within 30 days, a description of any specific hazards which may affect the health and safety of the residents of the community-based residential facility. No license may be granted to a community-based residential facility until the 30-day period has expired or until the department receives the response of the planning commission or agency, whichever is sooner. In granting a license the department shall give full consideration to such hazards determined by the planning commission or agency.

(c) Unless sooner revoked or suspended, a community-based residential facility license shall be valid for one year. Unless sooner revoked or suspended, a nursing home license is valid for one year, but may be issued to a new licensee for less than one year to coincide with the date of federal medical assistance certification as a skilled nursing facility or intermediate care facility. At least 120 days but not more than 150 days prior to license expiration, the applicant shall submit an annual report and application for renewal of the license in such form and containing such information as the department requires. If the report and application are approved, the license shall be renewed for an additional one-year period. If application for renewal and a complete annual report are not timely filed, the department shall issue a warning to the licensee. Failure to make application for renewal within 30 days thereafter may be grounds for nonrenewal of the license.

(d) Immediately upon the denial of any application for a license under this section, the department shall notify the applicant in writing. Notice of denial shall include a clear and concise statement of the violations on which denial is based and notice of the opportunity for a hearing under s. 227.44. If the applicant desires to contest the denial of a license it shall provide written notice to the department of a request for a hearing within 10 days after receipt of the notice of denial.

(e) Each license shall be issued only for the premises and persons named in the application and shall not be transfer-

able or assignable. The license shall be posted in a place readily visible to residents and visitors, such as the lobby or reception area of the facility. Any license granted shall state the maximum bed capacity allowed, the person to whom the license is granted, the date, the expiration date, the maximum level of care for which the facility is licensed as a condition of its licensure and such additional information and special limitations as the department, by rule, may prescribe.

(f) The issuance or renewal of a license after notice of a violation has been sent shall not constitute a waiver by the department of its power to rely on the violation as the basis for subsequent license revocation or other enforcement action under this subchapter arising out of the notice of violation.

(g) Prior to initial licensure of a community-based residential facility, the applicant for licensure shall make a good faith effort to establish a community advisory committee consisting of representatives from the proposed community-based residential facility, the neighborhood in which the proposed community-based residential facility will be located and a local unit of government. The community advisory committee shall provide a forum for communication for those persons interested in the proposed community-based residential facility. Any committee established under this paragraph shall continue in existence after licensure to make recommendations to the licensee regarding the impact of the community-based residential facility on the neighborhood. The department shall determine compliance with this paragraph both prior to and after initial licensure.

(4m) PROBATIONARY LICENSE. If the applicant has not been previously licensed under this subchapter or if the facility is not in operation at the time application is made, the department shall issue a probationary license. A probationary license shall be valid for 12 months from the date of issuance unless sooner suspended or revoked under sub. (5). Within 30 days prior to the termination of a probationary license, the department shall fully and completely inspect the facility and, if the facility meets the applicable requirements for licensure, shall issue a regular license under sub. (4). If the department finds that the facility does not meet the requirements for licensure, the department may not issue a regular license under sub. (4).

(5) NONRENEWAL AND REVOCATION. (a) *Power of department.* The department, after notice to the applicant or licensee, may suspend, revoke or refuse to renew a license in any case in which the department finds that there has been a substantial failure to comply with the requirements of this subchapter and the rules promulgated under this subchapter. No state or federal funds passing through the state treasury may be paid to a facility not having a valid license issued under this section.

(b) *Form of notice.* Notice under this subsection shall include a clear and concise statement of the violations on which the nonrenewal or revocation is based, the statute or rule violated and notice of the opportunity for an evidentiary hearing under par. (c).

(c) *Contest of nonrenewal or revocation.* If a facility desires to contest the nonrenewal or revocation of a license, the facility shall, within 10 days after receipt of notice under par. (b), notify the department in writing of its request for a hearing under s. 227.44. The department shall hold the hearing within 30 days of receipt of such notice and shall send notice to the facility of the hearing as provided under s. 227.44 (2).

(d) *Effective date of nonrenewal or revocation.* 1. Subject to s. 227.51 (3), revocation shall become effective on the date set by the department in the notice of revocation, or upon final

action after hearing under ch. 227, or after court action if a stay is granted under sub. (11), whichever is later.

2. Subject to s. 227.51 (2), nonrenewal shall become effective on the date of expiration of any existing license, or upon final action after hearing under ch. 227, or after court action if a stay is granted under sub. (11), whichever is later.

3. The department may extend the effective date of license revocation or expiration in any case in order to permit orderly removal and relocation of residents.

(5m) RESIDENT REMOVAL. (a) *Departmental authority.* The department may remove any resident from any facility required to be licensed under this chapter when any of the following conditions exist:

1. Such facility is operating without a license.

2. The department has suspended, revoked or refused to renew the existing license of the facility as provided under sub. (5).

3. The department has initiated revocation or nonrenewal procedures under sub. (5) and has determined that the lives, health, safety, or welfare of the resident cannot be adequately assured pending a full hearing on license nonrenewal or revocation under sub. (5).

4. The facility has requested the aid of the department in the removal of the resident and the department finds that the resident consents to removal or that the removal is made for valid medical reasons or for the welfare of the resident or of other residents.

5. The facility is closing, intends to close or is changing its type or level of services or means of reimbursement accepted and will relocate at least 5 residents or 5% of the residents, whichever is greater.

6. The department determines that an emergency exists which requires immediate removal of the resident. An emergency is a situation, physical condition or one or more practices, methods or operations which presents imminent danger of death or serious physical or mental harm to a resident of a facility.

(b) *Removal decision.* In deciding to remove a resident from a facility under this subsection, the department shall balance the likelihood of serious harm to the resident which may result from the removal against the likelihood of serious harm which may result if the resident remains in the facility.

(c) *Relocation.* The department shall offer removal and relocation assistance to residents removed under this section, including information on available alternative placements. Residents shall be involved in planning the removal and shall choose among the available alternative placements, except that where an emergency situation makes prior resident involvement impossible the department may make a temporary placement until a final placement can be arranged. Residents may choose their final alternative placement and shall be given assistance in transferring to such place. No resident may be forced to remain in a temporary or permanent placement except pursuant to the procedures provided under s. 55.06 for protective placement. Where the department makes or participates in making the relocation decision, consideration shall be given to proximity to residents' relatives and friends.

(d) *Transfer trauma mitigation.* The department shall prepare resident removal plans and transfer trauma mitigation care plans to assure safe and orderly removals and protect residents' health, safety, welfare and rights. In nonemergency situations, and where possible in emergency situations, the department shall design transfer trauma mitigation care plans for the individual resident and implement such care in advance of removal. The resident shall be provided with opportunity for 3 visits to potential alternative

placements prior to removal, except where medically contraindicated or where the need for immediate removal requires reduction in the number of visits.

(e) *Relocation teams.* The department may place relocation teams in any facility from which residents are being removed, discharged or transferred for any reason, for the purpose of implementing removal plans and training the staffs of transferring and receiving facilities in transfer trauma mitigation.

(f) *Nonemergency removal procedures.* In any removal conducted under par. (a) 1 to 5, the department shall provide written notice to the facility and to any resident sought to be removed, to the resident's guardian, if any, and to a member of the resident's family, where practicable, prior to the removal. The notice shall state the basis for the order of removal and shall inform the facility and the resident or the resident's guardian, if any, of their right to a hearing prior to removal. The facility and the resident or the resident's guardian, if any, shall advise the department within 10 working days following receipt of notice if a hearing is requested.

(g) *Emergency removal procedures.* In any removal conducted under par. (a) 6 the department shall notify the facility and any resident to be removed that an emergency situation has been found to exist and removal has been ordered, and shall involve the residents in removal planning if possible. Following emergency removal, the department shall provide written notice to the facility, to the resident, to the resident's guardian, if any, and to a member of the resident's family, where practicable, of the basis for the finding that an emergency existed and of the right to challenge removal under par. (h).

(h) *Hearing.* Within 10 days following removal under par. (g), the facility may send a written request for a hearing to challenge the removal to the department. The department shall hold the hearing within 30 days of receipt of the request. Where the challenge is by a resident, the hearing shall be held prior to removal at a location convenient to the resident. At the hearing, the burden of proving that a factual basis existed for removal under par. (a) shall rest on the department. If the facility prevails, it shall be reimbursed by the department for payments lost less expenses saved as a result of the removal and the department shall assist the resident in returning to the facility, if assistance is requested. No resident removed may be held liable for the charge for care which would have been made had the resident remained in the facility. The department shall assume this liability, if any. If a resident prevails after hearing, the department shall reimburse the resident for any excess expenses directly caused by the order to remove.

(i) *County as agent.* The department may authorize the county in which the facility is located to carry out, under the department's supervision, any powers and duties conferred upon the department in this subsection.

(7) **RIGHT OF INJUNCTION.** (a) *Licensed facility.* Notwithstanding the existence or pursuit of any other remedy, the department may, upon the advice of the attorney general, maintain an action in the name of the state in the circuit court for injunction or other process against any licensee, owner, operator, administrator or representative of any owner of a facility to restrain and enjoin the repeated violation of any of the provisions of this subchapter or rules promulgated by the department under this subchapter where the violation affects the health, safety or welfare of the residents.

(b) *Unlicensed facility.* Notwithstanding the existence or pursuit of any other remedy, the department may, upon the advice of the attorney general, maintain an action in the name of the state for injunction or other process against any person or agency to restrain or prevent the establishment, manage-

ment or operation of any facility required to be licensed under this section without a license.

(c) *Enforcement by counties maintaining inspection programs.* The county board of any county conducting inspections under sub. (2) (b) may, upon notifying the department that a facility is in violation of this subchapter or the rules promulgated under this subchapter, authorize the district attorney to maintain an action in the name of the state in circuit court for injunction or other process against the facility, its owner, operator, administrator or representative, to restrain and enjoin repeated violations where the violations affect the health, safety or welfare of the residents.

(8) **FORFEITURE.** Any operator or owner of a community-based residential facility which is in violation of this subchapter or any rule promulgated by the department under this subchapter shall forfeit not less than \$10 nor more than \$1,000 for each such offense, with each day of violation constituting a separate offense.

(9) **EXCEPTION FOR CHURCHES OPPOSED TO MEDICAL TREATMENT.** Nothing in this section shall be so construed as to give authority to supervise or regulate or control the remedial care or treatment of individual patients who are adherents of a church or religious denomination which subscribes to the act of healing by prayer and the principles of which are opposed to medical treatment and who are residents in any facility operated by a member or members, or by an association or corporation composed of members of such church or religious denomination, if the facility admits only adherents of such church or denomination and is so designated; nor shall the existence of any of the above conditions alone militate against the licensing of such a home or institution. Such facility shall comply with all rules and regulations relating to sanitation and safety of the premises and be subject to inspection thereof. Nothing in this subsection shall modify or repeal any laws, rules and regulations governing the control of communicable diseases.

(10) **UNIFORM ACCOUNTING SYSTEM.** The department shall establish a uniform classification of accounts and accounting procedures for each level of licensure which shall be based on generally accepted accounting principles and which reflect the allocation of revenues and expenses by primary functions, to be used by the department in carrying out this subsection and s. 49.45. Each facility subject to this subsection or s. 49.45 shall satisfactorily establish with the department by a date set by the department that it has instituted the uniform accounting system as required in this subsection or is making suitable progress in the establishment of each system.

(11) **JUDICIAL REVIEW.** (a) All administrative remedies shall be exhausted before an agency determination under this subchapter shall be subject to judicial review. Final decisions after hearing shall be subject to judicial review exclusively as provided in s. 227.52, except that any petition for review of department action under this chapter shall be filed within 15 days after receipt of notice of the final agency determination.

(b) The court may stay enforcement under s. 227.54 of the department's final decision if a showing is made that there is a substantial probability that the party seeking review will prevail on the merits and will suffer irreparable harm if a stay is not granted, and that the facility will meet the requirements of this subchapter and the rules promulgated under this subchapter during such stay. Where a stay is granted the court may impose such conditions on the granting of the stay as may be necessary to safeguard the lives, health, rights, safety and welfare of residents, and to assure compliance by the facility with the requirements of this subchapter.

(d) The attorney general may delegate to the department the authority to represent the state in any action brought to

challenge department decisions prior to exhaustion of administrative remedies and final disposition by the department.

(13) TRANSFER OF OWNERSHIP. (a) *New license.* Whenever ownership of a facility is transferred from the person or persons named in the license to any other person or persons, the transferee must obtain a new license. The license may be a probationary license. Penalties under sub. (1) shall apply to violations of this subsection. The transferee shall notify the department of the transfer, file an application under sub. (3) (b) and apply for a new license at least 30 days prior to final transfer. Retention of any interest required to be disclosed under sub. (3) (b) after transfer by any person who held such an interest prior to transfer may constitute grounds for denial of a license where violations of this subchapter for which notice had been given to the transferor are outstanding and uncorrected, if the department determines that effective control over operation of the facility has not been transferred. If the transferor was a provider under s. 49.43 (10), the transferee shall comply with s. 49.45 (21).

(b) *Duty of transferor.* The transferor shall notify the department at least 30 days prior to final transfer. The transferor shall remain responsible for the operation of the home until such time as a license is issued to the transferee, unless the facility is voluntarily closed as provided under sub. (14). The transferor shall also disclose to the transferee the existence of any outstanding waiver or variance and the conditions attached to such waiver or variance.

(c) *Outstanding violations.* Violations reported in departmental inspection reports prior to the transfer of ownership shall be corrected, with corrections verified by departmental survey, prior to the issuance of a full license to the transferee. The license granted to the transferee shall be subject to the plan of correction submitted by the previous owner and approved by the department and any conditions contained in a conditional license issued to the previous owner. In the case of a nursing home, if there are outstanding violations and no approved plan of correction has been implemented, the department may issue a conditional license and plan of correction as provided in s. 50.04 (6).

(d) *Forfeitures.* The transferor shall remain liable for all forfeitures assessed against the facility which are imposed for violations occurring prior to transfer of ownership.

(14) CLOSING OF A FACILITY. If any facility acts as specified under sub. (5m) (a) 5:

(a) The department may provide, direct or arrange for relocation planning, placement and implementation services in order to minimize the trauma associated with the relocation of residents and to ensure the orderly relocation of residents.

(b) The county departments of the county in which the facility is located that are responsible for providing services under s. 46.215 (1) (L), 46.22 (1) (b) 7. a., 51.42 or 51.437 shall participate in the development and implementation of individual relocation plans. Any county department of another county shall participate in the development and implementation of individual relocation plans in place of the county departments of the county in which the facility is located, if the county department accepts responsibility for the resident or is delegated responsibility for the resident by the department or by a court:

(c) The facility shall:

1. Provide at least 30 days' written notice prior to relocation to each resident who is to be relocated, to the resident's guardian, if any, and to a member of the resident's family, if practicable, unless the resident requests that notice to the family be withheld.

2. Attempt to resolve complaints from residents under this section.

3. Identify and, to the greatest extent practicable, attempt to secure an appropriate alternate placement for each resident to be relocated.

4. Consult the resident's physician on the proposed relocation's effect on the resident's health.

5. Hold a planning conference at which an individual relocation plan will be developed with the resident, with the resident's guardian, if any, and with a member of the resident's family, if practicable, unless the resident requests that a family member not be present.

6. Implement the individual relocation plan developed under subd. 5.

7. Notify the department of its intention to relocate residents. The notice shall state the facts requiring the proposed relocation of residents and the proposed date of closing or changing of the type or level of services or means of reimbursement.

8. At the time the facility notifies the department under subd. 7, submit to the department a preliminary plan that includes:

a. The proposed timetable for planning and implementation of relocations and the resources, policies and procedures that the facility will provide or arrange in order to plan and implement the relocations.

b. A list of the residents to be relocated and their current levels of care and a brief description of any special needs or conditions.

c. An indication of which residents have guardians and the names and addresses of the guardians.

d. A list of which residents have been protectively placed under ch. 55.

e. A list of the residents whom the facility believes to be incompetent.

(d) The department shall notify the facility within 10 days after receiving the preliminary plan under par. (c) 8, if it disapproves the plan. If the department does not notify the facility of disapproval, the plan is deemed approved. If the department disapproves the preliminary plan it shall, within 10 days of notifying the facility, begin working with the facility to modify the disapproved plan. No residents may be relocated until the department approves the preliminary plan or until a modified plan is agreed upon. If a plan is not approved or agreed upon within 30 days of receipt of the notice of relocation, the department may impose a plan that the facility shall carry out. Failure to submit, gain approval for or implement a plan in a timely fashion is not a basis for a facility to declare an emergency under sub. (5m) (a) 6 or to relocate any resident under sub. (5m) (g).

(e) Upon approval of, agreement to or imposition of a plan for relocation, the facility shall establish a date of closing or changing of the type or level of services or means of reimbursement and shall notify the department of the date. The date may not be earlier than 90 days from the date of approval, agreement or imposition if 5 to 50 residents will be relocated, or 120 days from the date of approval, agreement or imposition if more than 50 residents will be relocated.

50.032 Adult family homes. (1) CERTIFICATION. (a) No person may operate an adult family home unless the adult family home is certified under this section.

(b) A county department under s. 46.215, 46.22, 46.23, 51.42 or 51.437 may certify an adult family home that is located in the county. The department may certify an adult

family home in a county that elects not to certify adult family homes.

(2) **REGULATION.** Standards for operation of certified adult family homes and procedures for application for certification, monitoring, inspection, decertification and appeal of decertification shall be under rules promulgated by the department under s. 50.02 (2) (am). Certification shall be for a term not to exceed 12 months from the date of issuance and is not transferable.

(2m) **EXCEPTION.** Notwithstanding s. 50.01 (1g) (b), if an individual served in an adult family home attains 18 years of age and leaves the adult family home on a permanent basis, as defined in rules promulgated by the department, he or she may be replaced for receipt of service by an individual who has a developmental disability, as defined in s. 51.01 (5).

(3) **INVESTIGATION OF ALLEGED VIOLATIONS.** If the department or a certifying county department under sub. (1) (b) is advised or has reason to believe that any person is violating this section or the rules promulgated under s. 50.02 (2) (am), the department or the certifying county department shall make an investigation to determine the facts. For the purposes of this investigation, the department or the certifying county department may inspect the premises where the violation is alleged to occur. If the department or the certifying county department finds that the requirements of this section and of rules under s. 50.02 (2) (am) are met, the department or the certifying county department may certify the premises under this section. If the department or the certifying county department finds that a person is violating this section or the rules under s. 50.02 (2) (am), the department or the certifying county department may institute an action under sub. (5) or (6).

(4) **DECERTIFICATION.** A certified adult family home may be decertified because of the substantial and intentional violation of this section or of rules promulgated by the department under s. 50.02 (2) (am) or because of failure to meet the minimum requirements for certification. The operator of the certified adult family home shall be given written notice of any decertification and the grounds for the decertification. Any adult family home certification applicant or operator of a certified adult family home may, if aggrieved by the failure to issue or renew the certification or by decertification, appeal under the procedures specified by the department by rule under s. 50.02 (2) (am).

(5) **INJUNCTION.** The department or a certifying county department under s. 46.215, 46.22, 46.23, 51.42 or 51.437 may commence an action in circuit court to enjoin the operation of an adult family home that is not certified under sub. (1) or that is certified and has repeatedly used methods of operation in substantial violation of the rules promulgated under s. 50.02 (2) (am) or that endanger the health, safety or welfare of any disabled adult receiving care and maintenance in an adult family home.

(6) **PENALTIES.** Any person who violates this section or rules promulgated under s. 50.02 (2) (am) may be fined not more than \$500 or imprisoned for not more than one year in the county jail or both.

50.035 Special provisions relating to regulation of community-based residential facilities. (1) **PERSONNEL TRAINING.** Each employe of a community-based residential facility shall, within 90 days after the beginning date of employment, receive basic first aid training and other safety training. The department shall indicate acceptable sources from which facility employes may receive this training. The department shall also develop instructional materials for use

by facilities concerning acceptable methods of operation and procedures for protecting and serving the needs of facility residents. The department may require that all facility employes complete a program involving these materials and may sell the materials to facilities at cost. In addition, each facility employe shall, within 90 days after the beginning date of employment, receive training in fire prevention and control and evacuation techniques. Each facility shall coordinate its training in fire prevention and control and evacuation techniques with the local fire department.

(2) **FIRE PROTECTION.** (a) 1. Except as provided in subd. 2, each community-based residential facility shall provide, at a minimum, a low-voltage interconnected smoke detection system to protect the entire facility that, if any detector is activated, either triggers alarms throughout the building or triggers an alarm located centrally.

2. A community-based residential facility that has 8 or less beds may use a radio-transmitting smoke detection system that triggers an audible alarm in a central area of the facility in lieu of the interconnected smoke detection system specified in subd. 1.

3. The department or the department of industry, labor and human relations may waive the requirement under subd. 1 or 2 for a community-based residential facility that has a smoke detection or sprinkler system in place that is at least as effective for fire protection as the type of system required under the relevant subdivision.

(b) No facility may install a smoke detection system that fails to receive the approval of the department or of the department of industry, labor and human relations. At least one smoke detector shall be located at each of the following locations:

1. At the head of every open stairway.
2. At the door leading to every enclosed stairway on each floor level.
3. In every corridor, spaced not more than 30 feet apart and not further than 15 feet from any wall.
4. In each common use room, including living rooms, dining rooms, family rooms, lounges and recreation rooms but not including kitchens.
5. In each sleeping room in which smoking is allowed.

(c) A community-based residential facility does not have to meet the requirements under pars. (a) and (b) prior to May 1, 1985. Beginning on May 1, 1985, the department may waive the requirements under pars. (a) and (b) for a community-based residential facility for a period not to exceed 6 months if the department finds that compliance with those requirements would result in an extreme hardship for the facility.

(3) **MANAGER'S PRESENCE IN FACILITY.** (a) The person responsible for managing a Class C community-based residential facility, or that person's agent, shall be present in the facility at any time that residents are in the facility. The person responsible for managing a Class A or a Class B community-based residential facility, or that person's agent, shall be present in the facility from 7 p.m. to 7 a.m. when residents are in the facility and the person responsible for managing a Class B community-based residential facility, or that person's agent, shall be readily available to the residents of the facility from 7 a.m. to 7 p.m. In this subsection, "Class A, B and C community-based residential facilities" have the meanings provided in s. HSS 3.41 (1), Wis. adm. code.

(b) The department may waive a requirement under par. (a) for a community-based residential facility:

1. For a specified period of time, not to exceed one year, if the department finds that compliance with the requirement would result in an unreasonable hardship for the facility and

that all of the residents are physically and mentally capable of taking independent action in an emergency; or

2. For a specified period of time if the department finds that the primary purpose of the facility's program is to promote the independent functioning of its residents with minimum supervision.

(4) **FIRE NOTICE.** The licensee of a community-based residential facility, or his or her designee, shall notify the department and any county department under s. 46.215 or 46.22 that has residents placed in the facility of any fire that occurs in the facility for which the fire department is contacted. The notice shall be provided within 72 hours after such a fire occurs.

(5) **REPORTS OF DEATH REQUIRED.** (a) In this subsection:

1. "Physical restraint" includes all of the following:

a. A locked room.

b. A device or garment that interferes with an individual's freedom of movement and that the individual is unable to remove easily.

c. Restraint by a facility staff member of a resident by use of physical force.

2. "Psychotropic medication" means an antipsychotic, antidepressant, lithium carbonate or a tranquilizer.

(b) No later than 24 hours after the death of a resident of a community-based residential facility, the community-based residential facility shall report the death to the department if one of the following applies:

1. There is reasonable cause to believe that the death was related to the use of physical restraint or a psychotropic medication.

3. There is reasonable cause to believe that the death was a suicide.

History: 1983 a. 363; 1985 a. 176; 1987 a. 403 ss. 67, 256; 1989 a. 336.

50.04 Special provisions applying to licensing and regulation of nursing homes. (1) **APPLICABILITY.** This section applies to nursing homes as defined in s. 50.01 (3).

(1m) **DEFINITIONS.** In this section, "class "C" repeat violation" means a class "C" violation by a nursing home under the same statute or rule under which, within the previous 2 years, the department has served the nursing home a notice of violation or a correction order or has made a notation in the report under sub. (3) (b).

(2) **REQUIRED PERSONNEL.** (a) No nursing home within the state may operate except under the supervision of an administrator licensed under ch. 456 by the nursing home administrators examining board. If the holder of a nursing home license is unable to secure a new administrator because of the departure of an administrator, such license holder may, upon written notice to the department and upon the showing of a good faith effort to secure a licensed administrator, place the nursing home in the charge of an unlicensed individual subject to conditions and time limitations established by the department, with advice from the nursing home administrator examining board. An unlicensed individual who administers a nursing home as authorized under this subsection is not subject to the penalty provided under s. 456.09.

(b) Each nursing home shall employ a charge nurse. The charge nurse shall either be a licensed practical nurse acting under the supervision of a professional nurse or a physician, or shall be a professional nurse. The department shall, by rule, define the duties of a charge nurse.

(c) 1. Except as provided in subd. 2, beginning July 1, 1988, the department shall enforce nursing home minimum staffing requirements based on daily staffing levels.

2. The department may enforce nursing home minimum staffing requirements based on weekly staffing levels for a

nursing home if the secretary determines that the nursing home is unable to comply with nursing home minimum staffing requirements based on daily staffing levels because:

a. The nursing home minimum staffing requirements based on daily staffing levels violate the terms of a collective bargaining agreement that is in effect on December 8, 1987; or

b. A shortage of nurses or nurse's assistants available for employment by the nursing home exists; or

c. The nursing home minimum staffing requirements based on daily staffing levels would impose an undue financial hardship on the nursing home. The secretary shall review each determination under this subdivision 2. c at least once every 90 days. The secretary shall rescind his or her determination if the undue financial hardship no longer exists. This subdivision 2. c does not apply after June 30, 1989.

(2m) **PLAN OF CARE AND ASSESSMENT REQUIRED.** No nursing home may admit any patient until a physician has completed a plan of care for the patient and the patient is assessed or the patient is exempt from or waives assessment under s. 46.27 (6) (a). Failure to comply with this subsection is a class "C" violation under sub. (4) (b) 3.

(2r) **ADMISSIONS REQUIRING APPROVAL.** Except in an emergency, a nursing home that is not certified as a provider of medical assistance or that is an intermediate care facility for the mentally retarded, as defined in s. 46.278 (1m) (a), or an institution for mental diseases, as defined under 42 CFR 435.1009, may not admit as a resident an individual who has a developmental disability, as defined in s. 51.01 (5), or who is both under age 65 and has mental illness, as defined in s. 51.01 (13), unless the county department under s. 46.23, 51.42 or 51.437 of the individual's county of residence has recommended the admission.

(2t) **REPORTS OF DEATH REQUIRED.** (a) In this subsection:

1. "Physical restraint" includes all of the following:

a. A locked room.

b. A device or garment that interferes with an individual's freedom of movement and that the individual is unable to remove easily.

c. Restraint by a facility staff member of a resident by use of physical force.

2. "Psychotropic medication" means an antipsychotic, antidepressant, lithium carbonate or a tranquilizer.

(b) No later than 24 hours after the death of a resident of a nursing home, the nursing home shall report the death to the department if one of the following applies:

1. There is reasonable cause to believe that the death was related to the use of physical restraint or a psychotropic medication.

3. There is reasonable cause to believe that the death was a suicide.

(3) **INSPECTION REPORTS.** (a) *Inspection.* The department shall make or cause to be made at least one inspection biennially of each nursing home. The department may determine if conditions and practices comply with applicable standards by examining only a portion of the residents, records or physical plant when it conducts an inspection.

(b) *Biennial report.* The department shall make at least one report on each nursing home in the state biennially. All conditions and practices not in compliance with applicable standards within the last 2 years shall be specifically stated. If a violation is corrected, is contested or is subject to an approved plan of correction, the same shall be specified in the biennial report. The department shall send a copy of the report to the nursing home and shall provide a copy to any person on request. The department may charge a reasonable fee to cover copying costs.

50.04 UNIFORM LICENSURE

(c) *Posting of notice.* The nursing home administrator shall retain a copy of the most recent biennial report prepared by the department under par. (b) and shall post in a place readily visible to residents and visitors, such as the lobby or reception area of the facility, a notice stating that a copy of the report is available for public inspection on request to the administrator and that a copy will be provided by the department upon request for a minimal fee.

(d) *Survey of institutions for mental diseases.* Before July 1, 1988, the department shall conduct a survey to determine whether any nursing home that is licensed under this section is an institution for mental diseases, as defined under 42 CFR 435.1009. On or after July 1, 1988, the department shall make these determinations during inspections conducted under par. (a).

(4) NOTICE OF VIOLATION; CORRECTION. (a) *Notice of violation, exceptions.* 1. If upon inspection or investigation the department determines that a nursing home is in violation of this subchapter or the rules promulgated under it and the violation is a class "A" or "B" violation, it shall promptly serve a notice of violation upon the licensee. Each notice of violation shall be prepared in writing and shall specify the nature of the violation, and the statutory provision or rule alleged to have been violated. The notice shall inform the licensee of the right to a hearing under par. (e). The written notice of a class "A" violation may be written and served by an agent of the department at the time of the inspection.

1g. a. If upon inspection or investigation the department determines that a nursing home is in violation of this subchapter or the rules promulgated under it and the violation is a class "C" violation, the department may serve a correction order upon the licensee unless the nursing home corrects the violation before the completion of the inspection or investigation. If the correction is made before the completion of the inspection or investigation, the department may make a notation in the report under sub. (3) (b) that shall specify the nature of the violation and the statute or rule alleged to have been violated.

b. If upon inspection or investigation the department determines that a nursing home is in violation of this subchapter or the rules promulgated under it and the violation is a class "C" repeat violation, the department may serve a correction order or notice of violation upon the nursing home. If the nursing home corrects the violation before completion of the inspection or investigation, the department may, as an alternative to serving a correction order or notice of violation, make a notation in the report under sub. (3) (b) that shall specify the nature of the violation and the statute or rule alleged to have been violated.

1m. A correction order shall be prepared in writing and shall specify the nature of the violation, the statutory provision or rule alleged to have been violated and the date by which the violation shall be corrected. The department may grant an extension of the date for correction specified in the correction order. The nursing home shall correct the class "C" violation by the date specified in the correction order or the extended date, if granted.

1r. The department may serve a notice of violation on a nursing home determined to be in violation of this subchapter or the rules promulgated under it for a class "C" violation if either of the following conditions apply:

a. The nursing home fails to make a correction by the date specified in a correction order served under subd. 1g. b. or by an extension of the date, if granted.

b. The violation is a class "C" repeat violation, regardless of whether a correction order has first been served.

2. The department is not required to serve a notice of violation if each of the following conditions exists:

a. The nursing home brings the violation to the department's attention.

b. The nursing home has made every reasonable effort to prevent and correct the violation, but the violation occurred and remains uncorrected due to circumstances beyond the nursing home's control.

3. The department is not required to serve a notice of a class "C" violation if it finds that the nursing home is in substantial compliance with the specific rule violated.

(b) *Classification of violations.* 1. A class "A" violation is a violation of this subchapter or of the rules promulgated thereunder which creates a condition or occurrence relating to the operation and maintenance of a nursing home presenting a substantial probability that death or serious mental or physical harm to a resident will result therefrom.

2. A class "B" violation is a violation of this subchapter or of the rules promulgated thereunder which creates a condition or occurrence relating to the operation and maintenance of a nursing home directly threatening to the health, safety or welfare of a resident.

3. A class "C" violation is a violation of this subchapter or of the rules promulgated thereunder which creates a condition or occurrence relating to the operation and maintenance of a nursing home which does not directly threaten the health, safety or welfare of a resident.

4. Each day of violation constitutes a separate violation. Except as provided in sub. (5) (a) 4, the department shall have the burden of showing that a violation existed on each day for which a forfeiture is assessed. No forfeiture may be assessed for a condition for which the nursing home has received a variance or waiver of a standard.

(c) *Correction.* 1. The situation, condition or practice constituting a class "A" violation shall be abated or eliminated immediately unless a fixed period of time, as determined by the department and specified in the notice of violation, is required for correction. If the class "A" violation is not abated or eliminated within the specified time period, the department shall maintain an action in circuit court for injunction or other process against the licensee, owner, operator, administrator or representative of the facility to restrain and enjoin violation of applicable rules, regulations and statutes.

2. At the time of issuance of a notice of a class "B" or "C" violation, the department shall request a plan of correction which is subject to the department's approval. The nursing home shall have 10 days after receipt of notice of violation in which to prepare and submit a plan of correction but the department may extend this period up to 30 days where correction involves substantial capital improvement. The plan shall include a fixed time period within which violations are to be corrected. If the nursing home plan of correction is substantially in compliance, it may be modified upon agreement between the department and the nursing home to achieve full compliance. If it rejects a plan of correction, the department shall send notice of the rejection and the reason for the rejection to the nursing home and impose a plan of correction. The imposed plan of correction may be modified upon agreement between the department and the nursing home.

3. If the violation has been corrected prior to submission and approval of a plan of correction, the nursing home may submit a report of correction in place of a plan of correction. Such report shall be signed by the administrator under oath.

4. Upon a licensee's petition, the department shall determine whether to grant a licensee's request for an extended

correction time. Such petition must be served on the department prior to expiration of the correction time originally approved. The burden of proof is on the petitioner to show good cause for not being able to comply with the original correction time approved.

5. This paragraph does not apply to notices of violation served under par. (a) 1r.

(e) *Hearings.* 1. If a nursing home desires to contest any department action under this subsection or under federal law requiring the department, as the designated medical assistance agency, to notify the nursing home of deficiencies under federal regulations and report those deficiencies to the appropriate federal agency, it shall send a written request for a hearing under s. 227.44 to the division of hearings and appeals created under s. 15.103(1) within 10 days of receipt of notice of the contested action. Department action that is subject to a hearing under this subsection includes imposition of a notice of a deficiency under federal regulations, a notation in the report under sub. (3) (b), imposition of a plan of correction and rejection of a nursing home's plan of correction, but does not include a correction order. Upon the request of the nursing home, the division shall grant a stay of the hearing under this paragraph until the department assesses a forfeiture, so that its hearing under this paragraph is consolidated with the forfeiture appeal hearing held under sub. (5) (e). All agency action under this subsection arising out of a violation, deficiency or rejection and imposition of a plan of correction shall be the subject of a single hearing. Unless a stay is granted under this paragraph, the division shall commence the hearing within 30 days of the request for hearing, within 30 days of the department's acceptance of a nursing home's plan of correction or within 30 days of the department's imposition of a plan of correction, whichever is later. If the department initiates decertification of a nursing home under federal regulations, a hearing on federal deficiencies that are the subject of that decertification may be held if informal reconsideration has been completed. The division shall send notice to the nursing home in conformance with s. 227.44. Issues litigated at the hearing may not be relitigated at subsequent hearings under this paragraph arising out of the same violation or deficiency.

2. The division shall notify the nursing home of its decision to reverse, modify or uphold the contested action within 15 days after the close of the hearing.

3. In any petition for judicial review of a decision by the division under subd. 2, the department, if not the petitioner who was in the proceeding before the division under subd. 1, shall be the named respondent.

(5) **FORFEITURES.** (a) *Amounts.* Any operator or owner of a nursing home which is in violation of this subchapter or any rule promulgated thereunder may be subject to the forfeitures specified in this section.

1. A class "A" violation may be subject to a forfeiture of not more than \$5,000 for each violation.

2. A class "B" violation may be subject to a forfeiture of not more than \$1,000 for each violation.

3. A class "C" violation may be subject to a forfeiture of not more than \$100. No forfeiture may be assessed for a class "C" violation unless at least one of the following applies:

a. The department serves the nursing home a notice of violation following the nursing home's failure to correct a class "C" violation by the date specified in a correction order or an extended date set by the department, if granted.

b. The department serves the nursing home a notice of violation for a class "C" repeat violation.

4. Notwithstanding subs. 1, 2 and 3, if the violation or group of violations results from inadequate staffing, the

amount of the forfeiture that the department may assess shall be no less than the difference between the cost of the staff actually employed and the estimated cost of the staff required. The number of staff required shall be determined by the provider contract, court order or the department, by rule, whichever is greatest. The inadequate staff shall be presumed to exist from the date of the notice of violation.

5. A nursing home which violates a statute or rule and which has received a notice of violation of the same statute or rule on one or more separate prior occasions within the prior 2-year period may be subject to a forfeiture 3 times the amount authorized for the class of violation involved. This provision only applies to a class "A" or class "B" violation. A notice of violation found to be unjustified after hearing may not be considered in determining whether to apply this subdivision.

5m. Beginning on December 8, 1987, the department may consider, for purposes of applying triple forfeitures under subd. 5, any notice of violation issued by the department within the 2-year period preceding December 8, 1987, or issued by the department on or after December 8, 1987.

6. If a licensee fails to correct a violation within the time specified in the notice of violation or approved plan of correction, or within the extended correction time granted under sub. (4) (c) 4, or if violation continues after a report of correction, a separate forfeiture may be assessed upon the licensee in an amount not to exceed, for each day of continuing violation, \$5,000 for class "A" violations and \$1,000 for class "B" violations.

(b) *Factors in assessment of forfeitures.* In determining whether a forfeiture is to be imposed and in fixing the amount of the forfeiture to be imposed, if any, for a violation, the following factors shall be considered:

1. The gravity of the violation, including the probability that death or serious physical or psychological harm to a resident will result or has resulted; the severity of the actual or potential harm; and the extent to which the provisions of the applicable statutes or rules were violated.

2. "Good faith" exercised by the licensee. Indications of good faith include, but are not limited to, awareness of the applicable statutes and regulation and reasonable diligence in complying with such requirements, prior accomplishments manifesting the licensee's desire to comply with the requirements, efforts to correct and any other mitigating factors in favor of the licensee.

3. Any previous violations committed by the licensee.

4. The financial benefit to the nursing home of committing or continuing the violation.

(c) *Assessment of forfeitures, powers and duties of department.* The department may directly assess forfeitures provided for under par. (a). If the department determines that a forfeiture should be assessed for a particular violation or for failure to correct it, it shall send a notice of assessment to the nursing home. The notice shall specify the amount of the forfeiture assessed, the violation, the statute or rule alleged to have been violated, and shall inform the licensee of the right to hearing under par. (e).

(d) *Forfeiture period.* 1. In the case of a class "B" violation, no forfeiture may be assessed for the violation from the day following the date of discovery until the date of notification. If the department fails to approve or reject a plan of correction within 15 days after its receipt of a complete plan, no forfeiture may be imposed for the period beginning with the 15th day after receipt and ending when notice of approval or rejection is received by the home. If a plan of correction is approved and carried out, no forfeiture may be assessed during the time period specified in the approved plan of

correction, commencing on the day the plan of correction is received by the department.

2. In the case of a class "C" violation for which a notice of violation has been served, a forfeiture may be assessed:

a. Under par. (a) 3. a, for the period beginning on the date for correction set forth in the correction order or an extended date set by the department, if granted, and ending on the date on which the violation is corrected.

b. Under par. (a) 3. b, for each day of the period during which the violation occurred.

(dm) *Forfeiture assessment date.* In the case of a class "B" violation, the department may not assess a forfeiture upon a nursing home until:

1. The home fails to submit a plan of correction under sub. (4) (c) 2;

2. The department has issued an order imposing an approved plan under sub. (4) (c) 2; or

3. The time set for the correction of the violation by the home under sub. (4) (c) 2 has expired.

(e) *Forfeiture appeal hearing.* A nursing home may contest an assessment of forfeiture by sending, within 10 days after receipt of notice of a contested action, a written request for hearing under s. 227.44 to the division of hearings and appeals created under s. 15.103 (1). The administrator of the division may designate a hearing examiner to preside over the case and recommend a decision to the administrator under s. 227.46. The decision of the administrator of the division shall be the final administrative decision. The division shall commence the hearing within 30 days of receipt of the request for hearing and shall issue a final decision within 15 days after the close of the hearing. Proceedings before the division are governed by ch. 227. In any petition for judicial review of a decision by the division, the party, other than the petitioner, who was in the proceeding before the division shall be the named respondent.

(f) *Forfeitures paid within 10 days.* All forfeitures shall be paid to the department within 10 days of receipt of notice of assessment or, if the forfeiture is contested under par. (e), within 10 days of receipt of the final decision after exhaustion of administrative review, unless the final decision is appealed and the order is stayed by court order under s. 50.03 (11). The department shall remit all forfeitures paid to the state treasurer for deposit in the school fund.

(g) *Enforcement by attorney general.* The attorney general may bring an action in the name of the state to collect any forfeiture imposed under this section if the forfeiture has not been paid following the exhaustion of all administrative and judicial reviews. The only issue to be contested in any such action shall be whether the forfeiture has been paid.

(6) **CONDITIONAL LICENSE.** (a) *Power of department.* In addition to the right to assess forfeitures under sub. (5), the department may issue a conditional license to any nursing home if the department finds that either a class "A" or class "B" violation, as defined in sub. (4), continues to exist in such home. The issuance of a conditional license shall revoke any outstanding license held by the nursing home. The nursing home may seek review of a decision to issue a conditional license as provided under s. 50.03 (5).

(b) *Violation correction plan.* Prior to the issuance of a conditional license, the department shall establish a written plan of correction. The plan shall specify the violations which prevent full licensure and shall establish a time schedule for correction of the deficiencies. Retention of the license shall be conditional on meeting the requirements of the plan of correction.

(c) *Notice.* Written notice of the decision to issue a conditional license shall be sent to the facility together with the

proposed plan of correction. The notice shall inform the facility of its right to an informal conference prior to issuance of the conditional license under par. (d) and of its right to a full hearing under par. (e).

(d) *Informal conference.* If the facility desires to have an informal conference it shall, within 4 working days of receipt of the notice under par. (c), send a written request for an informal conference to the department. The department shall, within 4 working days from the receipt of the request, hold an informal conference in the county in which the facility is located. Following this conference the department may affirm or overrule its previous decision, or modify the terms of the conditional license and plan of correction. The conditional license may be issued after the informal conference, or after the time for requesting an informal conference has expired, prior to any further hearing.

(e) *Hearing.* If after the informal conference the licensee desires to contest the basis for issuance of a conditional license, or the terms of the license or plan of correction, the licensee shall send a written request for hearing to the department within 4 working days after issuance of the conditional license. The department shall hold the hearing within 30 days of receipt of such notice and shall immediately notify the licensee of the date and location of the hearing.

(f) *Term; inspection.* A conditional license shall be issued for a period specified by the department, but in no event for more than one year. The department shall periodically inspect any nursing home operating under a conditional license. If the department finds substantial failure by the nursing home to follow the plan of correction, the conditional license may be revoked as provided under s. 50.03 (5). The licensee is entitled to a hearing on the revocation under s. 50.03 (5), but the department may rely on facts found in a hearing under par. (e) as grounds for revocation.

(g) *Expiration.* If the department determines that a conditional license shall expire without renewal or replacement of the conditional license by a regular license, the department shall so notify the licensee at least 30 days prior to expiration of the license. The notice shall comply with notice requirements under s. 50.03 (5). The licensee is entitled to a hearing under s. 50.03 (5) prior to expiration of the license.

(7) **VIOLATIONS.** If an act forms the basis for a violation of this section and s. 49.498, the department or the attorney general may impose sanctions in conformity with this section or under s. 49.498, but not both.

50.05 Placement of monitor and appointment of receiver.

(1) **DEFINITIONS.** In this section:

(a) "Affiliate" means:

1. With respect to a partnership, each partner thereof.
2. With respect to a corporation, each officer, director, principal stockholder and controlling person thereof.
3. With respect to a natural person: any person related in the first degree of kinship to that person; each partnership and each partner thereof of which that person or any affiliate of that person is a partner; and each corporation in which that person or any affiliate of that person is an officer, director, principal stockholder or controlling person.

(b) "Controlling person" means any person who has the ability, directly or indirectly, to control the management or policies of the facility.

(c) "Emergency" means a situation, physical condition or one or more practices, methods or operations which presents imminent danger of death or serious physical or mental harm to residents of the facility.

(d) "Facility" means a nursing home or community-based residential facility.

(dm) "Nursing facility" has the meaning given in s. 49.498 (1) (i).

(e) "Operator" means any person licensed or required to be licensed under this subchapter as the operator of a facility.

(f) "Principal stockholder" of a corporation means any person who, directly or indirectly, beneficially owns, holds or has the power to vote, 10% or more of any class of securities issued by the corporation.

(2) CONDITIONS FOR PLACEMENT OF A MONITOR OR APPOINTMENT OF A RECEIVER. The department may place a monitor in a facility and the secretary, as specified in sub. (4), may petition for appointment of a receiver for a facility when any of the following conditions exist:

(a) The facility is operating without a license.

(b) The department has suspended, revoked or refused to renew the existing license of the facility.

(c) The department has initiated revocation or nonrenewal procedures and has determined that the lives, health, safety, or welfare of the residents cannot be adequately assured pending a full hearing on license nonrenewal or revocation.

(d) The facility is closing or intends to close and adequate arrangements for relocation of residents have not been made at least 30 days prior to closure.

(e) The department determines that an emergency exists or that placement of a monitor or appointment of a receiver is necessary to protect the health, safety or welfare of the residents.

(f) The facility is a nursing facility that is in violation of s. 49.498 or a rule promulgated under s. 49.498, meets the criteria established by rule under s. 49.498 (14) (c) for placement of a monitor or appointment of a receiver, and there is a need for placement of a monitor or appointment of a receiver during the period that any of the following applies:

1. There is an orderly closure of the nursing facility.
2. The nursing facility institutes improvements in order to bring the nursing facility into compliance with the requirements of s. 49.498 or a rule promulgated under s. 49.498.

(3) MONITOR. In any situation described in sub. (2), the department may place a person to act as monitor in the facility. The monitor shall observe operation of the facility, assist the facility by advising it on how to comply with state regulations, and shall submit a written report periodically to the department on the operation of the facility.

(4) APPOINTMENT OF RECEIVER. Only the secretary, represented by the department of justice, may apply for a court order appointing the secretary or the secretary's designee receiver of the facility. The secretary, as represented, may apply by verified petition to the circuit court for Dane county for the order. The court shall hold a hearing on the petition within 5 days of the filing of the petition. The petition and notice of the hearing shall be served on the operator, administrator or designated agent of the facility as provided under ch. 801 or shall be posted in a conspicuous place in the facility not later than 3 days before the time specified for the hearing, unless a different period is fixed by order of the court. Notwithstanding ss. 803.01 to 803.09 and 844.18, the only persons who may appear as a party at the hearing under this subsection or sub. (5) are the secretary or the secretary's

designee and the operator of the facility. The court shall appoint a receiver for a specified time period requested by the secretary up to 120 days, if it finds that any ground exists which would authorize the appointment of a receiver under sub. (2) and that appointment of a receiver will contribute to the continuity of care or the orderly and safe transfer of residents in the facility. The court may extend the period of receivership in 30-day increments only on the petition of the department and if the court finds that the department has been unable to transfer all of the residents to another suitable location or the department has determined that it is necessary for the receivership to be extended for the continued health, safety and welfare of the residents. Notwithstanding s. 808.03 (1), any order issued at the hearing on the petition for receiver under this subsection or sub. (5) or at a subsequent hearing concerning matters arising under the receivership or concerning termination of the receivership under sub. (14) may be appealed as a matter of right.

(5) EMERGENCY PROCEDURE. If it appears from the petition filed under sub. (4), or from an affidavit or affidavits filed with the petition, or from testimony of witnesses under oath when the court determines that this is necessary, that there is probable cause to believe that an emergency exists in the facility, the court shall immediately issue the requested order for appointment of a receiver, ex parte and without further hearing. An appearance by the secretary or the secretary's designee to obtain the order is not a hearing of any preliminary contested matter for the purposes of s. 801.58 (1). Notice of the petition and order shall be served on the operator, administrator, or designated agent of the facility as provided under ch. 801 or shall be posted in a conspicuous place in the facility within 24 hours after issuance of the order and a hearing on the petition shall be held within 3 days after notice is served or posted unless the operator consents to a later date. After the hearing, the court may terminate, continue or modify the temporary order.

(6) OBJECTIVE. The receiver shall with all reasonable speed, but in any event by the date receivership ends under sub. (4), provide for the orderly transfer of all residents in the facility to other suitable facilities or make other provisions for their continued health, safety and welfare.

(7) POWERS AND DUTIES OF RECEIVER. A receiver appointed under this chapter:

(a) May exercise those powers and shall perform those duties set out by the court.

(b) Shall operate the facility in such a manner as to assure safety and adequate health care for the residents.

(c) Shall have the same rights to possession of the building in which the facility is located and of all goods and fixtures in the building at the time the petition for receivership is filed as the operator would have had if the receiver had not been appointed. The receiver shall take such action as is reasonably necessary to protect or conserve the tangible assets or property of which the receiver takes possession, or the proceeds of any transfer thereof, and may use them only in the performance of the powers and duties set forth in this section and by order of the court.

(d) May use the building, fixtures, furnishings, and any accompanying consumable goods in the provision of care and services to residents and to any other persons receiving services from the facility at the time the petition for receivership was filed. The receiver shall collect payments for all goods and services provided to residents or others during the period of the receivership, at the same rate of payment as was charged by the operators at the time the petition for receivership was filed, unless a different rate is set by the court.

(e) May correct or eliminate any deficiency in the structure or furnishings of the facility which presents an immediate or serious danger to the health or safety of residents while they remain in the facility, provided the total cost of correction does not exceed \$3,000. The court may order expenditures for this purpose in excess of \$3,000 only on application from the receiver.

(f) May let contracts and hire agents and employes to carry out the powers and duties created under this section. Competitive bidding requirements under s. 16.75 do not apply to contracts for services or materials let by the receiver.

(g) Except as specified in sub. (9), shall honor all leases, mortgages and secured transactions governing the building in which the facility is located and all goods and fixtures in the building of which the receiver has taken possession, but only to the extent of payments which, in the case of a rental agreement, are for the use of the property during the period of the receivership, or which, in the case of a purchase agreement, come due during the period of the receivership.

(h) Shall have full power to direct and manage and to discharge employes of the facility, subject to any contract rights they may have. The receiver shall pay employes at the same rate of compensation, including benefits, that the employes would have received from the operator, except that the receiver shall compensate employes for time actually worked during the period of receivership and may reimburse for vacations or periods of sick leave. The receiver may grant salary increases and fringe benefits to employes of a nursing home, in accord with the facility payment formula under s. 49.45 (6m). Receivership does not relieve the operator of any obligation to employes not carried out by the receiver.

(i) Shall, if any resident is transferred or discharged, provide for:

1. Transportation of the resident and the resident's belongings and medical records to the place to which the resident is being transferred or discharged.

2. Aid in location of an alternative placement and in discharge planning.

3. If the patient is being transferred, preparation for transfer to mitigate transfer trauma.

(j) Shall, if any resident is to be transferred, permit participation by the resident or the resident's guardian in the selection of the resident's alternative placement.

(k) Shall, unless emergency transfer is necessary, prepare a resident under pars. (i) 3 and (j) by explaining alternative placements, and by providing orientation to the placement chosen by the resident or the resident's guardian.

(L) Shall be entitled to and shall take possession of all property or assets of residents which are in the possession of an owner, operator or controlling person of the facility. The receiver shall preserve all property, assets and records of residents of which the receiver takes possession and shall provide for the prompt transfer of the property, assets and records to the alternative placement of any transferred resident.

(m) May restrict admissions to the facility.

(8) PAYMENT TO RECEIVER. (a) A person who is served with notice of an order of the court appointing a receiver and of the receiver's name and address shall be liable to pay the receiver for any goods or services provided by the receiver after the date of the order if the person would have been liable for the goods or services as supplied by the operator. The receiver shall give a receipt for each payment and shall keep a copy of each receipt on file. The receiver shall deposit amounts received in a special account and shall use this account for all disbursements.

(b) The receiver may bring an action to enforce the liability created by par. (a). Proof of payment to the receiver is as effective in favor of the person making the payment as payment of the amount to the person who would, but for this subsection, have been entitled to receive the sum so paid.

(c) A resident may not be discharged, nor may any contract or rights be forfeited or impaired, nor may forfeiture or liability be increased, by reason of an omission to pay an owner, operator or other person a sum paid to the receiver.

(9) AVOIDANCE OF PREEXISTING LEASES, MORTGAGES AND CONTRACTS. (a) A receiver may not be required to honor any lease, mortgage, secured transaction or other wholly or partially executory contract entered into by the owners or operators of the facility if:

1. The person seeking payment under the lease, mortgage, secured transaction or other wholly or partially executory contract was an operator or controlling person of the facility or was an affiliate of an operator or controlling person at the time the lease, mortgage, secured transaction or other wholly or partially executory contract was made; or

2. The rental, price or rate of interest required to be paid under the lease, mortgage, secured transaction or other wholly or partially executory contract was in excess of a reasonable rental, price or rate of interest at the time the contract was entered into.

3. Payment under the lease, mortgage, secured transaction or other wholly or partially executory contract has been modified by the parties' subsequent oral or written agreement or constructive waiver.

(b) If the receiver is in possession of real estate or goods subject to a lease, mortgage or security interest which the receiver is permitted to avoid under par. (a), and if the real estate or goods are necessary for the continued operation of the facility under this section, the receiver may apply to the court to set a reasonable rental, price or rate of interest to be paid by the receiver during the duration of the receivership. The court shall hold a hearing on the application within 15 days. The receiver shall send notice of the application to any known owners of the property involved at least 10 days prior to the hearing. Payment by the receiver of the amount determined by the court to be reasonable is a defense to any action against the receiver for payment or for possession of the goods or real estate subject to the lease or mortgage involved by any person who received such notice, but the payment does not relieve the owner or operator of the facility of any liability for the difference between the amount paid by the receiver and the amount due under the original lease or mortgage involved.

(c) During the period of appointment of a receiver, there may be no foreclosure of a mortgage entered into by the owner or operator of the facility or eviction of facility residents if the foreclosure or eviction serves to defeat the purpose of the appointment.

(9m) IMPEDING RECEIVERSHIP PROHIBITED; AUTOMATIC STAY. No person may impede the operation of a receivership established under this section. After the appointment of a receiver, any action that interferes with the functioning of the facility, including cancellation of an insurance policy executed on behalf of the facility, repossession of equipment used in the facility or termination of utility services or other services or goods that are necessary to protect the health, safety or welfare of the nursing home residents, is automatically stayed for a period of not more than 60 days.

(10) CONTINGENCY FUND. If funds collected under subs. (7) and (8) are insufficient to meet the expenses of performing the powers and duties conferred on the receiver by this section, or if there are insufficient funds on hand to meet those expenses,

the department may draw from the supplemental funds created under s. 20.435 (1) (dm) and (6) (dm) to pay those expenses. Operating funds collected under this section and not applied to the expenses of the receivership, except for the amount of a security, if any is required under sub. (14m), shall be used to reimburse the fund for advances made under this section.

(11) **COMPENSATION OF RECEIVER.** The court shall set the compensation of the receiver, which will be considered a necessary expense of a receivership.

(12) **LIABILITY OF RECEIVER; STATUS AS PUBLIC EMPLOYEE.** (a) In any action or special proceeding brought against a receiver in the receiver's official capacity for acts committed while carrying out the powers and duties created under this section, the receiver shall be considered a public employee for purposes of s. 895.46.

(b) A receiver may be held liable in a personal capacity only for the receiver's own gross negligence, intentional acts or breach of fiduciary duty.

(c) A receiver may not be required to post any bond.

(13) **LICENSING OF FACILITY UNDER RECEIVERSHIP.** Other provisions of this chapter notwithstanding, the department may issue a license to a facility placed in receivership under this section. The duration of a license issued under this section is limited to the duration of the receivership.

(14) **TERMINATION OF RECEIVERSHIP.** (a) Except as provided under par. (b), the court may not terminate a receivership for any reason other than as specified under subs. 1 to 3 and shall, after the department determines and notifies the court that the facility is able to ensure continued compliance with federal and state laws, terminate the receivership:

1. If the time period specified in the order appointing the receiver elapses and the department has not petitioned for an extension;

2. If the department grants the facility a new license, whether the structure of the facility, the right to operate the facility, or the land on which it is located is under the same or different ownership; or

3. If all of the residents in the facility have been provided alternative modes of health care, either in another facility or otherwise.

(b) The court may terminate a receivership of a nursing facility imposed because of a violation of s. 49.498 or a rule promulgated under s. 49.498 if the department submits testimony to the satisfaction of the court that the nursing facility has the management capability to ensure continued compliance with the requirements of s. 49.498 or a rule promulgated under s. 49.498.

(14m) **BOND UPON TERMINATION; REAPPOINTMENT.** If the court terminates a receivership under sub. (14) and the department grants a license for the facility to the same applicant under which the facility was licensed immediately prior to appointment of a receiver under sub. (4) or (5), the court may require that person to post a bond for a period of not less than 120 days in an amount fixed by the court as security for maintaining compliance with this subchapter and the rules promulgated under this subchapter. If the court, after notice to the parties in the receivership proceeding and after a hearing, finds that the standards for appointment under sub. (4) are met, the court may reappoint the receiver. If the court reappoints the receiver, the receiver may use the security, if any has been required under this subsection, in addition to funds under subs. (7), (8) and (10), for purposes of the receivership.

(15) **ACCOUNTING; LIEN FOR EXPENSES.** (a) Within 30 days after termination, the receiver shall give the court a complete accounting of all property of which the receiver has taken

possession, of all funds collected under this section and of the expenses of the receivership.

(b) If the operating funds collected by the receiver under subs. (7) and (8) exceed the reasonable expenses of the receivership, the court shall order payment of the surplus to the operator or controlling person, after reimbursement of funds drawn from the contingency fund under sub. (10). If the operating funds are insufficient to cover the reasonable expenses of the receivership, the operator or controlling person shall be liable for the deficiency. The operator or controlling person may apply to the court to determine the reasonableness of any expense of the receivership. The operator or controlling person shall not be responsible for expenses in excess of what the court finds to be reasonable. Payment recovered from the operator or controlling person shall be used to reimburse the contingency fund for amounts drawn by the receiver under sub. (10).

50.535 Agent status for villages, cities and counties. (1) **VENDING OPERATIONS.** In the administration and enforcement of this subchapter, the department may use villages, cities or counties as its agents in making inspections and investigations of vending machine commissaries, vending machine operators and vending machines if the village, city or county has a population greater than 5,000. When the designation is made and the services are furnished, the department shall reimburse the village, city or county furnishing the service at the rate of 80% of the net license fee per license per year issued in the municipality. No city or village may be designated on or after August 1, 1987, as an agent under this subsection if the county in which the city or village is located

is designated as an agent. If a county is designated before, on or after August 1, 1987, as an agent under this subsection, the designation only applies to those cities, villages and towns in the county which are not designated as an agent under this subsection.

(2) **HOTELS, RESTAURANTS, TOURIST ROOMING HOUSES AND OTHER ESTABLISHMENTS.** (am) In the administration of this subchapter or s. 140.05 (17), the department may enter into a written agreement with a village, city or county, if the village, city or county has a population greater than 5,000, which designates the village, city or county as its agent in issuing permits to and making investigations or inspections of hotels, restaurants, temporary restaurants, tourist rooming houses, bed and breakfast establishments, campgrounds and camping resorts, recreational and educational camps, mobile home parks and public swimming pools. In a village, city or county without agent status, the department may issue permits, collect permit fees under s. 50.53 and make investigations or inspections of hotels, restaurants, temporary restaurants, tourist rooming houses, bed and breakfast establishments, campgrounds and camping resorts, recreational and educational camps, mobile home parks and public swimming pools. If the department designates a village, city or county as its agent, the department, village, city or county may require no permit for the same operations other than the permit issued by the village, city or county under this subsection. The department shall coordinate the designation of agents under this subsection with the department of agriculture, trade and consumer protection to ensure that, to the extent feasible, the same village, city and county agencies are granted agent status under this subsection and under s. 97.41. Except as otherwise provided by the department, a village, city or county granted agent status shall regulate all types of establishments for which this subchapter permits the department to delegate regulatory authority. No village or city may be designated on or after August 1, 1987, as an agent under this paragraph if the county in which the village or city is located is designated as an agent. If a county is designated before, on or after August 1, 1987, as an agent under this paragraph, the designation only applies to those villages, cities and towns in the county which are not designated as an agent under this subsection.

(b) A village, city or county granted agent status under this subsection shall meet standards adopted, by rule, by the department. The department shall annually evaluate the licensing, investigation and inspection program of each village, city or county granted agent status. If, at any time, a village, city or county granted agent status fails to meet the standards, the department may revoke its agent status.

(c) The department shall provide education and training to agents designated under this subsection to ensure uniformity in the enforcement of this subchapter, s. 140.05 (17) and rules promulgated under this subchapter and s. 140.05 (17).

(d) Except as provided in par. (dm), a village, city or county granted agent status under this subsection shall establish and collect the permit fee for each type of establishment. The village, city or county may establish separate fees for preinspections of new establishments, for preinspections of existing establishments for which a person intends to be the new operator or for the issuance of duplicate permits. No fee may exceed the village's, city's or county's reasonable costs of issuing permits to, making investigations and inspections of, and providing education, training and technical assistance to the establishments, plus the state fee established under par. (e).

(e) A village, city or county granted agent status under this subsection or under s. 97.41 may issue a single permit and establish and collect a single fee which authorizes the opera-

tion on the same premises of more than one type of establishment for which it is granted agent status under this subsection or under s. 97.41.

(dm) A village, city or county granted agent status under this subsection may contract with the department for the department to collect fees and issue permits. The department shall collect from the village, city or county the actual and reasonable cost of providing the services.

(e) The department shall establish state fees for its costs related to setting standards under this subchapter and s. 140.05 (17) and monitoring and evaluating the activities of, and providing education and training to, agent villages, cities and counties. Agent villages, cities and counties shall include the state fees in the permit fees established under par. (d), collect the state fees and reimburse the department for the state fees collected. For each type of establishment, the state fee may not exceed 20% of the permit fees charged under ss. 50.53 and 140.05 (17).

(f) If, under this subsection, a village, city or county becomes an agent or its agent status is discontinued during a permittee's permit year, the department and the village, city or county shall divide any permit fee paid by the permittee for that permit year according to the proportions of the permit year occurring before and after the village's, city's or county's agent status is granted or discontinued. No additional fee may be required during the permit year due to the change in agent status.

(g) A village, city or county may enact ordinances or rules regarding the permittees and premises for which it is the designated agent under this subsection, which are stricter than this subchapter, s. 140.05 (17) or rules promulgated by the department under this subchapter or s. 140.05 (17). No such provision may conflict with this subchapter or with department rules.

(h) This subsection does not limit the authority of the department to inspect establishments in villages, cities and counties where agent status is granted if it inspects in response to an emergency, for the purpose of monitoring and evaluating the village's, city's or county's licensing, inspection and enforcement program or at the request of the village, city or county.

(j) The department shall hold a hearing under ch. 227 if any interested person, in lieu of proceeding under ch. 68, appeals to the department alleging either of the following:

1. A permit fee established by a village, city or county granted agent status exceeds the reasonable costs described under par. (d).

2. The person issuing, refusing to issue, suspending or revoking a permit or making an investigation or inspection of the appellant has a financial interest in a regulated establishment which may interfere with his or her ability to properly take that action.

(2) Upon receipt of an application for a vending machine operator permit, the department may cause an investigation to be made of the applicant's commissary, servicing and transport facilities, if any, and representative machines and machine locations. The operator shall maintain at his or her place of business within this state a list of all vending machines operated by him or her and their location. This

information shall be kept current and shall be made available to the department upon request. The operator shall notify the department of any change in operations involving new types of vending machines or conversion of existing machines to dispense products other than those for which such machine was originally designed and constructed.

(2) Every hotel shall offer to every guest, at the time of registration for accommodation and of making a reservation for accommodation, an opportunity to identify himself or herself as a person needing assistance in an emergency because of a physical condition and shall keep a record at the registration desk of where each person so identified is lodged. No hotel may lodge any person so identified in areas other than those designated by the local fire department as safe for persons so identified, based on the capabilities of apparatus normally available to the fire company or companies assigned the first alarm. bed and breakfast establishment, shall be less stringent than rules relating to other establishments regulated by this subchapter and may not require 2nd exits for a bed and breakfast establishment on a floor above the first level.

(e) Hold a hearing under ch. 227 if, in lieu of proceeding under ch. 68, any interested person in a village, city or county not granted agent status under s. 50.535 appeals to the department alleging that a permit fee for a hotel, restaurant, temporary restaurant, tourist rooming house, campground, camping resort, recreational or educational camp, mobile home park or public swimming pool exceeds the permit issuer's reasonable costs of issuing permits to, making investigations and inspections of, and providing education, training and technical assistance to the establishment.

50.575 Enforcement. (1) The department may enter, at reasonable hours, any premises for which a permit is required under this subchapter or s. 140.05 (17) to inspect the premises, secure samples or specimens, examine and copy relevant documents and records or obtain photographic or other evidence needed to enforce this subchapter or s. 140.05 (17). If samples of food are taken, the department shall pay or offer to pay the market value of the samples taken. The department shall examine the samples and specimens secured and shall conduct other inspections and examinations needed to determine whether there is a violation of this subchapter, s. 140.05 (17) or rules promulgated by the department under this subchapter or s. 140.05 (17).

(2) (a) Whenever, as a result of an examination, the department has reasonable cause to believe that any examined food constitutes, or that any construction, sanitary condition, operation or method of operation of the premises or equipment used on the premises creates, an immediate danger to health, the administrator of the division of the department responsible for public health may issue a temporary order and cause it to be delivered to the permittee, or to the owner or custodian of the food, or to both. The order may prohibit the sale or movement of the food for any purpose, prohibit the continued operation or method of operation of specific equipment, require the premises to cease other operations or methods of operation which create the immediate danger to health, or set forth any combination of these requirements. The administrator may order the cessation of all operations authorized by the permit only if a more limited order does not remove the immediate danger to health. Except as provided in par. (c), no temporary order is effective for longer than 14 days from the time of its delivery, but a temporary order may be reissued for one additional 14-day period, if necessary to complete the analysis or examination of samples, specimens or other evidence.

(b) No food described in a temporary order issued and delivered under par. (a) may be sold or moved and no operation or method of operation prohibited by the temporary order may be resumed without the approval of the department, until the order has terminated or the time period specified in par. (a) has run out, whichever occurs first. If the department, upon completed analysis and examination, determines that the food, construction, sanitary condition, operation or method of operation of the premises or equipment does not constitute an immediate danger to health, the permittee, owner or custodian of the food or premises shall be promptly notified in writing and the temporary order shall terminate upon his or her receipt of the written notice.

(c) If the analysis or examination shows that the food, construction, sanitary condition, operation or method of operation of the premises or equipment constitutes an immediate danger to health, the permittee, owner or custodian shall be notified within the effective period of the temporary order issued under par. (a). Upon receipt of the notice, the temporary order remains in effect until a final decision is issued under sub. (3), and no food described in the temporary order may be sold or moved and no operation or method of operation prohibited by the order may be resumed without the approval of the department.

(3) A notice issued under sub. (2) (c) shall be accompanied by a statement which informs the permittee, owner or custodian that he or she has a right to request a hearing in writing within 15 days after issuance of the notice. The department shall hold a hearing no later than 15 days after the department receives the written request for a hearing, unless both parties agree to a later date. A final decision shall be issued under s. 227.47 within 10 days of the conclusion of the hearing. The decision may order the destruction of food, the diversion of food to uses which do not pose a danger to health, the modification of food so that it does not create a danger to health, changes to or replacement of equipment or construction, other changes in or cessations of any operation or method of operation of the equipment or premises, or any combination of these actions necessary to remove the danger to health. The decision may order the cessation of all operations authorized by the permit only if a more limited order will not remove the immediate danger to health.

(4) A proceeding under this section, or the issuance of a permit for the premises after notification of procedures under this section, does not constitute a waiver by the department of its authority to rely on a violation of this subchapter, s. 140.05 (17) or any rule promulgated under this subchapter or s. 140.05 (17) as the basis for any subsequent suspension or revocation of the permit or any other enforcement action arising out of the violation.

(5) (a) Except as provided in par. (b), any person who violates this section or an order issued under this section may be fined not more than \$10,000 plus the retail value of any food moved, sold or disposed of in violation of this section or the order, or imprisoned not more than one year in the county jail, or both.
