(2) DEPARTMENTAL RULES; STUDIES; SURVEYS; SERVICES; POWERS; LONG–RANGE PLANNING. The department may promulgate such rules, inaugurate such studies, investigations and surveys, and establish such services as it deems necessary to carry out the provisions and purposes of this section. The department shall establish long–range plans, projects and priorities for conservation. The department may:

(b) *Game refuges.* Designate such localities as it shall find to be reasonably necessary to secure perpetuation of any species of game or bird, and the maintenance of an adequate supply thereof, as game or bird refuges for the purpose of providing safe retreats

in which game or birds may rest and replenish adjacent hunting grounds.

(c) *Fish refuges.* Designate such localities as it shall find to be reasonably necessary to secure the perpetuation of any species of fish and the maintenance of an adequate supply thereof, as fish refuges, for the purpose of providing safe retreats in which fish may breed and replenish adjacent fishing waters.

Cross Reference: See also ch. NR 26, Wis. adm. code.

(d) *Lands, acquisition.* Acquire by purchase, lease or agreement, and receive by gifts or devise, lands or waters suitable for the purposes enumerated in this paragraph, and maintain such lands and waters for such purposes; and may condemn lands or waters suitable for such purposes after obtaining approval of the appropriate standing committees of each house of the legislature as determined by the presiding officer thereof:

1. For state forests.

2. For state parks for the purpose of preserving scenic or historical values or natural wonders.

3. For public shooting, trapping or fishing grounds or waters for the purpose of providing areas in which any citizen may hunt, trap or fish.

(g) *Forest protection.* Establish and maintain an efficient fire fighting system for the protection of forests.

(h) *Cooperation.* Enter into cooperative agreements with persons or governmental agencies for purposes consistent with the purposes and provisions of this section, including agreements with the highway authorities with regard to planting trees or other vegetation in or along highways, or furnishing stock for such planting.

(i) *Camp fires.* Regulate camp fires and smoking in the woods at such times and in such designated localities, as it may find reasonably necessary to reduce the danger of destructive forest fires.

(j) *Burnings.* Regulate the burning of rubbish, slashings and marshes or other areas as it may find reasonably necessary to reduce the danger of destructive fires.

(2dm) LAND ACQUISITION; PRIORITIES. In expending moneys from the appropriation under s. 20.866 (2) (tz) to acquire lands under sub. (2) (d), the department shall establish a higher priority for the acquisition of lands within the boundaries of projects established on or before January 1, 1988.

(2p) DONATIONS OF LAND. (a) The department shall determine the value of land donated to the department that is within the project boundaries of a state park, a state forest or a state recreation area. If the donation involves the transfer of the title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the valuation shall be based on the fair market value of the land before the transfer. If the donation is a dedication transferring a partial interest in land to the state, the valuation shall be based on the extent to which the fair market value of the land is diminished by that transfer and the associated articles of dedication. If the donation involves a sale of land to the department at less than the fair market value, the valuation of the donation shall be based on the difference between the purchase price and the fair market value.

(b) Except as provided in par. (c), an amount of money equal to the value of the donation under par. (a) shall be released from the appropriation under s. 20.866 (2) (ta) or (tz) or both to be used for land acquisition activities for the same project for which any donation was made on or after August 9, 1989. The department shall determine how the moneys being released are to be allocated from these appropriations. This paragraph does not apply to transfers of land from agencies other than the department.

(c) If the moneys allocated under par. (b) for release from the appropriation under s. 20.866 (2) (ta) to match a donation under par. (b) will exceed the annual bonding authority for the subprogram under s. 23.0917 (3) for a given fiscal year, as adjusted under s. 23.0917 (5), the department shall release from the moneys appropriated under s. 20.866 (2) (ta) the remaining amount available under that annual bonding authority, as adjusted under s. 23.0917 (5), for the given fiscal year and shall release in each following fiscal year from the moneys appropriated under s. 20.866 (2) (ta) an amount equal to that annual bonding authority, as adjusted under s. 23.0917 (5), or equal to the amount still needed to match the donation, whichever is less, until the entire amount necessary to match the donation is released.

(d) This subsection does not apply to an easement or land donated to the department under s. 23.092 or 23.094.

(2q) WARREN KNOWLES–GAYLORD NELSON STEWARDSHIP PROGRAM; LOWER WISCONSIN STATE RIVERWAY; ICE AGE TRAIL. Except as provided in s. 23.0915 (2), the department in each fiscal year may not expend from the appropriation under s. 20.866 (2) (tz):

(b) More than \$2,000,000 under sub. (2) (d) 11.

(c) More than \$500,000 for the ice age trail under ss. 23.17 and 23.293 and for grants for the ice age trail under s. 23.096.

(2r) WARREN KNOWLES–GAYLORD NELSON STEWARDSHIP PROGRAM; LAND ACQUISITION. Except as provided in s. 23.0915 (2), the department in each fiscal year may not expend from the appropriation under s. 20.866 (2) (tz) more than a total of \$8,600,000 under this subsection. The purposes for which these moneys may be expended are the following:

- (a) Land acquisition under subs. (2dm) and (2p).

- (c) The Frank Lloyd Wright Monona terrace project as provided in s. 23.195.

(3) INTERDEPARTMENTAL COOPERATION. (a) The department shall cooperate with the several state departments and officials in the conduct of matters in which the interests of the respective departments or officials overlap. The cooperating agencies may provide by agreement for the manner of sharing expenses and responsibilities under this paragraph.

(b) If the department and the board of regents of the University of Wisconsin System enter into an agreement to create a faculty position at the University of Wisconsin–Madison for a forest landscape ecologist, the department and the University of Wisconsin–Madison shall develop an annual work plan for the ecologist. In developing the annual work plan, the department shall consult with the council on forestry.

(4) RESCUES, EMERGENCIES AND DISASTERS. The department may on its own motion and shall, when so directed by the governor, assist other state, county, and local governmental agencies or do all things reasonably necessary in the rescue of persons lost in the forests of the state, or who may be otherwise in danger of loss of life, in the recovery of the bodies of drowned persons, and in cases of emergency or disaster, by assigning equipment and employees of the department to such rescue, recovery, emergency, and disaster relief missions.

(6) INTERPRETATION, LIMITATIONS. This section shall not be construed as authorizing the department to change any penalty for violating any game law or regulation, or change the amount of any license established by the legislature, or to extend any open season or bag limit on migratory birds prescribed by federal law or regulations, or to contract any indebtedness or obligation beyond the appropriations made by the legislature.

(7) PENALTIES. Any person violating any rule of the department under this chapter shall forfeit not more than \$100.

(8) WAYS TO WATERS. The county board of any county may condemn a right-of-way for any public highway to any navigable stream, lake or other navigable waters. Such right-of-way shall be not less than 60 feet in width, and may be condemned in the manner provided by ch. 32; but the legality or constitutionality of this provision shall in no wise affect the legality or constitutionality of the rest of this section.

(10) CONSERVATION EASEMENTS AND RIGHTS IN PROPERTY. Confirming all the powers hereinabove granted to the department and in furtherance thereof, the department may acquire any and all easements in the furtherance of public rights, including the right of access and use of lands and waters for hunting and fishing and the enjoyment of scenic beauty, together with the right to acquire all negative easements, restrictive covenants, covenants running with the land, and all rights for use of property of any nature whatsoever, however denominated, which may be lawfully acquired for the benefit of the public. The department also may grant leases and easements to properties and other lands under its management and control under such covenants as will preserve and protect such properties and lands for the purposes for which they were acquired.

(11) AIDS TO COUNTIES FOR THE DEVELOPMENT OF RECREATION FACILITIES. (a) The county board of any county which, by resolution, indicates its desire to develop outdoor recreation facilities on county lands entered under s. 28.11 may make application to the

department for the apportionment of funds for state aids to counties for such purposes.

(b) In this subsection, “outdoor recreational facilities” includes picnic and camping grounds, hiking trails, trail-side campsites and shelters, cross-country ski trails, bridle trails, nature trails, snowmobile trails and areas, beaches and bath houses, toilets, shelters, wells and pumps, and fireplaces. Costs associated with the operation and maintenance of recreational facilities are not eligible for aids under this section. Costs associated with the development of facilities for spectator sports are not eligible for aids under this section.

(c) The state aids granted under this section shall be no greater than but may be less than one-half the cost of such project as determined by the department.

(d) Applications shall be made in the manner and on forms prescribed by the department. The department shall thereupon make such investigations as it deems necessary to satisfy itself that the project will best serve the public interest and need. Upon approval of the project the department shall encumber a sum not more than one-half of the cost estimate of such project. When the project is completed, the department shall pay to the county not more than one-half the actual cost of such project. The department may inform itself and require any necessary evidence from the county to substantiate the cost before payment is made.

(e) The department in making its deliberations shall give careful consideration to whether or not the proposal is an integral part of an official comprehensive land and water use plan for the area as well as the relationship of the project to similar projects on other public lands. If requests for state aids exceed the funds allotted to the department for this program, those requests which form an integral part of a comprehensive plan shall be given first priority.

(f) Recreation facilities developed under the assistance of this section shall not be converted to uses which are inconsistent with the purposes of this section without the approval of the department. The department shall not issue such approval unless there is evidence that such other uses are essential to and in accordance with an official comprehensive plan for the area. The department shall require that the proceeds from the disposal of facilities developed under this section shall be used to further the objectives of this section.

Cross Reference: See also ch. NR 50, Wis. adm. code.

(12) COUNTY FISH AND GAME PROJECTS. (a) The county board of any county which, by resolution, indicates its desire to plan and carry out a program of coordinated fish management projects or game management projects may make application to the department for the allocation and apportionment of funds for state aids appropriated for such purposes by s. 20.370 (5) (ar).

(b) Fish management projects and game management projects include but are not limited because of enumeration to: game food seeding; browse improvement cutting; prescribed burning for game habitat improvement; creating game cover brush piles; creation of impoundments, construction, nature trails; game and fish habitat creation or improvement; lake, stream and spring pond rehabilitation and improvement; construction of fish shelters; stream side fencing; rough fish control; and other approved fish and game management projects.

(c) State aid under this subsection to any county shall be distributed by the department according to the procedures adopted by the natural resources board. State aid granted to any county under this subsection shall be matched by the county and the state’s share may not exceed one-half of the actual cost of the project. Personnel, equipment and materials furnished by the county may be included in computing the county share contribution.

(d) Application shall be made in the manner and on forms prescribed by the department. The department shall make such investigations as it deems necessary to satisfy itself that the project will best serve the public interest and need and shall also consider the relationship of the project to similar projects on other public lands. Upon approval of the project the department shall encumber a sum

not more than one-half of the cost estimate of such project. The department may inform itself and require any necessary evidence from the county to substantiate the cost before payment is made.

(e) Recreation facilities developed under the assistance of this subsection shall not be converted to uses which are inconsistent with the purposes of this subsection without the approval of the department. The department shall require that the proceeds from the disposal of facilities developed under this subsection shall be used to further the objectives of this subsection.

(f) Any county may cooperate with and participate in approved projects in any other county under this subsection.

Cross Reference: See also ch. NR 50, Wis. adm. code.

(13) BONG AIR BASE. The department may acquire by gift, purchase or otherwise the federally-owned lands, improvements and appurtenances thereto within the Bong Air Base in Kenosha County which may be disposed of by the federal government to be used by the department for any of the purposes in sub. (2) (d). The department may establish zones within the boundaries of the Bong air base which offer a wide range of variable opportunities for active outdoor recreation consistent with sub. (2) (d) and may promulgate rules to control the activities within the zones.

(17m) GRANTS TO COUNTIES FOR THE DEVELOPMENT OF WILDLIFE HABITAT ON COUNTY FORESTS. (a) The county board of any county, which by resolution indicates its desire to improve the natural environment for wildlife on county lands entered under s. 28.11, may make application to the department for the allocation of funds appropriated for such purposes by s. 20.370 (5) (as).

(b) The annual allocation for each county shall not exceed 10 cents for each acre entered under s. 28.11, but any funds remaining from the appropriation made by s. 20.370 (5) (as) and unallocated to the counties on March 31 of each year may be allotted to any county in an amount not to exceed an additional 10 cents per acre under the procedure established in this subsection. These aids shall be used to undertake wildlife management activities provided in the comprehensive county forest land use plan and included in the annual work plan and budget.

(c) Wildlife management operations shall be limited to approved projects designed to benefit wildlife and the natural environment.

(d) Application shall be made as part of the comprehensive county forest land use plan prepared under s. 28.11. Before approving the plan, the department shall investigate all project proposals to make certain that the project is feasible, desirable and consistent with the plan. If the department approves the plan, the department shall pay the aids to the wildlife management fund account of the county. The county's wildlife management fund shall be a nonlapsing account except as provided in pars. (h) and (hg).

(f) Completion of such projects authorized by the department shall be certified by a representative of the department. All records of receipts and expenditures from the county wildlife management fund account shall be available to the department for inspection and audit at any time.

(g) Any unauthorized expenditures from the county wildlife management fund account shall be restored to such fund upon demand by the department and if not restored shall become a charge against the county and the secretary of state shall include such unpaid sums in the state tax levy of the respective counties in subsequent years.

(h) If the amount of the unencumbered balance in a county's wildlife management fund account exceeds either of the following, the department may demand that the county repay the excess amount to the department:

1. The amount that is equal to the sum of the allocations received by the county for the 3 previous years.

2. The amount, as determined by the department, that is required for the purposes of this subsection.

(hg) If the unencumbered balance in a county's wildlife management fund exceeds both of the amounts specified in par. (h) 1. and 2., the department may demand that the county repay either excess amount.

(hr) If the county fails to comply with the department's demand under par. (h) or (hg), the applicable excess amount shall become a charge against the county, and the secretary of state shall include the amount in the state tax levy of the county in subsequent years.

(i) Expenditures under this subsection on any land withdrawn from s. 28.11 and the title to which is transferred by the county to other than a public agency shall be reimbursed to the department in an amount not to exceed the prorated value of the remaining useful lifetime of the wildlife habitat development.

(18) FOREST CROPLANDS AND MANAGED FOREST LANDS AIDS. (a) In each fiscal year, the department shall make payments to each county that has more than 40,000 acres within its boundaries that are entered on the tax roll under s. 77.04 (1) or 77.84 (1) on July 1 of that fiscal year.

(b) The amount of the payment made in a fiscal year to an eligible county shall equal the county's proportionate share of the moneys appropriated under s. 20.370 (5) (br) for the fiscal year. An eligible county's proportionate share shall equal the number of acres within its boundaries that are entered on the tax roll under s. 77.04 (1) or 77.84 (1) on July 1 of the fiscal year divided by the total number of acres that are entered on the tax roll under s. 77.04 (1) or 77.84 (1) on that same date and that are within the boundaries of counties that are eligible for payments under this section, multiplied by the amount appropriated under s. 20.370 (5) (br) for the fiscal year.

(c) The department shall calculate and issue the payment for each eligible county by October 1 following each fiscal year.

(19) AIDS FOR THE ACQUISITION OF URBAN GREEN SPACE. (a) In this subsection:

1. "Brownfields redevelopment" means an abandoned, idle or underused industrial or commercial facility or site, the expansion or redevelopment of which is adversely affected by actual or perceived environmental contamination.

2. "Governmental unit" means a city, village, town, county, lake sanitary district, as defined in s. 30.50 (4q), public inland lake protection and rehabilitation district or the Kickapoo reserve management board.

3. "Nature-based outdoor recreation" has the meaning given by the department by rule under s. 23.0917 (4) (f).

(b) Any governmental unit may apply for state aid for the acquisition of lands and rights in lands for urban green space. Each application shall include a comprehensive description of the proposal for urban green space acquisition, plans for development and management of the land and any other information required by the department.

(c) The department may award grants from the appropriation under s. 20.866 (2) (tz) for the acquisition of land or rights in land for urban green space under this subsection for the following purposes:

1. To provide an open natural space within or in proximity to urban development.

2. To protect from urban development an area or naturally formed feature that is within or in proximity to an urban area and that has scenic, ecological or other natural value.

5. To provide land for noncommercial gardening to be used by inhabitants of an urbanized area.

(cg) The department may award grants from the appropriation under s. 20.866 (2) (ta) for the acquisition of land or rights in land for urban green space under this subsection only for the purposes of nature-based outdoor recreation.

(cm) In approving grants under this subsection and under s. 23.096 for urban green space, the department shall give higher priority for projects related to brownfields redevelopment.

(d) Grants under this subsection shall be for up to 50% of the acquisition costs of the land or the rights in land for the urban green space. The governmental unit is responsible for the remainder of the acquisition costs.

(e) As part of its approval of a grant, the department shall specify for which of the purposes listed in par. (c) the governmental unit may use the land or the rights in the land acquired with the grant. The governmental unit may not convert the land or the rights in the land acquired under this subsection to a use that is inconsistent with the uses as approved by the department.

(f) 1. Except as provided in subd. 2., title to land or to rights in land acquired under this subsection shall vest in the governmental unit.

2. Land or rights in land acquired under this subsection by the Kickapoo reserve management board shall vest in the state.

(g) The department may not approve a grant for costs associated with development, operation and maintenance of urban green space acquired under this subsection or for administrative costs of acquiring lands or rights in lands.

(h) The department may not approve a grant under this subsection unless the urban green space is identified in any master plan that the governmental unit may have.

(j) Any governmental unit that acquires an area for gardening with a grant under this subsection may charge fees for use of the garden that are sufficient to recover the costs of maintaining the area. The governmental unit may reduce or waive any fee charged based on the user's inability to pay.

(k) Except as provided in s. 23.0915 (2), the department may not expend from the appropriation under s. 20.866 (2) (tz) more than \$750,000 in each fiscal year for urban green space under this subsection and for grants for urban green space under s. 23.096.

(L) The department may not award a grant from the appropriation under s. 20.866 (2) (tz) to the Kickapoo reserve management board.

(b) If the total amount obligated for the subprogram for bluff protection on June 30, 2004, is less than \$1,000,000, the department shall calculate the unobligated amount by subtracting the total obligated amount from \$1,000,000. The department shall then adjust the available bonding authority for the subprogram for land acquisition by increasing the available bonding authority in an amount equal to the unobligated amount.

(c) The department may not obligate moneys for the subprogram for bluff protection after June 30, 2004.

(4m) BARABOO HILLS. (a) *Definitions.* In this subsection:

1. “Assigned amount” means the sum of the amounts made available for expenditure under par. (g) and the amounts set aside by the department under par. (h) 1.

2. “Federal nontransportation moneys” means moneys received from the federal government that are not deposited in the transportation fund and that are not credited to the appropriation under s. 20.115 (2) (m).

3. “Local governmental unit” means a city, village, town, county, lake sanitary district, as defined in s. 30.50 (4q), or a public inland lake protection and rehabilitation district.

(b) *Matching funding.* The department shall provide funding under the subprogram for the Baraboo Hills to match the value of land acquisitions that are certified as qualifying matching land acquisitions under par. (e).

(c) *Overall requirements.* 1. The department may obligate not more than \$5,000,000 under the subprogram for the Baraboo Hills.

2. The amount of moneys, other than federal moneys, that may be used by local governmental units or nonprofit conservation organizations to make land acquisitions that are certified as qualifying matching land acquisitions under par. (e) may not exceed \$2,500,000.

3. Land that is either certified as a qualifying matching land acquisition under par. (e) or (h) 2. or acquired with moneys made available for expenditure under par. (g) or (h) 2. may not be department land or land that is otherwise owned or under the jurisdiction of the state on October 29, 1999.

(d) *Matching land acquisitions; requirements.* The department may only certify as a qualifying matching land acquisition in the Baraboo Hills an acquisition to which all of the following apply:

1. The land is being acquired for conservation purposes.
2. The land is being acquired by the federal government, by a local governmental unit or by a nonprofit conservation organization.
3. Any federal moneys being used for the acquisition are federal nontransportation moneys.

(e) *Matching land acquisitions; certification.* The department shall certify which land acquisitions qualify as matching land acquisitions for the subprogram for the Baraboo Hills and shall determine the values of these matching land acquisitions as provided in par. (f).

(f) *Matching land acquisitions; valuation.* The value of a land acquisition that is certified as a qualifying matching land acquisition under par. (e), shall be calculated as follows:

1. For land that is acquired by purchase at fair market value, the value shall equal the sum of the purchase price and the costs incurred by the federal government, local governmental unit or nonprofit conservation organization in acquiring the land.

2. For land that is acquired by gift or bequest or by purchase at less than fair market value, the value shall equal the sum of the appraised fair market value of the land at the time of the acquisition and the costs incurred by the acquiring entity in acquiring the land. The acquiring entity shall supply the appraisal upon which the appraised fair market value is based.

(g) *Matching land acquisitions; available moneys.* For each land acquisition that is certified as a qualifying matching land acquisition under par. (e), the department shall make available for expenditure moneys in an amount that equals the value of the land acquisition, as calculated under par. (f). This paragraph does not apply to a land acquisition that is acquired with moneys committed by the federal government, local governmental unit or nonprofit conservation organization under par. (h).

(h) *Matching land acquisitions; future commitments.* 1. In addition to the moneys made available for expenditure under par. (g), the department shall set aside moneys in amounts that equal amounts that the federal government, local governmental units or nonprofit conservation organizations commit for the acquisition of land in the Baraboo Hills for conservation purposes. Federal moneys that are committed under this paragraph shall be federal nontransportation moneys. The department may set aside moneys under this paragraph only for commitments that are made before January 1, 2006.

2. For each land acquisition that is made by using moneys that are committed by the federal government, a local governmental unit or a nonprofit conservation organization under this paragraph and that is certified as a qualifying matching land acquisition under par. (j) *Available moneys; grant requirements.* A local governmental unit or nonprofit conservation organization that receives a grant under par. (i) does not need to provide any matching funding. Land acquired with moneys from a grant awarded under par. (i) may not be certified by the department as a qualifying matching land acquisition under par. (e). Grants awarded under par. (i) shall be used to acquire land for conservation purposes in the Baraboo Hills.

(k) *Unassigned amount.* If the assigned amount for the subprogram for the Baraboo Hills on January 1, 2006, is less than the available bonding authority, the department shall calculate the unassigned amount by subtracting the assigned amount from the available bonding authority. The department shall then adjust the annual bonding authority for the subprogram for land acquisition by increasing its annual bonding authority by an amount equal to this unassigned amount. The department shall expend any assigned amount that has not been expended before January 1, 2006, for acquisitions, by the department, of land for conservation purposes and for grants that meet the requirements under par. (j).

(L) *Highway construction required.* No moneys may be obligated for the subprogram for the Baraboo Hills before the department of transportation certifies to the department of natural resources that highway construction that will result in at least 4 traffic lanes has begun on the portion of USH 12 between the city of Middleton and the village of Sauk City.

(5) ADJUSTMENTS FOR SUBSEQUENT FISCAL YEARS. (a) If for a given fiscal year the department obligates an amount from the moneys appropriated under s. 20.866 (2) (ta) for a subprogram under sub. (3) or (4) that is less than the annual bonding authority for that subprogram for that given fiscal year, the department shall adjust the annual bonding authority for that subprogram by raising the annual bonding authority, as it may have been previously adjusted under this paragraph and par. (b), for the next fiscal year by the amount that equals the difference between the amount authorized for that subprogram and the obligated amount for that subprogram in that given fiscal year.

(b) If for a given fiscal year the department obligates an amount from the moneys appropriated under s. 20.866 (2) (ta) for a subprogram under sub. (3) or (4) that is more than the annual bonding authority for that subprogram for that given fiscal year, the department shall adjust the annual bonding authority for that subprogram by lowering the annual bonding authority, as it may have been previously adjusted under this paragraph and par. (a), for the next fiscal year by an amount equal to the remainder calculated by subtracting the amount authorized for that subprogram from the obligated amount, as it may be affected under par. (c) or (d), for that subprogram in that given fiscal year.

(c) The department may not obligate for a fiscal year an amount from the moneys appropriated under s. 20.866 (2) (ta) for a subprogram under sub. (3) or (4) that exceeds the amount equal to the annual bonding authority for that subprogram as it may have been previously adjusted under pars. (a) and (b), except as provided in par. (d).

(d) For a given fiscal year, in addition to obligating the amount of the annual bonding authority for a subprogram under sub. (3) or (4), or the amount equal to the annual bonding authority for that subprogram, as adjusted under pars. (a) and (b), whichever amount is applicable, the department may also obligate for that subprogram up to 100% of the annual bonding authority for that subprogram for that given fiscal year for a project or activity if the natural resources board determines that all of the following conditions apply:

1. That moneys appropriated for that subprogram to the department under s. 20.370 and the moneys appropriated for that subprogram under s. 20.866 (2) (ta), (tp) to (tw), (ty) and (tz) do not provide sufficient funding for the project or activity.

2. That any land involved in the project or activity covers a large area or the land is uniquely valuable in conserving the natural resources of the state.

3. That delaying or deferring all or part of the cost to a subsequent fiscal year is not reasonably possible.

(5m) ADJUSTMENTS FOR LAND ACQUISITIONS. (a) Beginning in fiscal year 1999–2000, the department, subject to the approval of the governor and the joint committee on finance under sub. (6), may obligate under the subprogram for land acquisition any amount not in excess of the total bonding authority for that subprogram for the acquisition of land.

NOTE: Sub. (6) was repealed by 2003 Wis. Act 33.

(b) For each land acquisition transaction under this subsection, all of the following apply:

1. The department shall sell a portion of the acquired land.

2. All proceeds from the sale of the land, up to the amount obligated under par. (a) as determined by the secretary of administration, shall be deposited in the general fund and credited to the appropriation account under s. 20.370 (7) (ag). Notwithstanding s. 25.29 (1) (a), the proceeds in excess of the amount obligated under par. (a) shall be deposited in the general fund.

3. For bonds that are retired from the proceeds of the sale of the acquired land within 3 years after the date on which the land was acquired by the department, the department shall adjust the available bonding authority for the subprogram for land acquisition by increasing the available bonding authority for the fiscal year in which the bonds are retired by an amount equal to the total

amount of the bonds issued for the sale that have been retired in that fiscal year.

4. For bonds that are not retired from the proceeds of the sale of the acquired land within 3 years after the date on which the land was acquired by the department, the department shall adjust the available bonding authority for the subprogram for land acquisition by decreasing the available bonding authority for the next fiscal year beginning after the end of that 3-year period by an amount equal to the total amount of the bonds that have not been retired from such proceeds in that fiscal year and, if necessary, shall decrease for each subsequent fiscal year the available bonding authority in an amount equal to that available bonding authority or equal to the amount still needed to equal the total amount of the bonds that have not been retired from such proceeds, whichever is less, until the available bonding authority has been decreased by an amount equal to the total of the bonds that have not been retired.

(c) Notwithstanding sub. (2) (a) 1., land acquired under this subsection need not be for conservation or recreational purposes.

(d) The department of administration shall monitor all transactions under this subsection to ensure compliance with federal law and to ensure that interest on the bonds is tax-exempt for the holders of the bonds.

(7) **CALCULATION OF GRANT AMOUNTS: APPRAISALS.** (a) Except as provided in pars. (b) and (c), for purposes of calculating the acquisition costs for acquisition of land under ss. 23.09 (19), (20) and (20m), 23.092 (4), 23.094 (3g), 23.096, 30.24 (4) and 30.277 from the appropriation under s. 20.866 (2) (ta), the acquisition costs shall equal the sum of the land's current fair market value and other acquisition costs, as determined by rule by the department.

(b) For land that has been owned by the current owner for less than one year, the acquisition costs of the land shall equal the owner's acquisition price.

(c) For land that has been owned by the current owner for one year or more but for less than 3 years, the acquisition costs of the land shall equal the sum of the current owner's acquisition price and the annual adjustment increase.

(d) For purposes of par. (c), the annual adjustment increase shall be calculated by multiplying the owner's acquisition price by 5% and by then multiplying that product by one of the following numbers:

1. By one if the land has been owned by the current owner for one year or more but for less than 2 years.
2. By 2 if the land has been owned by the current owner for 2 years or more but for less than 3 years.

(e) For any land for which moneys are proposed to be obligated from the appropriation under s. 20.866 (2) (ta) in order to provide a grant or state aid to a governmental unit under s. 23.09 (19), (20), or (20m) or 30.277 or to a nonprofit conservation organization under s. 23.096, the department shall use at least 2 appraisals to determine the fair market value of the land. The governmental unit or nonprofit conservation organization shall submit to the department one appraisal that is paid for by the governmental unit or nonprofit conservation organization. The department shall obtain its own independent appraisal. The department may also require that the governmental unit or nonprofit conservation organization submit a 3rd independent appraisal. The department shall reimburse the governmental unit or nonprofit conservation organization up to 50% of the costs of the 3rd appraisal as part of the acquisition costs of the land if the land is acquired by the governmental unit or nonprofit conservation organization with moneys obligated from the appropriation under s. 20.866 (2) (ta). This paragraph does not apply if the fair market value of the land is estimated by the department to be \$200,000 or less.

(f) 1. In this paragraph, "taxation district" has the meaning given in s. 70.114 (1) (e).

2. For any acquisition of any land that is funded with moneys obligated from the appropriation under s. 20.866 (2) (ta), the department, within 30 days after the moneys are obligated, shall

submit to the clerk and the assessor of each taxation district in which the land is located a copy of every appraisal in the department's possession that was prepared in order to determine the fair market value of the land involved. An assessor who receives a copy of an appraisal under this subdivision shall consider the appraisal in valuing the land as provided under s. 70.32 (1).

(b) The department may not obligate moneys from the appropriation under s. 20.866 (2) (ta) for the acquisition or development of land by a county or other local governmental unit or political subdivision if the county, local governmental unit, or political subdivision acquires the land involved by condemnation.

(c) The department may not obligate moneys from the appropriation under s. 20.866 (2) (ta) for the acquisition by a city, village or town of land that is outside the boundaries of the city, village or town unless the city, village or town acquiring the land and the city, village or town in which the land is located approve the acquisition.

(d) The department may not acquire land using moneys from the appropriation under s. 20.866 (2) (ta) without the prior approval of a majority of the members-elect, as defined in s. 59.001 (2m), of the county board of supervisors of the county in which the land is located if at least 66% of the land in the county is owned or under the jurisdiction of the state, the federal government, or a local governmental unit, as defined in s. 66.0131 (1) (a). Before determining whether to approve the acquisition, the county in which the land is located shall post notices that inform the residents of the community surrounding the land of the possible acquisitions.

(12) **EXPENDITURES AFTER JUNE 30, 2010.** If the remaining bonding authority for a subprogram under sub. (3) or (4) on June 30, 2010, is an amount greater than zero, the department may expend any portion of this remaining bonding authority for that subprogram in one or more subsequent fiscal years.

(1) The department shall designate habitat areas in order to enhance wildlife-based recreation in this state, including hunting, fishing, nature appreciation and the viewing of game and nongame species. The department may not designate an area as a habitat area under this subsection if the area is located within the boundaries of a project established by the department before August 9, 1989.

(2) For each area designated under sub. (1), the department shall prepare a plan, based upon the specific qualities of the area designated, that is designed to protect, enhance or restore the habi-

The department may share the costs of acquiring easements for habitat areas with landowners or with these nonprofit organizations. If the funding for cost-sharing under this subsection will be expended from the appropriation under s. 20.866 (2) (ta), the amount expended for the cost-sharing may not exceed 50% of the cost of the management practices or of the acquisition costs for the easement.

(5) (a) The department shall determine the value of land or an easement donated to the department that is within a habitat area and is dedicated for purposes of habitat protection, enhancement or restoration. For an easement, the valuation shall be based on the extent to which the fair market value of the land is diminished by the transfer. Except as provided in par. (b), an amount of money equal to the value of the donation shall be released from the appropriation under s. 20.866 (2) (ta) or (tz) or both to be used for habitat protection, enhancement or restoration activities for the same habitat area in which any donation was made on or after August 9, 1989. (c) Mowing, grazing or spraying the land with chemicals, except as necessary to comply with noxious weed control laws or to control pests on an emergency basis when such control is necessary to protect public health or unless the department specifically approves the mowing, grazing or spraying.

(4) DONATIONS. (a) The department shall determine the value of land or an easement donated to the department for purposes of this section and for stream bank protection under s. 23.096. The department shall cooperate with the land information board under s. 16.967 in conducting this program. This program shall establish a system for determining the existence and location of natural areas, the degree of endangerment of natural areas, an evaluation of the importance of natural areas, information related to the associated natural values of natural areas and other information and data related to natural areas. This program shall establish a system for determining the existence and location of native plant and animal communities and endangered, threatened and critical species, the degree of endangerment of these communities and species, the existence and location of habitat areas associated with these communities and species and other information and data related to these communities and species. (2) CONTRIBUTIONS; STATE MATCH. The department may accept contributions and gifts for the Wisconsin natural areas heritage program. The department shall convert donations of land which it determines, with the advice of the council, are not appropriate for the Wisconsin natural areas heritage program into cash. The department shall convert other noncash contributions into cash. These moneys shall be deposited in the general fund and credited to the appropriation under s. 20.370 (1) (mg). These moneys shall be matched by an equal amount released from the appropriation under s. 20.866 (2) (ta), (tt) or (tz) or from any combination of these appropriations to be used for natural areas land acquisition activities under s. 23.27 (5). The department shall determine how the moneys being released are to be allocated from these appropriations.

(3) LAND DEDICATIONS; VALUATION; STATE MATCH. The department shall determine the value of land accepted for dedication under the Wisconsin natural areas heritage program. If the land dedication involves the transfer of the title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the valuation shall be based on the fair market value of the land prior to the transfer. If the land dedication involves the transfer of a partial interest in land to the state, the valuation shall be based on the extent to which the fair market value of the land is diminished by that transfer and the associated articles of dedication. If the land dedication involves a sale of land to the department at less than the fair market value, the valuation of the dedication shall be based on the difference between the purchase price and the fair market value. An amount equal to the value of land accepted for dedication under the Wisconsin natural areas heritage program shall be released from the appropriation under s. 20.866 (2) (ta), (tt) or (tz) or from any combination of these appropriations to be used for natural areas land acquisition activities under s. 23.27 (5). This subsection does not apply to dedications of land under the ownership of the state. The department shall determine how the moneys being released are to be allocated from these appropriations.

(4) LAND DEDICATIONS; ELIGIBLE LAND. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless the land is a natural area with a high or critical level of importance as determined by the department with the advice of the council.

(5) LAND DEDICATIONS; TRANSFER OF INTEREST. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless all interest in the land or a partial interest in the land is transferred to the state to be held in trust for the people by the department. This subsection does not apply to land under the ownership of the state.

(6) LAND DEDICATIONS; STATE LAND. Land under the ownership of the state and under the control or management of the department may be accepted for dedication under the Wisconsin natural areas heritage program. Land under the ownership of the state but under the management or control of another agency may be accepted for dedication under the Wisconsin natural areas heritage program if the appropriate agency transfers sufficient permanent and irrevocable authority over the management and control of that land to the department.

(7) LAND DEDICATIONS; PERMANENT AND IRREVOCABLE. Except as permitted under this subsection, the department may not accept land for dedication under the Wisconsin natural areas heritage program unless the land dedication is permanent and irrevocable. The department may not accept land for dedication under the Wisconsin natural areas heritage program if the dedication or any provision in the articles of dedication include any reversionary right or any provision which extinguishes the dedication at a certain time or upon the development of certain conditions, except that the department may authorize a revision or extinction if the land is withdrawn from the Wisconsin natural areas heritage program as provided under subs. (19) and (20). The department may not accept land for dedication under the Wisconsin natural areas heritage program if the articles of dedication allow for amendment or revision except as provided under subs. (17) and (18).

(8) LAND DEDICATIONS; PUBLIC TRUST. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless the land dedication provides that the interest in land which is transferred to or held by the state is to be held in trust for the people by the department.

(9) LAND DEDICATIONS; STEWARDSHIP. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless adequate provisions for the stewardship are provided. If the land dedication involves the transfer of title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the department has stewardship responsibility. If the land dedication involves the transfer of a partial interest in the land to the state, stewardship responsibility shall be assigned to the person retaining an interest in the land and his or her successors or to the department. Even if stewardship responsibility is assigned to a person retaining an interest in the land and his or her successors, the department has ultimate responsibility to ensure that stewardship is provided and, if it is not, the department shall assume stewardship responsibility and shall recover the costs involved from the party originally responsible. If the land dedication involves state-owned land under the management or control of the department, the department has stewardship responsibility. The department may enter into contracts or agreements with other agencies or persons to act as its agent and to ensure that stewardship is provided for a dedicated state natural area or to assume stewardship responsibility for a dedicated state natural area. In no case may the department abrogate its ultimate stewardship responsibility or its obligation as a trustee of the land.

(10) PROTECTION OF NATURAL VALUES; RESEARCH NATURAL AREAS. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless adequate authorization is given to the department to protect natural values and to restrict any use of the natural area which is inconsistent with or injurious to its natural values. If authorized by the articles of dedication, the department may establish use zones, may control uses within a zone and may limit the number of persons using a zone in a dedicated state natural area. If authorized in the articles of dedication, the department, with the advice of the council, may classify certain dedicated state natural areas as research natural areas and may establish special use regulations for these areas.

(11) LAND DEDICATIONS; PARTIAL INTEREST; LAND OF OTHER STATE AGENCIES; ACCESS. The department may not accept land for dedication under the Wisconsin natural areas heritage program if the land dedication involves the transfer of a partial interest in the land to the state unless adequate provisions for access are pro-

vided. Land under the ownership of the state but under the management and control of another state agency may not be accepted for dedication under the Wisconsin natural areas heritage program unless adequate provisions for access are provided. Adequate provisions for access are required to include provisions which guarantee access to the land by the department and its agents at reasonable times to inspect the land and to determine if the articles of dedication are being violated. Adequate provisions for access are required to include provisions which guarantee to the department and its agents access and rights to the land necessary to exercise stewardship responsibilities. Adequate provisions for access may not be required to include any provision permitting public access to the land although the department shall encourage public access provisions wherever possible and consistent with preservation of natural values associated with the land. If public access is permitted, the department shall consider this as a factor when making its valuation under sub. (3). Even if public access is permitted, the department may limit access at its discretion to protect natural values associated with the land or to facilitate stewardship or administration.

(12) LAND DEDICATION; PARTIAL INTEREST; LAND OF OTHER STATE AGENCIES; NOTICE PRIOR TO SALE OR TRANSFER. The department may not accept land for dedication under the Wisconsin natural areas heritage program if the land dedication involves the transfer of a partial interest in the land to the state unless adequate provisions for notice are provided. Land under the ownership of the state but under the management and control of another state agency may not be accepted for dedication under the Wisconsin natural areas heritage program unless adequate provisions for notice are provided. At a minimum, adequate provisions for notice shall require 30 days' notice to the department before any sale, transfer or conveyance of the land or an interest in the land. The department may not regulate or prohibit the sale, transfer or conveyance of a dedicated state natural area or an interest in a dedicated state natural area but the department may ensure that the grantee, lessee or other party is informed of the dedication and understands that restrictions, conditions, obligations, covenants and other provisions in the dedication and articles of dedication run with the land and are binding on subsequent grantees, lessees and similar parties. No sale, transfer or conveyance of a dedicated state natural area may violate the dedication or the articles of dedication. The register of deeds shall notify the department if a dedicated state natural area is transferred by will or as part of an estate.

(13) ARTICLES OF DEDICATION; REQUIREMENT; APPROVAL. The department may not accept land for dedication under the Wisconsin natural areas heritage program unless articles of dedication in the proper form and with the required contents are prepared and approved. The department and the person making the land dedication are required to approve articles of dedication if the land dedication involves the transfer of all or a partial interest in the land. The department and the appropriate state agency are required to approve articles of dedication if the land dedication involves land under the ownership of the state but under the control or management of a state agency other than the department. The department is required to approve articles of dedication if the land dedication involves only land under the ownership and control of the state and under the management or control of the department. The department shall seek the advice of the council in making approvals under this subsection.

(14) ARTICLES OF DEDICATION; FORM. Articles of dedication are not in proper form unless they are prepared as a conservation easement under s. 700.40 or in another form acceptable to the department. Articles of dedication are not in proper form unless they run with the land and are binding on all subsequent purchasers or any other successor to an interest in the land. Articles of dedication are not in proper form unless the articles qualify as an instrument which is valid and meets the requirements for recording under s. 706.04.

(15) ARTICLES OF DEDICATION; CONTENTS. The department may not approve articles of dedication unless they contain:

(a) *Public purpose.* A statement of public purposes served by the dedication.

(c) *Conveyance.* A conveyance or other instrument if necessary to transfer interest in the land as required under sub. (5).

If the department and the governor approve, a land dedication under the Wisconsin natural areas heritage program is final with the recording of the dedication and articles of dedication in the office of the register of deeds. At the time of recording, the land is a dedicated state natural area and shall remain so unless withdrawn under subs. (19) and (20).

(17) ARTICLES OF DEDICATION; AMENDMENT; JUSTIFICATION. The articles of dedication may not be amended or revised unless the amendment or revision serves a valid public purpose, no prudent alternative exists and the amendment or revision would not significantly injure or damage the natural values which enabled the area to be considered a state natural area.

(4) CONTRIBUTIONS AND GIFTS; STATE MATCH. The department may accept contributions and gifts for the ice age trail program. The department may convert gifts of land which it determines are not appropriate for the ice age trail program into cash. The department may convert other noncash contributions and gifts into cash. These moneys shall be deposited in the general fund and credited to the appropriation under s. 20.370 (7) (gg). An amount equal to the value of all contributions and gifts shall be released from the appropriation under s. 20.866 (2) (ta), (tw) or (tz) or from any combination of these appropriations to be used for land acquisition and development activities under s. 23.17. (5) LAND DEDICATIONS; VALUATION; STATE MATCH. The department shall determine the value of land accepted for dedication under the ice age trail program. If the land dedication involves the transfer of the title in fee simple absolute or other arrangement for the transfer of all interest in the land to the state, the valuation of the land shall be based on the fair market value of the land before the transfer. If the land dedication involves the transfer of a partial interest in land to the state, the valuation of the land shall be based on the extent to which the fair market value of the land is diminished by that transfer and the associated articles of dedication. If the land dedication involves a sale of land to the department at less than the fair market value, the valuation of the land shall be based on the difference between the purchase price and the fair market value. An amount equal to the valuation of the land accepted for dedication under the ice age trail program shall be released from the appropriation under s. 20.866 (2) (ta), (tw) or (tz) or from any combination of these appropriations to be used for ice age trail acquisition activities under s. 23.17. (4c) INTOXICATED OPERATION OF AN ALL-TERRAIN VEHICLE. (a) *Operation.* 1. 'Operating while under the influence of an intoxicant.' No person may operate an all-terrain vehicle while under the influence of an intoxicant to a degree which renders him or her incapable of safe operation of an all-terrain vehicle.

2. 'Operating with alcohol concentrations at or above specified levels.' No person may engage in the operation of an all-terrain vehicle while the person has an alcohol concentration of 0.08 or more.

2m. 'Operating with a restricted controlled substance.' No person may engage in the operation of an all-terrain vehicle while the person has a detectable amount of a restricted controlled substance in his or her blood.

3. 'Operating with alcohol concentrations at specified levels; below age 19.' If a person has not attained the age of 19, the person may not engage in the operation of an all-terrain vehicle while he or she has an alcohol concentration of more than 0.0 but not more than 0.08.

4. 'Related charges.' A person may be charged with and a prosecutor may proceed upon a complaint based upon a violation of any combination of subd. 1., 2., or 2m. for acts arising out of the same incident or occurrence. If the person is charged with violating any combination of subd. 1., 2., or 2m., the offenses shall be joined. If the person is found guilty of any combination of subd. 1., 2., or 2m. for acts arising out of the same incident or occurrence, there shall be a single conviction for purposes of sentencing and for purposes of counting convictions under sub. (13)

(b) 2. and 3. Subdivisions 1., 2., and 2m. each require proof of a fact for conviction which the others do not require.

5. ‘Defenses.’ In an action under subd. 2m. that is based on the defendant allegedly having a detectable amount of methamphetamine, gamma-hydroxybutyric acid, or delta-9-tetrahydrocannabinol in his or her blood, the defendant has a defense if he or she proves by a preponderance of the evidence that at the time of the incident or occurrence he or she had a valid prescription for methamphetamine or one of its metabolic precursors, gamma-hydroxybutyric acid, or delta-9-tetrahydrocannabinol.

(b) *Causing injury.* 1. ‘Causing injury while under the influence of an intoxicant.’ No person while under the influence of an intoxicant to a degree which renders him or her incapable of safe operation of an all-terrain vehicle may cause injury to another person by the operation of an all-terrain vehicle.

2. ‘Causing injury with alcohol concentrations at or above specified levels.’ No person who has an alcohol concentration of 0.08 or more may cause injury to another person by the operation of an all-terrain vehicle.

2m. ‘Causing injury while operating with a restricted controlled substance.’ No person who has a detectable amount of a restricted controlled substance in his or her blood may cause injury to another person by the operation of an all-terrain vehicle.

3. ‘Related charges.’ A person may be charged with and a prosecutor may proceed upon a complaint based upon a violation of any combination of subd. 1., 2., or 2m. for acts arising out of the same incident or occurrence. If the person is charged with violating any combination of subd. 1., 2., or 2m. in the complaint, the crimes shall be joined under s. 971.12. If the person is found guilty of any combination of subd. 1., 2., or 2m. for acts arising out of the same incident or occurrence, there shall be a single conviction for purposes of sentencing and for purposes of counting convictions under sub. (13) (b) 2. and 3. Subdivisions 1., 2., and 2m. each require proof of a fact for conviction which the others do not require.

4. ‘Defenses.’ a. In an action under this paragraph, the defendant has a defense if he or she proves by a preponderance of the evidence that the injury would have occurred even if he or she had been exercising due care and he or she had not been under the influence of an intoxicant, did not have an alcohol concentration of 0.08 or more, or did not have a detectable amount of a restricted controlled substance in his or her blood.

b. In an action under subd. 2m. that is based on the defendant allegedly having a detectable amount of methamphetamine, gamma-hydroxybutyric acid, or delta-9-tetrahydrocannabinol in his or her blood, the defendant has a defense if he or she proves by a preponderance of the evidence that at the time of the incident or occurrence he or she had a valid prescription for methamphetamine or one of its metabolic precursors, gamma-hydroxybutyric acid, or delta-9-tetrahydrocannabinol.

(4g) PRELIMINARY BREATH SCREENING TEST. (a) *Requirement.* A person shall provide a sample of his or her breath for a preliminary breath screening test if a law enforcement officer has probable cause to believe that the person is violating or has violated the intoxicated operation of an all-terrain vehicle law and if, prior to an arrest, the law enforcement officer requested the person to provide this sample.

(b) *Use of test results.* A law enforcement officer may use the results of a preliminary breath screening test for the purpose of deciding whether or not to arrest a person for a violation of the intoxicated operation of an all-terrain vehicle law or for the purpose of deciding whether or not to request a chemical test under sub. (4p). Following the preliminary breath screening test, chemical tests may be required of the person under sub. (4p).

(c) *Admissibility.* The result of a preliminary breath screening test is not admissible in any action or proceeding except to show probable cause for an arrest, if the arrest is challenged, or to show that a chemical test was properly required of a person under sub. (4p).

(d) *Refusal.* There is no penalty for a violation of par. (a). Subsection (13) (a) and the general penalty provision under s. 939.61 do not apply to that violation.

(4j) APPLICABILITY OF THE INTOXICATED OPERATION OF AN ALL-TERRAIN VEHICLE LAW. In addition to being applicable upon highways, the intoxicated operation of an all-terrain vehicle law is applicable upon all premises held out to the public for use of their all-terrain vehicles, whether such premises are publicly or privately owned and whether or not a fee is charged for the use thereof.

(4L) IMPLIED CONSENT. Any person who engages in the operation of an all-terrain vehicle upon the public highways of this state, or in those areas enumerated in sub. (4j), is deemed to have given consent to provide one or more samples of his or her breath, blood or urine for the purpose of authorized analysis as required under sub. (4p). Any person who engages in the operation of an all-terrain vehicle within this state is deemed to have given consent to submit to one or more chemical tests of his or her breath, blood or urine for the purpose of authorized analysis as required under sub. (4p).

(4p) CHEMICAL TESTS. (a) *Requirement.* 1. ‘Samples; submission to tests.’ A person shall provide one or more samples of his or her breath, blood or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated operation of an all-terrain vehicle law and if he or she is requested to provide the sample by a law enforcement officer. A person shall submit to one or more chemical tests of his or her breath, blood or urine for the purpose of authorized analysis if he or she is arrested for a violation of the intoxicated operation of an all-terrain vehicle law and if he or she is requested to submit to the test by a law enforcement officer.

2. ‘Information.’ A law enforcement officer requesting a person to provide a sample or to submit to a chemical test under sub. 1. shall inform the person of all of the following at the time of the request and prior to obtaining the sample or administering the test:

a. That he or she is deemed to have consented to tests under sub. (4L).

b. That a refusal to provide a sample or to submit to a chemical test constitutes a violation under par. (e) and is subject to the same penalties and procedures as a violation of sub. (4c) (a) 1.

c. That in addition to the designated chemical test under par. (b) 2., he or she may have an additional chemical test under par. (c) 1.

3. ‘Unconscious person.’ A person who is unconscious or otherwise not capable of withdrawing consent is presumed not to have withdrawn consent under this paragraph, and if a law enforcement officer has probable cause to believe that the person violated the intoxicated operation of an all-terrain vehicle law, one or more chemical tests may be administered to the person without a request under sub. 1. and without providing information under sub. 2.

(b) *Chemical tests.* 1. ‘Test facility.’ Upon the request of a law enforcement officer, a test facility shall administer a chemical test of breath, blood or urine for the purpose of authorized analysis. A test facility shall be prepared to administer 2 of the 3 chemical tests of breath, blood or urine for the purpose of authorized analysis. The department may enter into agreements for the cooperative use of test facilities.

2. ‘Designated chemical test.’ A test facility shall designate one chemical test of breath, blood or urine which it is prepared to administer first for the purpose of authorized analysis.

3. ‘Additional chemical test.’ A test facility shall specify one chemical test of breath, blood or urine, other than the test designated under sub. 2., which it is prepared to administer for the purpose of authorized analysis as an additional chemical test.

4. ‘Validity; procedure.’ A chemical test of blood or urine conducted for the purpose of authorized analysis is valid as provided under s. 343.305 (6). The duties and responsibilities of the laboratory of hygiene, department of health and family services

and department of transportation under s. 343.305 (6) apply to a chemical test of blood or urine conducted for the purpose of authorized analysis under this subsection. Blood may be withdrawn from a person arrested for a violation of the intoxicated operation of an all-terrain vehicle law only by a physician, registered nurse, medical technologist, physician assistant or person acting under the direction of a physician and the person who withdraws the blood, the employer of that person and any hospital where blood is withdrawn have immunity from civil or criminal liability as provided under s. 895.53

5. 'Report.' A test facility which administers a chemical test of breath, blood or urine for the purpose of authorized analysis under this subsection shall prepare a written report which shall include the findings of the chemical test, the identification of the law enforcement officer or the person who requested a chemical test and the identification of the person who provided the sample or submitted to the chemical test. The test facility shall transmit a copy of the report to the law enforcement officer and the person who provided the sample or submitted to the chemical test.

(c) *Additional and optional chemical tests.* 1. 'Additional chemical test.' If a person is arrested for a violation of the intoxicated operation of an all-terrain vehicle law or is the operator of an all-terrain vehicle involved in an accident resulting in great bodily harm to or the death of someone and if the person is requested to provide a sample or to submit to a test under par. (a) 1., the person may request the test facility to administer the additional chemical test specified under par. (b) 3. or, at his or her own expense, reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood or urine for the purpose of authorized analysis.

2. 'Optional test.' If a person is arrested for a violation of the intoxicated operation of an all-terrain vehicle law and if the person is not requested to provide a sample or to submit to a test under par. (a) 1., the person may request the test facility to administer a chemical test of his or her breath or, at his or her own expense, reasonable opportunity to have any qualified person administer a chemical test of his or her breath, blood or urine for the purpose of authorized analysis. If a test facility is unable to perform a chemical test of breath, the person may request the test facility to administer the designated chemical test under par. (b) 2. or the additional chemical test under par. (b) 3.

3. 'Compliance with request.' A test facility shall comply with a request under this paragraph to administer any chemical test it is able to perform.

4. 'Inability to obtain chemical test.' The failure or inability of a person to obtain a chemical test at his or her own expense does not preclude the admission of evidence of the results of a chemical test required and administered under pars. (a) and (b).

(d) *Admissibility; effect of test results; other evidence.* The results of a chemical test required or administered under par. (a), (b) or (c) are admissible in any civil or criminal action or proceeding arising out of the acts committed by a person alleged to have violated the intoxicated operation of an all-terrain vehicle law on the issue of whether the person was under the influence of an intoxicant or the issue of whether the person had alcohol concentrations at or above specified levels or a detectable amount of a restricted controlled substance in his or her blood. Results of these chemical tests shall be given the effect required under s. 885.235. This subsection does not limit the right of a law enforcement officer to obtain evidence by any other lawful means.

(e) *Refusal.* No person may refuse a lawful request to provide one or more samples of his or her breath, blood or urine or to submit to one or more chemical tests under par. (a). A person shall not be deemed to refuse to provide a sample or to submit to a chemical test if it is shown by a preponderance of the evidence that the refusal was due to a physical inability to provide the sample or to submit to the test due to a physical disability or disease unre-

lated to the use of an intoxicant. Issues in any action concerning violation of par. (a) or this paragraph are limited to:

1. Whether the law enforcement officer had probable cause to believe the person was violating or had violated the intoxicated operation of an all-terrain vehicle law.

2. Whether the person was lawfully placed under arrest for violating the intoxicated operation of an all-terrain vehicle law.

3. Whether the law enforcement officer requested the person to provide a sample or to submit to a chemical test and provided the information required under par. (a) 2. or whether the request and information was unnecessary under par. (a) 3.

4. Whether the person refused to provide a sample or to submit to a chemical test.

(4t) REPORT ARREST TO DEPARTMENT. If a law enforcement officer arrests a person for a violation of the intoxicated operation of an all-terrain vehicle law or the refusal law, the law enforcement officer shall notify the department of the arrest as soon as practicable.

(4c) (a) 1. or 2. or a local ordinance in conformity therewith or sub. (4c) (b) 1. or 2. may not be released until 12 hours have elapsed from the time of his or her arrest or unless a chemical test administered under sub. (4p) (a) 1. shows that the person has an alcohol concentration of 0.05 or less, but the person may be released to his or her attorney, spouse, relative or other responsible adult at any time after arrest.

(4z) PUBLIC EDUCATION PROGRAM. (a) The department shall promulgate rules to provide for a public education program to:

1. Inform all-terrain vehicle operators of the prohibitions and penalties included in the intoxicated operation of an all-terrain vehicle law.

2. Provide for the development of signs briefly explaining the intoxicated operation of an all-terrain vehicle law.

(b) The department shall develop and issue an educational pamphlet on the intoxicated operation of an all-terrain vehicle law to be distributed, beginning in 1989, to persons issued all-terrain vehicle registration certificates under subs. (2) and (2g).

(5) AGE RESTRICTIONS; SAFETY CERTIFICATION PROGRAM. (a) *Age restriction.* No person under 12 years of age may operate an all-terrain vehicle unless he or she is operating the all-terrain vehicle for an agricultural purpose and he or she is under the supervision of a person over 18 years of age or unless he or she is operating a small all-terrain vehicle on an all-terrain vehicle trail designated by the department and he or she is accompanied by his or her parent. No person who is under 12 years of age may operate an all-terrain vehicle which is an implement of husbandry on a roadway under any circumstances. No person who is under 12 years of age may operate an all-terrain vehicle on a roadway under the authorization provided under sub. (4) (d) 6. under any circumstances. No person who is under 12 years of age may rent or lease an all-terrain vehicle. For purposes of this paragraph, supervision does not require that the person under 12 years of age be subject to continuous direction or control by the person over 18 years of age.

2. Any person who is required to hold an all-terrain vehicle safety certificate while operating an all-terrain vehicle shall carry the certificate on the all-terrain vehicle and shall display the certificate to a law enforcement officer on request. Persons enrolled in a safety certification program approved by the department may operate an all-terrain vehicle in an area designated by the instructor.

(c) *Exceptions.* Paragraphs (a) and (b) do not apply to a person who operates an all-terrain vehicle exclusively on land under the management and control of the person's immediate family. Paragraphs (a) and (b) do not apply to a person at least 12 years of age but under 16 years of age who holds a valid certificate issued by another state or a province of Canada.

(d) *Safety certification program established.* The department shall establish or supervise the establishment of a program of instruction on all-terrain vehicle laws, including the intoxicated operation of an all-terrain vehicle law, regulations, safety and related subjects. The department shall establish by rule an instruction fee for this program. An instructor conducting the program of instruction under this paragraph shall collect the fee from each person who receives instruction. The department may determine the portion of this fee, which may not exceed 50%, that the instructor may retain to defray expenses incurred by the instructor in conducting the program. The instructor shall remit the remainder of the fee or, if nothing is retained, the entire fee to the department.

2. No person may possess any uniform all-terrain vehicle route or trail sign or standard of the type established by the department for the warning, instruction or information of the public,

unless he or she obtained the uniform all–terrain vehicle route or trail sign or standard in a lawful manner. Possession of a uniform all–terrain vehicle route or trail sign or standard creates a rebuttable presumption of illegal possession.

(9) ADMINISTRATION; ENFORCEMENT; AIDS. (a) *Enforcement.* The department may utilize moneys received under sub. (2) for all–terrain vehicle registration aids administration and for the purposes specified under s. 20.370 (3) (as) and (5) (er) including costs associated with enforcement, safety education, accident reports and analysis, law enforcement aids to counties, and other similar costs in administering and enforcing this section.

23.75 Proceedings in court. (1) If the defendant appears in court at the time directed in the citation or summons, the case shall be tried as provided by law.

(2) If the defendant fails to appear in court at the time fixed in the complaint and summons, judgment may be rendered against the defendant according to the demand of the complaint, or the court may issue a warrant for the defendant's arrest.

(3) If the defendant fails to appear in court at the time fixed in the citation or by subsequent postponement, the following procedure shall apply:

(a) 1. If the defendant has not made a deposit, the court may consider the nonappearance to be a plea of no contest and enter judgment accordingly or the court may issue a summons or an arrest warrant.

2. If the court considers the nonappearance to be a plea of no contest and enters judgment accordingly, the court shall promptly mail a copy or notice of the judgment to the defendant. The judgment shall allow the defendant not less than 20 working days from the date the judgment copy or notice is mailed to pay the forfeiture, plus costs, fees, and surcharges imposed under ch. 814.

(b) If the defendant has made a deposit, the citation may serve as the initial pleading and the defendant shall be deemed to have tendered a plea of no contest and submitted to a forfeiture, plus costs, fees, and surcharges imposed under ch. 814, not exceeding the amount of the deposit. The court may either accept the plea of no contest and enter judgment accordingly, or reject the plea and issue a summons. If the defendant fails to appear in response to the summons, the court shall issue an arrest warrant. If the court accepts the plea of no contest, the defendant may move within 90 days after the date set for appearance to withdraw the plea of no contest, open the judgment, and enter a plea of not guilty if the defendant shows to the satisfaction of the court that failure to appear was due to mistake, inadvertence, surprise, or excusable neglect. If a party is relieved from the plea of no contest, the court or judge may order a written complaint to be filed and set the matter for trial. After trial, the costs, fees, and surcharges imposed under ch. 814 shall be taxed as provided by law. If on reopening the defendant is found not guilty, the court shall delete the record of conviction and shall order the defendant's deposit returned.

(c) If the defendant has made a deposit and stipulation of no contest, the citation may serve as the initial pleading and the defendant shall be deemed to have tendered a plea of no contest and submitted to a forfeiture, plus costs, fees, and surcharges imposed under ch. 814, not exceeding the amount of the deposit. The court may either accept the plea of no contest and enter judgment accordingly, or reject the plea and issue a summons. If the defendant fails to appear in response to the summons, the court shall issue an arrest warrant. After signing a stipulation of no contest, the defendant may, at any time prior to or at the time of the court appearance date, move the court for relief from the effect of the stipulation. The court may act on the motion, with or without notice, for cause shown by affidavit and upon just terms, and relieve the defendant from the stipulation and the effects thereof. If the defendant is relieved from the stipulation of no contest, the court may order a citation or complaint to be filed and set the matter for trial. After trial, the costs, fees, and surcharges imposed under ch. 814 shall be taxed as provided by law.

(4) If a citation or summons is issued to a defendant and he or she is unable to appear in court on the day specified, the defendant may enter a plea of not guilty by mailing to the judge at the address indicated on the citation or summons a letter stating such plea. The letter must show the defendant's return address. Such letter may include a request for trial during normal daytime business hours. Upon receipt of the letter, the judge shall reply by letter to the defendant's address setting forth a time and place for trial, such time to be during normal business hours if so requested. The date of the trial shall be at least 10 days from the mailing by the judge. Nothing in this subsection forbids the setting of the trial at any time convenient to all parties concerned.

(5) Costs shall not be taxed against the plaintiff.

If the defendant failed to pay the forfeiture, the court shall determine if the defendant is unable to pay the amount specified in the judgment for good cause or because of the defendant's indigence. If the court determines that the failure of the defendant to comply with the judgment is for good cause or because of the defendant's indigence, the court may order that the amount of the judgment be modified, suspended or permanently stayed. If the defendant fails to appear before the court for a hearing under this subsection or if the court determines at the hearing that the failure of a defendant

to pay the judgment is not for good cause or not because of the defendant's indigence, the court shall order one of the following:

(a) That the defendant be imprisoned for a time not to exceed 5 days or until the amount is paid, whichever is less.

(b) That the amount of the judgment be modified, suspended or permanently stayed.
